

## **Suggestions to Help On-Board a New District Governor Nominee Designate in 7090**

As 2022 rolls near, the District Governor Chain (Frank Adamson, Anne Bermingham, Lisa Bishop and Scott Marcin) plus our District Secretary Pene Hutton developed a list of what a new District Governor Nominee Designate might consider reviewing to get ready for the role. Here is our list - shared with David Alexander. We hope others will add to the list or edit it in the years to come:

- Attend regularly the DG Chain meetings (about 2 a month). These meetings take place over a one-hour time frame and online. We cover what is happening with the many committees and various clubs.
- Go to Rotary Learning Centre and in particular take the courses created for future District Governors - there are both basic, intermediate and advanced sessions.
- Review the Governor Manual and other checklists published by Rotary International
- Find out the dates for Governor Elect Training (GETS) and other Zone Training planned - put those dates in your calendar.
- Read past 7090 Council minutes and materials - all found on our District website and regularly attend District Council meetings going forward
- Review the 7090 Strategic Plan and get engaged in the creation of goals for the coming years - including your year as Governor. We are aiming to have the District's goals as closely aligned as possible with the Governors goals.
- Read the Manual of Policies as well as the District 7090 By-Laws
