

D7080 Club/Leadership – Goals and Objectives Work Sheet

Next year we will use the **STAR** concept “**S**uccessful **T**eamwork **A**chieves **R**esults” to focus us on leadership goals and objectives. Please consider the needs or areas of focus for your area of responsibility and then determine from 3 to 5 goals to receive your priority attention in the coming year. This will be largely influenced by feedback from clubs and Presidents.

Next, prioritize these goals and note them in the circles provided with 1 at the top point, 2 and 3 at the left and right points, and lesser priority 4 and 5 items at the bottom points.

In addition to helping you focus on goals, objectives and a strategy for implementation, this information will also be used as input to develop the district goals and create a focus for action plans by district leadership, committees and clubs.

Name/Committee_____
