2016 Council on Legislation

Re: Legislation to be considered by the 2016 Council on Legislation

Dear Rotarians:

The 2016 Council on Legislation is drawing near. In anticipation of this event, this book containing all legislation to be proposed at the Council has been prepared for your review.

The Constitution of Rotary International provides that the Council on Legislation meet every three years at a site determined by the RI Board of Directors. In 2016, the Council on Legislation is scheduled to meet from 10-15 April in Chicago, Illinois, USA.

The legislation in this book was proposed to the 2016 Council by clubs, districts, the general council or conference of RIBI, and the RI Board. Each item was received by Rotary before the 31 December 2014 deadline. The RI Board, working on the advice of the Constitution & Bylaws Committee, has found this legislation to be regular. All items that the RI Board deemed defective will be listed in a separate electronic document. These items will not be published nor transmitted to the Council. For more information on why legislation may be considered defective, please refer to Article 7 of the RI Bylaws.

All items of legislation are divided into two types: enactments and resolutions. A proposed enactment seeks to amend the RI constitutional documents. Constitutional documents include the RI Constitution, the RI Bylaws and the Standard Rotary Club Constitution. All enactments reference the 2013 *Manual of Procedure* page numbers of the constitutional document(s) they propose to amend. A proposed resolution is any item that does not seek to amend these documents but other RI policies and procedures.

At the top of each piece of legislation is a Council number (for example, 16-01). Items of legislation proposing changes on the same topic may have similar or identical titles. In order to avoid confusion, please refer to the Council number rather than the title when discussing an item of legislation.

Also at the top of the legislation is the name of the proposer(s). Some items have more than one. This occurs when multiple proposers submit identical items of legislation that are then combined. It also occurs when proposers of similar items agree to join a piece of compromise legislation recommended by the Constitution & Bylaws Committee. This recommendation is pursuant to the RI Bylaws and does not express the Committee's opinion regarding the merits of the proposal. Compromise proposals are labeled with Compromise Legislation above the Council number.

The proposers' statements of Purpose and Effect and the Financial Impact statements from the general secretary are printed below each item of legislation. The statements of Purpose and Effect are drafted by the proposers of the legislation and have not been edited for accuracy. The Financial Impact statements are drafted by the general secretary and reflect any estimated increase or decrease in revenues and/or expenses that will be incurred by implementing the proposed enactment or resolution.

As required by RI's constitutional documents, the legislation is sent to the governor of each district, past directors, and all members of the Council by 30 September 2015. Those governors, members of the Council, and past directors who usually receive Rotary documents in Chinese, French, Japanese, Korean, Portuguese or Spanish will receive legislation in the appropriate language at a later date. The legislation will also appear on Rotary's website, www.rotary.org, in all of these languages.

Council members receive all proposed legislation in the form of a binder and as a PDF. **Council members must bring the binder with them to the Council.** Governors and past directors receive the legislation in the form of a PDF. Those who require a printed copy may request one from Council Services.

Should you have questions about the Council over the coming months, you may contact Sarah Christensen in the Council Services section of Rotary (councilservices@rotary.org or 1-847-424-5267).

Sincerely,

A handwritten signature in black ink, appearing to read "John H. Hewko", with a long horizontal line extending to the right from the end of the signature.

General Secretary

PURPOSE AND EFFECT

12 Over the years, Rotary clubs have raised significant funds from members, the
13 community and companies, for various service projects in the community. Under
14 the circumstances, transparent, timely and prudent financial management of the
15 club funds with discipline and best accounting practices is of the utmost necessity
16 in creating credibility, trust and confidence among the donors for their continued
17 support and also to create an excellent public image for Rotary clubs. Making the
18 treasurer a permanent member of the club board will enable the president to
19 regularly oversee/monitor all funds with due accountability and responsibility.
20 Hence, the suggestion to amend the Standard Rotary Club Constitution through
21 this enactment.

9 The club officers shall also include a treasurer and may include a sergeant-at-
10 arms, all of whom may be members of the board as the bylaws shall provide.
11 Club officers shall regularly attend satellite club meetings.

(End of Text)

PURPOSE AND EFFECT

12 Recognizing the importance of club secretaries, Article 10, Section 4 of the
13 Standard Rotary Club Constitution designates them as club officers. However,
14 while club presidents are given sufficient advance training opportunities as
15 presidents-elect, club secretaries are expected to work with the club presidents to
16 facilitate the administration of their clubs as soon as they take office, and club
17 secretaries perform a wide range of tasks in and outside their clubs.

18

19 We therefore propose creating the office of club secretary-elect to be included
20 among club officers and board members. By providing club secretaries with the
21 same advance preparation period and official training opportunities as
22 presidents-elect, club administration can be expected to run more smoothly from
23 the start of each year, and club activities can be expected to become more active.

PROPOSED ENACTMENT 16-04

To revise the provisions for club officers

Proposer(s): Rotary Club of Paris Nord, District 1770, France

Endorsed by: District 1770 through a ballot-by-mail, 17 November 2014

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*
2 *(page 204 MOP)*

3

4 **Article 10 Directors and Officers**

5

6 **Section 4 — Officers.** The club officers shall be a president, the immediate past
7 president, a president-elect, a president-nominee, upon his or her election, and
8 a secretary, and may include one or more vice-presidents, all of whom shall be
9 members of the board. The club officers shall also include a treasurer and may
10 include a sergeant-at-arms, all of whom may be members of the board as the
11 bylaws shall provide. ~~Club officers shall regularly attend satellite club meetings.~~
12 At least one club officer shall be in attendance at every satellite club meeting.

(End of Text)

PURPOSE AND EFFECT

13 As part of the RI Strategic Plan and the Club Leadership Plan, as well as the
14 related follow-up activities and changes to be implemented, it would be beneficial
15 to include the president-nominee, upon his or her election, in the committee
16 meetings and discussions so that he or she may be aware of the direction taken by
17 the club and may share his or her ideas regarding decisions that will have to be
18 implemented during his or her term.

19

20 In addition, a satellite club should be supported by the main club until it can
21 become a regular Rotary club. The requirement for officers of the main club to
22 attend satellite club meetings should be stricter.

23

24 To sum up, this proposed enactment will ensure that satellite clubs receive the
25 proper support through the participation of at least one officer of the main club in
26 every meeting of the satellite club.

PURPOSE AND EFFECT

13 The old administrative structure has Avenues of Service directors and around 15
14 committees. Assuming three members in each committee, the number of
15 Rotarians required to fill up all positions would be 45 plus around nine on the
16 board. Around 55 Rotarians would be required to run the club board and
17 committees. But the number of clubs having fewer than 60 members in the
18 Rotary world, as of 30 June 2014, is around 90 percent. So, most clubs do not
19 have enough members to have the old administrative structure. Five committees
20 can be formed easily. Also, over the last few years at the presidents-elect training
21 seminar, five committee manuals are given as per the club leadership plan. Some
22 clubs have committees as per the club leadership plan, but continue with Avenues
23 of Service directors (which should all come under the service projects
24 committee). This leads to confusion. Many clubs retain the old administrative
25 structure without having the required number of members to form the
26 committees. Clubs are therefore not effective.

27

28 Around 90 percent of Rotary clubs have fewer than 60 Rotarians, and the
29 majority of them even fewer than forty members. The answer is that clubs have
30 the following committees:

31

• Club Administration

32

• Membership

33

- 1 • Public Relations
- 2 • Rotary Foundation
- 3 • Service Projects

4
5 If a club has more than 60 members, additional committees may be appointed as
6 needed. Also, a district leadership plan is in place, but not a club leadership plan.
7 Therefore, there is no proper meshing of the district leadership plan and the club
8 leadership plan. By adopting a club leadership plan, clubs will mesh better with
9 the district leadership plan and become more effective.

FINANCIAL IMPACT

10 This enactment would have no substantial financial impact on RI.

PROPOSED ENACTMENT 16-06

To define the purpose of Rotary clubs

Proposer(s): District 3662, Korea

Endorsed by: District 3662 through a ballot-by-mail, 23 December 2014

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*
2 *(page 198 MOP)*

3

4 **Article 6 Purpose**

5 The purpose of this club is to pursue the Object of Rotary, carry out successful
6 service projects based on the Five Avenues of Service, contribute to the
7 advancement of Rotary by strengthening membership, support The Rotary
8 Foundation, and develop leaders beyond the club level.

(Subsequent articles will be renumbered as appropriate)

(End of Text)

PURPOSE AND EFFECT

9 Although it is customary for most organizations to include a provision on purpose
10 in their constitutional documents, the current Standard Rotary Club Constitution
11 lacks such a provision. The absence of purpose implies uncertainty of direction.
12 However, clubs are consistently asked, by district governors during their official
13 yearly visits, at district training assemblies, etc., to work at becoming effective
14 Rotary clubs. They are also required to submit plans for becoming an effective
15 club to their district and implement these plans. As such, becoming an effective
16 club has long been established as the common purpose for all clubs. Therefore,
17 the four elements of an effective club - membership development, support for
18 The Rotary Foundation, implementation of service projects, and cultivation of
19 leaders - should not only be encouraged by RI policy but elevated to the level of
20 written statute, to achieve the following effects:

21

22 1) Redress a deficiency in the Standard Rotary Club Constitution;

23

24 2) Present a clear direction for club activity and orientation in the constitutional
25 documents;

26

27 3) Eliminate dispute and/or misunderstanding regarding the reason for
28 strengthening membership or supporting The Rotary Foundation among club
29 members; and

- 1 4) Establish mutual relevance between RI policy and the Standard Rotary Club
- 2 Constitution by specifying that striving to become an effective Rotary club is a
- 3 means of realizing the club's purpose as set forth in this article.

(End of Text)

PURPOSE AND EFFECT

29 The admission fee concept does not project a modern image of Rotary. Our
30 image should be built on a dynamic membership and our ability to carry out
31 large-scale projects at the local, regional, and international levels.

32
33 We should therefore expand our pool of potential Rotarians instead of driving
34 away individuals who share our ideals but cannot afford the cost of joining
35 Rotary, including paying an admission fee.

36
37 As a result, we propose to delete all references to admission fees.

To revise the provisions for club admission fees

Proposer(s): Rotary Club of Yamato Naka, District 2780, Japan

1 *To amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*

4 **Article 11 Admission Fees and Dues**

5 Every member shall pay an admission fee and annual dues as prescribed in the

8 former member of this club who rejoins this club, shall not be required to pay a
9 second admission fee. The board may waive a new member's obligation to pay an
10 admission fee at its discretion. A Rotaractor who ceased to be a member of
11 Rotaract within the preceding two years, who is accepted into membership of this
12 club, shall not be required to pay an admission fee.

(End of Text)

PURPOSE AND EFFECT

13 It is common for members in the classification for banking and other similar
14 fields to be transferred every two to three years as required by their jobs. When a
15 branch manager who is a club member is transferred out, and a new branch
16 manager wishes to join a club, we would like to be able to exempt the new
17 member from admission fees as well as dues for the period for which his/her
18 predecessor has paid.

19
20 Members with a great deal of knowledge and wisdom from their jobs have
21 positive influence on many clubs. We believe that these members, in such cases,
22 should be considered continuing members, and it is desirable for their clubs to be
23 able to exempt them, upon board approval, from paying admission fees as well as
24 the dues for the period for which their predecessors have paid.

3

4 **Article 5 Five Avenues of Service**

5 Rotary's Five Avenues of Service are the philosophical and practical framework
6 for the work of this Rotary club.

- 7 1. Club Service, the first Avenue of Service, involves action a member should
8 take within this club to help it function successfully.
- 9 2. Vocational Service, the second Avenue of Service, has the purpose of
10 promoting high ethical standards in businesses and professions,
11 recognizing the worthiness of all dignified occupations, and fostering the
12 ideal of service in the pursuit of all vocations. The role of members includes
13 conducting themselves and their businesses in accordance with Rotary's
14 principles and lending one's vocational skills to club-developed projects in
15 order to address the issues and needs of society.
- 16 3. Community Service, the third Avenue of Service, comprises varied efforts
17 that members make, sometimes in conjunction with others, to improve the
18 quality of life of those who live within this club's locality or municipality.
- 19 4. International Service, the fourth Avenue of Service, comprises those
20 activities that members do to advance international understanding,
21 goodwill, and peace by fostering acquaintance with people of other
22 countries, their cultures, customs, accomplishments, aspirations, and
23 problems, through reading and correspondence and through cooperation in
24 all club activities and projects designed to help people in other lands.
- 25 5. Youth Service, the fifth Avenue of Service, recognizes the positive change
26 implemented by youth and young adults through leadership development
27 activities, involvement in community and international service projects,
28 and exchange programs that enrich and foster world peace and cultural
29 understanding.

(End of Text)

PURPOSE AND EFFECT

30 The purpose of this enactment is to amend the definition of Vocational Service
31 that is provided in Article 5, paragraph 2 of the Standard Rotary Club

1 Constitution. Rotary's Five Avenues of Service are the "philosophical and
2 practical framework for the work of" Rotary clubs. Whereas all but the second
3 avenue of service specifically define the actions that the members should take
4 within their clubs, the second avenue, Vocational Service, does not. This
5 enactment seeks to achieve consistency across all the Avenues of Service
6 definitions by adding in paragraph two the actions that the members should
7 undertake and make it clear that the Avenues of Service are the practical
8 framework for the work of Rotary clubs.

PURPOSE AND EFFECT

30 "As the soil, however rich it may be, cannot be productive without cultivation, so
31 the mind without culture can never produce good fruits." (Seneca) The

1 integration which is being proposed is to be considered necessary in order to
2 better specify that the expression “quality of life” is to be referred not only to
3 wealth in the material sense but also to that represented by sharing the cultural
4 heritage of humanity. In fact, the transmission of knowledge is an extraordinary
5 means to enable people to communicate and to come together. In particular, to
6 improve the cultural level means to preserve, to hand down, and to communicate
7 to other people an inheritance which belongs to the entire humanity.
8 Furthermore, considering that a great part of the cultural heritage is of
9 immediate perception (visual arts, music, singing), its transmission is an
10 extraordinary mode to overcome the barriers that are still separating us. “I
11 believe all suffering is caused by ignorance. Where ignorance is our master, there
12 is no possibility of real peace.” (Dalai Lama)

28 understanding.~~

(End of Text)

PURPOSE AND EFFECT

29 Adding Youth Service to the Avenues of Service compromised the basic
30 philosophy and classification criteria underlying the remaining four Avenues,
31 resulting in the following contradictions:

- 1 1) The various subfields of an overarching field should be mutually exclusive.
2 However, the concept of Youth Service persistently overlaps with those of the
3 other four Avenues.
4
5 2) Because Club Service, Community Service, and International Service are
6 categorized by space (region), while Youth Service is categorized by the
7 recipient of service (type of persons), there is a marked inconsistency in the
8 method of classification among the five Avenues.
9
10 3) In the previous articulation of the principles of Rotary (1920s and thereafter),
11 there was a one-to-one correspondence between the four Objects of Rotary
12 and the four Avenues of Service. The addition of Youth Service has impaired
13 this correspondence, thus introducing a conflict into the principles of Rotary.
14
15 4) If Youth Service is preserved as an Avenue of Service, Rotary will have little
16 theoretical grounds for countering potential arguments for adding senior
17 service, maternal and child service, polio service, and other categories of
18 service deemed similarly important.

19
20 Therefore, Youth Service should be removed to restore the Four Avenues of
21 Service. This will make it possible to:

- 22
23 1) Correct a fallacy in the classification of service areas, thereby securing the
24 validity of the principles of Rotary;
25
26 2) Eliminate the confusion and contradiction that result when a Youth Service
27 project also qualifies under other Avenues of Service; and
28
29 3) Prevent indiscriminate attempts to expand the Avenues of Service.
30

31 However, in light of the current importance of Youth Service, we propose to add
32 it as a separate area of focus (resulting in seven areas of focus), to strengthen and
33 vitalize activities in this area. (A separate proposal for a resolution has been
34 submitted.)

PURPOSE AND EFFECT

- 1 This enactment would amend the Standard Rotary Club Constitution to change
2 the name of the fifth Avenue of Service from “Youth” to “New Generations.”
3
4 Rotary’s youth programs have become known outside Rotary’s confines and are
5 well estimated worldwide. They do not need to be stressed, but kept going.
6
7 Mostly in Europe, but also in other continents, the mean age of Rotarians is
8 increasing due above all to indifference and opposition to electing young
9 members. Rotary needs younger and newer members who have the knowledge
10 and possibly experience of what being a Rotarian means, even if their profession
11 is not yet at a high level.
12
13 Professionals exiting the Rotaract experience and those at 30-35 years of age are
14 no longer considered young, but they belong to the so-called new generation

PURPOSE AND EFFECT

3 The Avenues of Service correlate to the Object of Rotary. The fifth Avenue of
4 Service, New Generations Service, was established at the 2010 Council on
5 Legislation and amended to Youth Service at the 2013 Council on Legislation. A
6 corresponding amendment to the Object was not established. This enactment
7 would amend the RI Constitution and the Standard Rotary Club Constitution to
8 add a fifth part of the Object of Rotary to correspond to the fifth Avenue of
9 Service.

10
11 Rotarians' work with youth and young leaders through Interact, Rotaract, Rotary
12 Youth Exchange, Rotary Youth Leadership Awards and club and district
13 programs. Working with youth and young leaders is a fundamental activity and
14 objective of Rotary that should be emphasized.

PURPOSE AND EFFECT

5 This proposed enactment is to reflect the work that Rotarians do with young
6 people. It is important to be consistent about the correlation between the Object
7 of Rotary and the Avenues of Service. When there were four avenues the Object
8 had four parts; now there are five avenues, so there should be five. This way
9 Rotary's current philosophy will be better reflected.

PURPOSE AND EFFECT

3 Whereas, the 2010 Council on Legislation decided to add a fifth Avenue of
4 Service, New Generations Service, pursuant to Adopted Enactment 10-87, which
5 modified Article 5 of the Standard Rotary Club Constitution; and
6

7 Whereas, the 2013 Council on Legislation decided to amend the fifth Avenue of
8 Service, changing its name to Youth Service, pursuant to Adopted Enactment 13-
9 69, which again modified Article 5 of the Standard Rotary Club Constitution; and
10

11 Whereas, RI has established a fifth Avenue of Service, Youth Service, and
12 emphasizes the importance of youth for RI and all Rotarians; and
13

14 Whereas, considering the previous statements, it is necessary to fully include
15 Rotary’s purpose in regard to this Avenue of Service in the Object of Rotary, so
16 Rotarians will be aware of it
17

18 This proposal seeks to correct the omission of the fifth Avenue of Service in the
19 RI Constitution and the Standard Rotary Club Constitution.
20

21 RI should modify Article 4 of the RI Constitution and Article 4 of the Standard
22 Rotary Club Constitution by adding a fifth part to the Object of Rotary to include

(End of Text)

PURPOSE AND EFFECT

17 The Object of Rotary is one of the foundational documents of Rotary
18 International. All Rotarians should understand and be conversant in the Object
19 of Rotary as it bears directly upon the Rotary motto, Service Above Self; The
20 Four-Way Test of the things we think, say, and do; and the five core values of
21 Rotary: Fellowship, Leadership, Integrity, Diversity and Service.
22

23 The restatement of the Object of Rotary creates congruency with recent actions of
24 the Council on Legislation relating to the qualifications for membership as is
25 evidenced in Article 5, Section 2 (a) of the RI Constitution.
26

27 Composed in an earlier time, the language and word structure of the current
28 version of the Object of Rotary is difficult to master. The restated Object of
29 Rotary, in its simplicity, will lend itself to a broader understanding of what is
30 essential in our purpose as Rotarians.

3 vocational practice worldwide whereby community workers are often volunteer
4 professionals providing worthwhile vocational service.
5
6 It recognizes a significant and increasing proportion of Rotarians and prospective
7 Rotarians are not in the formal work force, and it provides a more relevant
8 linkage to the third Object of Rotary.

PURPOSE AND EFFECT

1 Some of the difficult areas contained in the current Object of Rotary are:
2

- 3 • The restriction to “business and professional persons” and the use of
4 difficult wording gives a strong impression of aloofness and lack of
5 humility, both of which are contrary to the good work that Rotarians do
6
- 7 • Limiting the scope of Rotary by using the words “business and
8 professional persons” is restricting the possibility to recruit people worthy
9 of becoming Rotarians, but who do not see themselves as business or
10 professional
11
- 12 • The use of terms and words that, while they may be technically correct, are
13 very old-fashioned phrases, not easily understood, and detract from an
14 overall understanding of what Rotary is about. Examples are “ideal of
15 service,” “basis of worthy enterprise,” “dignifying of each Rotarian’s
16 occupation as an opportunity to serve society,” “world fellowship,” and
17 “advancement of international understanding.” Simpler wording would
18 make the Object of Rotary easier to understand (by Rotarians and non-
19 Rotarians) without losing the essence of what Rotary is all about.
20

21 The whole passage is long and does not inspire or leave a clear understanding of
22 what the object is of Rotary. We owe it to Rotary to make sure the world at large
23 understands better what we are about and trying to achieve.

29 *Fourth.* The advancement of international understanding, goodwill, and
30 peace through a world fellowship of business and professional
31 persons as well as community leaders united in the ideal of service.

(End of Text)

PURPOSE AND EFFECT

- 1 Being a “community leader” is one of Rotary’s membership requirements. In
2 order to be consistent with the mission of RI, the words “community leaders”
3 should be added to the description of Rotarians in the fourth paragraph of Article
4 4 of the RI Constitution and the Standard Rotary Club Constitution. By adding
5 these words in the constitutions, membership within this classification will likely
6 increase.

- 21 (c) *Cancellation.* The board may cancel a regular meeting if it falls on a legal

28 consecutive meetings.
- 29 (d) *Satellite Club Meeting (When Applicable).* If provided in the bylaws, a

29 shall be held not later than 31 December as provided in the bylaws.

(Subsequent articles will be renumbered as appropriate)

(End of Text)

PURPOSE AND EFFECT

- 30 This proposed enactment would allow exceptions to the new Article 7 (current
31 Article 6), Article 10 (current Article 9) and Article 13 (current Article 12) of the
32 Standard Rotary Club Constitution to provide Rotary clubs flexibility in their club
33 bylaws to determine the provisions for meeting frequency and attendance.
34 Clubs will have the option to:
35 • Determine when and how often the club meets
36 • Set applicable attendance requirements
37 • Modify or eliminate termination policies for non-attendance

1 These modifications could be more or less stringent than RI policies. If a club
2 chooses to disregard this additional flexibility, the existing constitutional
3 requirements will remain in effect for that club.

4
5 Each year, 8-9 percent of member terminations are reported as being due to an
6 inability to meet attendance requirements. Rotary clubs should be able to
7 structure meetings, control costs, and modify attendance requirements in ways
8 that enable them to be more attractive to qualified prospective members and
9 better engage and retain current members.

10
11 Clubs are in the best position to understand and determine financial and time
12 commitments for current and prospective members in their communities while
13 retaining the quality and value of Rotary membership. For example, a club might
14 meet more or less than weekly if such regular meeting frequency meets their
15 members' needs.

16
17 Without this flexibility, Rotary may continue to experience a declining and aging
18 membership base in the coming years, potentially reaching a point of such
19 dramatic demographic change that membership decline may become irreversible.

FINANCIAL IMPACT

20 This enactment could potentially result in an increase in revenues for RI if there
21 is an increase in membership or membership retention due to greater flexibility
22 for current and future members.

PURPOSE AND EFFECT

5 This enactment seeks to provide clubs flexibility in structuring their weekly
6 meetings by eliminating the requirement that meetings be held at the same time
7 on the same day. This would permit clubs to work around the schedules of their
8 members. A club service project or club-sponsored event would be permitted to
9 take the place of a club meeting, and a meeting could be occasionally cancelled
10 when deemed appropriate by the club board. These changes aim to encourage
11 member participation and engagement and to make membership in Rotary clubs
12 more accessible. Finally, eliminating the requirement that a member attend at
13 least 60 percent of any regular meeting would foster greater club autonomy and
14 better meet member needs.

FINANCIAL IMPACT

15 This enactment could potentially result in an increase in revenues for RI if there
16 is an increase in membership or membership retention due to greater flexibility
17 for current and future members.

PURPOSE AND EFFECT

40 This enactment would amend the Standard Rotary Club Constitution to amend
41 the provision requiring clubs to meet once each week, providing clubs with the

1 flexibility to choose a regular meeting schedule – either continuing to meet
2 weekly or more often or less often than once a week as long as the club meetings
3 reoccur at regular intervals.

4
5 In line with the RI Constitution and the RI Bylaws, a club could alter the
6 frequency of its regular meetings from weekly to any regular meeting frequency
7 adopted through a resolution of not less than two-thirds of its members present
8 at a specially convened meeting.

9
10 The proposers stress that to change from meeting every week is an option which
11 clubs can consider if it is appropriate for them. For clubs not wanting to change
12 from weekly meetings, this proposal would not alter their weekly schedule and
13 does not affect them.

14
15 Rotary clubs participating in the New Model Clubs, Meeting Frequency, Satellite
16 Clubs, and Innovative and Flexible Clubs pilot projects have shown positive
17 effects on club morale, retention of members, friendships among members, ease
18 of promoting the club and attracting new members, and attendance. For
19 example, the Meeting Frequency pilot clubs' existing member retention rate is
20 greater than two percent above the worldwide average. Also, the Satellite pilot
21 clubs which added more meeting options to their weekly meeting schedule show
22 great potential by demonstrating in two years greater than nine percent
23 improvement above the worldwide average for female members and improving
24 the participation of professionals under 50 years of age by greater than four
25 percent.

FINANCIAL IMPACT

26 This enactment could potentially result in an increase in revenues for RI if there
27 is an increase in membership or membership retention due to greater flexibility
28 for current and future members.

PURPOSE AND EFFECT

24 In 2001, the RI Board sanctioned a bold project with the intention of offering a
25 modernized, streamlined model for a Rotary club for the 21st century - a model
26 that would appeal to younger professionals who live and work in a more fast-
27 paced modern environment.

28
29 The Rotary Club of Pendle View is composed primarily of ex-Rotaractors who felt
30 that the Standard Rotary Club Constitution in 2001 was not conducive to them
31 joining Rotary at that time due to the weekly meeting schedule. However, the
32 New Models for Rotary Clubs pilot project afforded them the opportunity to have
33 a more flexible club meeting frequency. In this modern world, time is one of the
34 most valuable commodities of the working man or woman. Flexible working
35 hours are the order of the day and a lot of prospective young Rotarians simply
36 cannot afford the time to attend weekly meetings.

37
38 This proposed enactment extends the freedom that all New Model clubs have had
39 for the past six years to every club and offers them all the facility to become truly
40 relevant in today's society by allowing them the option to meet twice a month.
41 However, those clubs which choose to maintain the status quo are at liberty to do

1 so. This enactment is in no way proscriptive, it merely allows clubs that wish to
2 meet twice monthly the option to do so.

3

4 The New Model club project has shown that enabling clubs to change their
5 meeting frequency makes Rotary more attractive to younger members who have
6 work and family commitments and cannot manage weekly meetings.

7

8 Rotary started as a busy networking group and every member was in full
9 employment. Let us now have a template which mirrors the ideals of Paul Harris
10 but designed for the future.

FINANCIAL IMPACT

11 This enactment could potentially result in an increase in revenues for RI if there
12 is an increase in membership or membership retention due to greater flexibility
13 for current and future members.

PURPOSE AND EFFECT

1 The Rotary Club of Totnes was fortunate to be part of the Meeting Frequency
 2 Pilot Project run from 2007 - 2013. In 2007, we were a struggling and aging club
 3 with numbers having fallen to 26. Under the new pilot scheme, we changed our
 4 meeting frequency to fortnightly, gradually increasing our membership to more
 5 than 50 and dropping our average age. This is in line with RI's findings
 6 published in the report on the pilot presented to the 2013 Council on Legislation.
 7 It stated, "Many pilot clubs had a very positive experience with reduced meeting
 8 frequency."
 9

10 We believe that every club is different, and is able to discern what frequency of
 11 meeting will suit its members best. This will vary with the meeting times of clubs
 12 and the country in which they operate. One frequency (i.e., weekly) no longer fits
 13 all, and if we are to recruit, particularly young members, we need to address this
 14 issue.

FINANCIAL IMPACT

15 This enactment could potentially result in an increase in revenues for RI if there
 16 is an increase in membership or membership retention due to greater flexibility
 17 for current and future members.

(End of Text)

PURPOSE AND EFFECT

1 Not meeting on a legal holiday is allowed without being counted as a cancellation.
2 However, not meeting on another day during the week in which a legal holiday
3 falls is counted. It is the practice of many clubs in RIBI not to meet in weeks
4 when there is a public holiday, albeit their meeting would not fall on the day of
5 the public holiday. For example, clubs which meet on Tuesdays but do not meet
6 following the four United Kingdom Monday bank holidays. This enactment
7 would allow the cancellation of meetings during the week of legal holidays, would
8 regularize this existing practice, and would allow some further flexibility to clubs'
9 calendar planning.

PURPOSE AND EFFECT

18 This enactment seeks to revise club attendance requirements, deleting them from
19 the Standard Rotary Club Constitution and instead providing that clubs include
20 in their bylaws the obligations for attendance and/or participation in the club's
21 regular meetings, projects, events, and activities. This enactment would grant
22 clubs greater autonomy over membership retention and recruitment. It would
23 give them the option of focusing on either attendance, participation, or both to
24 measure engagement with their club. This enactment helps foster greater club
25 autonomy, membership retention, and recruitment. Additionally, RI will no
26 longer require monthly attendance reports from clubs. However, clubs and
27 districts may still track their own attendance, and districts may still require clubs
28 to file monthly attendance reports.

FINANCIAL IMPACT

29 This enactment could potentially result in an increase in revenues for RI if there
30 is an increase in membership or membership retention due to greater flexibility
31 for current and future members.

14 this clause, the member shall be excused from fulfilling attendance and/or
15 participation responsibilities;
16 the board may, by a vote of not less than two-thirds of the board, temporarily
17 suspend the member's membership as aforesaid for such period and on such
18 further conditions as the board determines, albeit for a period no longer than is
19 reasonably necessary in all the circumstances.

PURPOSE AND EFFECT

20 If RI is to attract significant numbers of younger members, the attendance
21 requirements need to be amended to suit the culture of this age group. Potential
22 younger members are seeking contact with equals to expand their vocational
23 network as well as they are passionate about "Service Above Self" and wish to be
24 actively involved in service projects, especially those with humanitarian focus.
25

26 This enactment seeks to revise club attendance requirements, deleting them from
27 the Standard Rotary Club Constitution and instead providing that clubs include
28 in their bylaws the obligations for attendance and/or participation in the club's
29 regular meetings, projects, events and activities. This enactment would grant
30 clubs greater autonomy over membership retention and requirements. It would
31 give them the option of focusing on either attendance, participation or both to
32 measure engagement with their club. This enactment helps foster greater club
33 autonomy, membership retention and recruitment.
34

35 Additionally, RI would no longer require monthly attendance reports from clubs.
36 However, clubs and districts may still track their own attendance and districts
37 may still require clubs to file monthly attendance reports.

FINANCIAL IMPACT

- 1 This enactment could potentially result in an increase in revenues for RI if there
2 is an increase in membership or membership retention due to greater flexibility
3 for current and future members.

PURPOSE AND EFFECT

21 In traditional Rotary clubs, members are often prevented from participating in
22 meetings because of business, traveling or health reasons. Partner clubs, other
23 Rotarians and other people interested can only participate if they are present in
24 person. On the other hand, social communication is digitized more and more, a
25 tendency which Rotary clubs cannot leave unconsidered. Allowing for this
26 development in club communication is considered strategic for winning younger
27 members, as their communication behavior has changed essentially compared to
28 former generations. Online contacts therefore become the basis of e-clubs. If,
29 therefore, traditional clubs install the necessary technical infrastructure
30 necessary for online participation, this should be counted as regular attendance.
31 Certain groups of members with attendance problems will then be better able to
32 follow club life and its main issues, be better visible for other members and be
33 lost less easily for their clubs. This would foster cohesion, readiness to serve and
34 satisfaction of members. In e-clubs, online meetings and communication form
35 an effective network. It turns out, however, that meetings in person from time to
36 time are extremely valuable to consolidate indispensable personal relations. In
37 Germany, e-clubs therefore arrange physical meetings on a regular basis. These
38 should be accepted as regular meetings and counted as attendance also in e-
39 clubs. Altogether, it makes sense to allow clubs to decide themselves what
40 proportion of their meetings will take place in person or online.

(End of Text)

PURPOSE AND EFFECT

16 A satellite club is designed to become at some point a regular Rotary club.
17 Therefore, in order to ease the transition when the moment comes, it would be
18 helpful for a satellite club to have the same operating rules as a Rotary club from
19 its inception.

20

21 This change would reduce, if not eliminate, the issues faced by Rotarians who
22 have to adapt to a new meeting frequency.

23

24 Article 9, Section 1 of the Standard Rotary Club Constitution currently provides
25 satellite club members the freedom to attend club meetings when they please.
26 This tolerance will become a hindrance once the satellite club becomes a Rotary
27 club and has to change its attendance rules.

28

29 This proposed enactment would ease the transition from a satellite club to a
30 regular Rotary club since the club will no longer need to make major changes to
31 its constitution.

PURPOSE AND EFFECT

27 With access to a simple spreadsheet, either in paper or electronic form, clubs can
28 track attendance make-ups more expeditiously throughout the year. Also, with
29 most clubs having multiple make-up opportunities in one month, it is only fair
30 that those members participating in these extra meetings be allowed to bank or
31 log these events in for times during the year when extra activities are rare. The
32 make-up opportunities would only be allowed for missed meetings during the

1 current Rotary year and would expire each 30 June. A new bank would start the
2 following Rotary year beginning 1 July.

3

4 By adopting this measure, the duty of the club secretary would be lessened. At
5 the present time, the club secretary has to track down the information about
6 make-up meetings so as to correctly input data for attendance. By use of this
7 make-up bank, the information can still be used to improve club attendance even
8 when it arrives in late.

12 more than twelve months such leave may be renewed by the board for a
13 period of time beyond the original twelve months.

(End of Text)

PURPOSE AND EFFECT

- 1 This proposed enactment would amend Article 9, Section 3 of the Standard
2 Rotary Club Constitution. Rotary clubs need to attract and retain a significant
3 number of younger members, both women and men to create a successful and
4 sustainable development of Rotary International. After having formed a family,
5 younger members often find it difficult to combine work and family life with the
6 attendance rules of Rotary. A strict consequence of the attendance rules too often
7 results in parents, be it young mothers or young fathers, leaving Rotary.
8
9 Rotary needs to be in tune with society at large, with men and women in the work
10 force, with men and women in Rotary and with different periods of parental leave
11 in different countries.
12
13 Therefore, this amendment will stabilize and increase membership in Rotary by
14 encouraging younger Rotarians to remain club members, thus contributing to
15 Rotary International as a whole.

PURPOSE AND EFFECT

13 Article 9, Section 3(b) of the Standard Rotary Club Constitution provides that
14 attendance can be excused when "the aggregate of the member's years of age and
15 years of membership in one or more clubs is 85 years or more and the member
16 has notified the club secretary in writing of the member's desire to be excused

18 85 years old, this provision can be applied to him/her, and if he/she requests an

PURPOSE AND EFFECT

29 This proposed enactment is intended to provide individual Rotary clubs the
30 flexibility to remove or modify the membership classification system in their club
31 bylaws and to modify some of the provisions regarding membership. However,

1 section 4.070. of the RI Bylaws, which prohibits clubs from limiting membership
2 on the basis of gender, race, color, creed, national origin, or sexual orientation,
3 remains in effect. This enactment gives clubs the flexibility to retain the
4 classification system as it currently exists, eliminate it entirely for the purposes of
5 membership qualification, or revise it to be either more or less stringent.

6
7 Individual clubs are in the best position to determine if the classification system
8 helps or hinders membership attraction and retention in the community it serves.
9 If a club chooses to disregard this additional flexibility, the existing constitutional
10 rules and requirements will remain in effect for that club.

11
12 Examples of such flexibility might include:

- 13 • Eliminating the classification system and allowing quality individuals to be
14 considered for membership based on criteria that is representative of the
15 community and best fits the club's strategic vision
- 16 • Allowing Rotaractors who meet the club's criteria for membership to join a
17 Rotary club while retaining their membership in Rotaract as well

18
19 Without this flexibility, Rotary may continue to experience a declining and aging
20 membership base in the coming years, potentially reaching a point of such
21 dramatic demographic change that membership decline may become irreversible.

FINANCIAL IMPACT

22 This enactment could potentially result in an increase in revenue for RI if there is
23 an increase in membership or membership retention due to greater flexibility for
24 current and future members.

PURPOSE AND EFFECT

1 Quality membership growth is a major concern for Rotary. This enactment will
2 give the clubs the flexibility to remove or modify the membership classification
3 system from the RI Constitution, RI Bylaws and the Standard Rotary Club
4 Constitution. The purpose of this enactment is to remove the barriers the
5 classification system presents to attracting and retaining members and to
6 membership transfer. If a club does nothing, the existing legislative rules and
7 requirements will remain in effect for that club.

8
9 Membership is ultimately a club responsibility and membership initiatives are
10 most effective at the club level. To be successful, clubs must be free to remove or
11 modify systems that restrict or decrease the opportunity to attract and retain
12 quality Rotarians. Each club is in the best position to determine if the
13 classification system helps or hinders membership attraction and retention in the
14 community it serves. Under this enactment, clubs can freely consider the
15 classification system, which may include retaining it as it currently exists,
16 eliminating it in its entirety, or making it stricter or more open. This enactment
17 should increase the opportunities for some clubs to attract and retain members,
18 including younger members of the community.

19
20 The classification system has served a worthwhile purpose. However, it can
21 complicate and increase the challenge of attracting new members and confuse
22 and restrict member transfer between clubs. Sensing that it restricts
23 membership without a corresponding benefit, many clubs have ignored the
24 classification requirements and corresponding rules imposed on membership.

25
26 Without this flexibility, some Rotary clubs may continue to lose members and
27 change in unpleasant or unacceptable ways. This enactment allows our clubs to
28 respond to changing circumstances at the local level in a controlled and positive
29 way before negative changes are forced upon us.

FINANCIAL IMPACT

30 This enactment could potentially result in an increase in revenues for RI if there
31 is an increase in membership or membership retention due to greater flexibility
32 for current and future members.

PURPOSE AND EFFECT

13 This enactment seeks to revise the requirements regarding the composition of
14 Rotary clubs and the qualifications for club membership. It is intended to
15 enhance Rotary's ability to retain membership and to attract the next generation.
16 It would simplify the definition of a Rotarian and give club boards more flexibility
17 to select members, while maintaining Rotary's core values and the high standards
18 sought in members. In addition, it would maintain the focus on a balance in
19 classifications among members by encouraging clubs to mirror the composition
20 of their community relative to business, professions, and community
21 organizations. This enactment would help to foster greater club autonomy,
22 membership retention, and recruitment.

FINANCIAL IMPACT

23 This enactment could potentially result in an increase in revenues for RI if there
24 is an increase in membership or membership retention due to greater flexibility
25 for current and future members.

26 limitations.

(End of Text)

PURPOSE AND EFFECT

27 This proposed enactment updates the RI Constitution and the Standard Rotary
28 Club Constitution to be in line with both the RI Board and Rotary Foundation
29 Trustees' definition of alumni. In January 2014, both boards agreed to expand
30 the definition of alumni to include former participants of all Rotary programs, no
31 longer limiting it to just former Foundation program participants. This change
32 also broadens the number of potential members eligible to join a Rotary club.

PURPOSE AND EFFECT

1 This proposed enactment explicitly qualifies Rotaractors for membership in a
2 Rotary club and provides a pathway to membership for Rotaractors who wish to
3 join RI. This amendment recognizes the special skills of Rotaractors who may
4 already have up to twelve years of Rotary experience in leadership and service
5 projects through Rotaract.
6

7 The effect of this enactment is to establish a stronger relationship between
8 Rotaractors and RI and strengthen both the Rotaract movement and RI.
9 Program participants will be able to have simultaneous affiliations with a Rotary
10 club and a Rotaract club. As members of the family of Rotary, Rotaractors are
11 committed to the world community, share Rotary's vision of furthering service,
12 world understanding, and peace, and may more easily transition to RI
13 membership.

FINANCIAL IMPACT

14 This enactment could potentially result in an increase in revenues for RI if there
15 is an increase in membership or membership retention due to greater flexibility
16 for current and future members.

PURPOSE AND EFFECT

13 According to Article 5, Section 2(a) of the RI Constitution, “A club shall be
 14 composed of active members each of whom shall be an adult person of good
 15 character and good business, professional and/or community reputation.”
 16

17 These characteristics represent the historic foundations of Rotary and its clubs,
 18 shared by all members. From the beginning, they have served as an engine of
 19 development, recruitment, and retention for many Rotarians.
 20

21 The provision made in subsection 2(a)(6) of the same article radically changes
 22 the Rotarian pact and does not comply with the classification principle (2013
 23 *Manual of Procedure*, page 8).

FINANCIAL IMPACT

24 This enactment could potentially result in a decrease in revenues for RI if there is
 25 a decrease in membership or membership retention due to less flexibility for

23 ~~care for children or to assist the spouse in their work~~ being a current
24 member who has joined the club under the previous requirement for
25 club composition

(End of Text)

PURPOSE AND EFFECT

26 With regard to not admitting as active members persons having interrupted
27 employment or having never worked:

28

29 We believe that for a club to be composed of active members who, for whatever
30 reason, have had no work experience and will have no such opportunity in the
31 future means the club would be composed of those who cannot practice, or have

1 never practiced, the “application of the ideal of service in each Rotarian’s
2 personal business...” (RI Constitution, Article 4), which is the most important
3 element of the Object of Rotary. Such members would not be able to fulfill the
4 Object of Rotary.

5
6 However, those who are members under the current provision shall continue to

(End of Text)

PURPOSE AND EFFECT

28 The Rotary Club of Rugby (the Club) has for some time been considering how
29 best to comply with and promote the objectives Equality and Diversity Policy
30 (the Policy) that is being pursued in certain countries. The Policy seeks to
31 maintain an environment free from discrimination in membership recruitment

1 practices or within clubs themselves and that clubs should seek to diversify
2 membership so that they reflect the composition of the society within which they
3 are based. The Policy requires clubs to take positive action to achieve these
4 objectives. The Club considers that, by amending the existing RI Constitution in
5 terms of membership criteria, these objectives can be fulfilled.

6
7 The Club considers that, in order to be consistent with the objectives of the
8 Policy, the only relevant and necessary consideration is that members should be
9 of recognized good character and, in the opinion of the club, capable of a
10 commitment to service and the upholding of the Object of Rotary.

11
12 The Club considers that the existing membership criteria as set out in Article 5,
13 Section 2(a), (1) and (2) are counterproductive to the objectives of the Policy and
14 should be deleted. It should be noted that there is inconsistency within the
15 existing criteria. Those persons qualifying under criteria in Section 2(a), (4), (5)
16 and (6) are not required to have been in senior/managerial positions, whereas
17 everyone else is. It also considers that the criteria should be amended to include
18 people who have never been able to work, or have had to leave work for reasons
19 of disability.

PURPOSE AND EFFECT

1 Rotary clubs need more flexibility to offer more affordable membership rates and
2 terms to attract younger members. The proposed enactment adds associate
3 membership as a type of Rotary membership, in addition to active and honorary.
4 Rotary needs to acknowledge that economics and meeting flexibility are relevant
5 to younger prospects who are relatively early in their careers.

FINANCIAL IMPACT

6 This enactment could have a financial impact for RI which cannot be determined
7 at this time:
8 • RI revenues could decrease if a significant number of active members
9 convert to associate membership
10 • RI revenues could increase if there is an increase in membership or
11 membership retention due to greater flexibility for current and future
12 members
13
14 In addition, modifications to existing software and processes would be required
15 including increased collection of member date of birth data. Project estimates are
16 currently not available for this expense.

PROPOSED ENACTMENT 16-46

To amend the provisions for the classification of members

Proposer(s): Rotary Club of Bislig, District 3860, Philippines

Endorsed by: District 3860 through a ballot-by-mail, 27 December 2014

1 *To amend the **CONSTITUTION** of Rotary International as follows (page 124*
2 *MOP)*

3

4 **Article 5 Membership**

5

6 **Section 2 — Composition of Clubs.**

7

8 (b) Each club shall have a well-balanced membership in which no one business,
9 profession ~~or~~, group of closely-related family members or type of
10 community service predominates. The club shall not elect a person to
11 active membership from a classification if the club already has five or more
12 members from that classification, or a club that already has five or more
13 members from closely-related families (spouses, brothers/sisters, and
14 sons/daughters, although in separate classifications), unless the club has
15 more than 50 members, in which case the club may elect a person to active
16 membership in a classification and from closely-related families so long as
17 it will not result in the classification and members of closely-related
18 families making up more than 10 percent of the club's active membership.
19 Members who are retired shall not be included in the total number of
20 members in a classification. The classification of a transferring or former
21 member of a club, or a Rotary Foundation alumnus as defined by the board,
22 shall not preclude election to active membership even if the election results
23 in club membership temporarily exceeding the above limitations. If a
24 member changes classification, the club may continue the member's
25 membership under the new classification notwithstanding these
26 limitations.

27

28 *And to amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*
29 *(page 201 MOP)*

30

31 **Article 8 Classifications**

32

33 **Section 2 — Limitations.** This club shall not elect a person to active
34 membership from a classification if the club already has five or more members
35 from that classification, or already has five or more members from closely-
36 related families (spouses, brothers/sisters, and sons/daughters, although in
37 separate classification), unless the club has more than 50 members, in which
38 case, the club may elect a person to active membership in a classification or

1 from closely-related families so long as it will not result in the classification or
2 members of closely-related families making up more than 10 percent of the
3 club's active membership. Members who are retired shall not be included in the
4 total number of members in a classification. The classification of a transferring
5 or former member of a club, or a Rotary Foundation alumnus as defined by the
6 board of directors of RI, shall not preclude election to active membership even if
7 the election results in club membership temporarily exceeding the above
8 limitations. If a member changes classification, the club may continue the
9 member's membership under the new classification notwithstanding these
10 limitations.

(End of Text)

PURPOSE AND EFFECT

11 We are on a campaign to increase membership in our Rotary clubs. One of our
12 sources for membership is our close relatives and family members (spouses,
13 brothers/sisters, and sons/daughters). We are encouraged to invite them to join
14 Rotary clubs, but we have to limit their membership to not more than 10 percent
15 of the club's active membership so it does not predominate the club.

FINANCIAL IMPACT

16 This enactment could potentially result in a decrease in revenues for RI if there is
17 a decrease in membership or membership retention due to less flexibility for
18 current and future members.

PROPOSED ENACTMENT 16-47

To amend the provisions for honorary membership

Proposer(s): Rotary Club of Remuera, District 9920, American Samoa, Cook Islands, Fiji, French Polynesia, Kiribati, New Zealand, Tonga, and Samoa

Endorsed by: District 9920 through a ballot-by-mail, 28 October-24 November 2014

1 *To amend the **BYLAWS** of Rotary International as follows (page 135 MOP)*

2

3 **Article 4 Membership in Clubs**

4

5 **4.050. Honorary Membership.**

6

7 **4.050.1. Eligibility for Honorary Membership.**

8 Persons who have distinguished themselves by meritorious service in the
9 furtherance of Rotary ideals and those persons considered friends of Rotary for
10 their ~~permanent~~ support of Rotary's cause may be elected to honorary
11 membership in more than one club. The term of such membership shall be as
12 determined by the board of the club in which they hold membership.

13

14 *And to amend the **STANDARD ROTARY CLUB CONSTITUTION** as follows*
15 *(page 200 MOP)*

16

17 **Article 7 Membership**

18

19 **Section 7 — Honorary Membership.**

20 (a) *Eligibility for Honorary Membership.* Persons who have distinguished
21 themselves by meritorious service in the furtherance of Rotary ideals and
22 those persons considered friends of Rotary for their ~~permanent~~ support of
23 Rotary's cause may be elected to honorary membership in this club. The
24 term of such membership shall be as determined by the board. Persons
25 may hold honorary membership in more than one club.

(End of Text)

PURPOSE AND EFFECT

26 This enactment seeks to remove from the eligibility for honorary membership
27 provision in subsection 4.050.1. of the RI Bylaws and Article 7, Section 7 of the
28 Standard Rotary Club Constitution the requirement for a person's support of
29 Rotary's cause to be permanent.

- 1 How does a club determine if a friend of Rotary has permanent support of
2 Rotary's cause? Prior and ongoing support of Rotary's cause is all a club is
3 reasonably able to determine.
4
5 Furthermore, the term of honorary membership is determined by the board of
6 the club - often on a year-by-year basis - therefore honorary membership can be
7 terminated or not renewed if a person is no longer demonstrating support of
8 Rotary's cause. Having to identify what constitutes "permanent support" may
9 unreasonably restrict a club from recognizing a significant friend of Rotary to the
10 detriment of the club and Rotary's cause.

FINANCIAL IMPACT

- 11 This enactment would have no substantial financial impact on RI.

18 reasonably necessary in all the circumstances. For the purposes of this clause,
19 the member shall be excused from fulfilling attendance responsibilities.

(End of Text)

PURPOSE AND EFFECT

20 This proposal corrects a drafting error.

21
22 Article 12, Section 10 was proposed by District 9800 and passed, as amended
23 from the floor, by the 2007 Council on Legislation.

24
25 The intent was to enable a board, having considered all the matters contained in
26 the four subsections of Section 10, to temporarily suspend a member if this
27 appeared to be in the best interests of the club.

28
29 To achieve this, there must be a nexus between the actions a board may take and
30 the matters (in the four subsections) it must firstly consider. The motion from
31 the floor at the Council on Legislation unintentionally destroyed that nexus.

- 1 The effect of the proposal is to make grammatical sense of the provision.

FINANCIAL IMPACT

- 2 This enactment would have no substantial financial impact on RI.

20 expiration of the suspension period, the board must either proceed to terminate
21 the membership of the suspended Rotarian or reinstate the suspended Rotarian
22 to full regular status.

(End of Text)

PURPOSE AND EFFECT

23 The original Article 12, Section 10(d) of the Standard Rotary Club Constitution
24 does not address a period of time. The word "reasonable" may be one week to 10
25 months of suspension. If the purpose of suspension is to determine facts for
26 termination, an indefinite period of time is not recommended. It was approved:
27 reasonable period of time not to exceed 45 days and on such further conditions as
28 the board determines.

PURPOSE AND EFFECT

17 Both Section 4.030 of the RI Bylaws and Article 7, Section 4 of the Standard

23 different text with a uniform provision.

(End of Text)

PURPOSE AND EFFECT

8 The decision to admit into membership a transferring Rotarian or a former
9 Rotarian should be made by the club autonomously, and the former club's
10 intention should have no impact on it. In addition, it will not be possible to
11 obtain written proof or a letter of recommendation from the former club if it has
12 been terminated or is not functioning. Therefore, we believe that proof provided
13 by the potential member, including an oath, should be enough to verify prior
14 membership and/or lack of unpaid balance. Additionally, obtaining a letter of
15 recommendation of the potential member from the former club should be
16 encouraged only when it's possible.

22 classification, the club may continue the member's membership under
23 the new classification notwithstanding these limitations.
24 (2) continuously search for qualified candidates and elect them to
25 membership.

(End of Text)

PURPOSE AND EFFECT

26 Rotary encounters difficulties to win younger members. The reasons are not only
27 on the side of potential candidates like the demanding condition of early
28 professional careers or the taxing situation of young families. Often clubs are not

1 ready, proactive and accommodating enough to win younger members.
2 Therefore, it makes sense to explicitly list the task of continuous rejuvenation for
3 a balanced membership structure that is directed at keeping clubs dynamic and
4 innovative. Boards and members are thus bound to proactively tackle a balanced
5 age structure and to shape membership conditions accordingly. This enactment
6 would have only positive financial effects by securing higher participation, vitality
7 and creativity, more membership fees and higher donations.

FINANCIAL IMPACT

8 This enactment could potentially result in an increase in revenues for RI if there
9 is an increase in membership or membership retention due to greater flexibility
10 for current and future members.

12 directors desire to be considered for membership on the committee and to advise
13 the general secretary prior to ~~15 April~~ 31 December that they wish to have their
14 names listed as being willing and able to serve. Any past director not responding

8 The general secretary shall, between ~~1 May and 15 May~~ 1 and 15 February in each

11 president and will advise them to notify the general secretary prior to ~~30 June~~ 31
12 March whether they wish to have their names listed as being willing and able to
13 serve. Those Rotarians not responding to the general secretary by ~~30 June~~ 31

33 Any club may suggest as a challenging candidate the name of a qualified Rotarian
34 who duly notified the general secretary pursuant to subsection 11.040.3. of his or
35 her willingness to be considered for nomination for president. The name of the

37 by the club at a regular meeting. The resolution must be supported by a
38 concurrence of at least a majority of the clubs in the district obtained at a district
39 conference or through a ballot-by-mail. The concurrence must be certified to the
40 general secretary by the district's governor. The resolution must be accompanied
41 by a written statement from the challenging candidate that such candidate is
42 willing to have such candidacy submitted to the clubs for endorsement. The
43 foregoing requirements must be completed by ~~1 October~~ 1 September of the
44 relevant year.

1 11.070.2. *Notification to Clubs of Challenging Candidates.*
2 The general secretary shall notify the clubs of the suggested challenging

37 The president shall announce the name of the president-elect no later than ~~25~~
38 ~~April~~ 25 January.

PURPOSE AND EFFECT

39 This proposal would advance the timetable for electing the president with the
40 selection of the nominating committee for president and the identification of
41 presidential candidates to be completed by the end of March in each year. The

1 current schedule calls for the nominating committee for president to meet in
2 August. However, the earlier dates will permit and encourage the RI Board to
3 schedule the meeting and the interviews of the candidates in conjunction with the
4 annual RI Convention. It is anticipated that the candidates would be attending
5 the convention at their own expense anyway, and as a result, there would be no
6 additional expense for RI. The proposed new schedule for the nominating
7 committee for president would give the candidates for president the same
8 opportunity for personal interviews as already afforded to the candidates for
9 governor and RI Director.

FINANCIAL IMPACT

10 This enactment would result in an increase in expenses for RI. If the nominating
11 committee met at the convention location, there would be an additional room
12 rental and other expenses such as interpretation and translation equipment.
13 Depending on convention location, airfare, hotel, and incidentals would vary.
14
15 If the president-nominee is appointed to office one month earlier, there could
16 also be an increase for airfare and hotel expenses contingent on their travel plans.

PROPOSED ENACTMENT 16-57

To revise the qualifications for membership on the nominating committee for president

Proposer(s): Board of Directors of RI

2

4

5 **11.020. Nominating Committee for President.**

6

7 **11.020.5. Qualifications.**

8 Each member of the nominating committee shall be a past director of RI. A
9 candidate for membership on the committee must be a past director at the time
10 of election, except where there is no past director available for election or
11 appointment as a member of the committee from a particular zone. In such case,
12 a past governor shall be eligible for such election or appointment provided that
13 such past governor has served for at least one year as a member of a committee
14 provided for in sections 16.010., 16.020., and 16.030. or as a trustee of The
15 Rotary Foundation. ~~No Rotarian shall be a member of the nominating committee
16 for president more than three times unless there are no more than two candidates
17 willing to serve on this committee.~~

(End of Text)

PURPOSE AND EFFECT

18 This proposed enactment would remove the limitation on membership on the
19 Nominating Committee for RI President imposed by the 2013 Council on
20 Legislation. There are two problems with the sentence proposed for deletion.
21 First, it is very poorly worded and difficult to understand. Second, because there
22 are fewer than 200 living past directors in 34 zones - very few of whom have
23 served more than three times on this committee - the perceived problem of
24 needing to limit the number of times a past director can serve on the nominating
25 committee does not exist in most parts of the Rotary world.

FINANCIAL IMPACT

26 This enactment would have no substantial financial impact on RI.

10 (2) any contingency not provided for shall be determined by the board.

(End of Text)

PURPOSE AND EFFECT

11 This proposal seeks to increase the term of office for RI directors to three years.
12 The required knowledge to contribute to the RI Board is significant. In the first
13 year, directors are new to the process and often participate less in RI Board
14 discussion on critical issues due to their lack of experience. Towards the end of
15 their second year, directors are becoming more experienced and contribute in a
16 more significant way to the discussions, but unfortunately are soon reaching the
17 end of their terms. However, by increasing the term of office to three years, the
18 RI Board will experience less turnover and increased continuity. With three year
19 terms, there will be a greater sense of fellowship and thus cooperation among the
20 RI Board members and a greater likelihood that they will discuss and debate
21 issues from a strategic perspective rather than a shorter term perspective.

FINANCIAL IMPACT

22 This enactment would result in a decrease in expenses for RI of approximately
23 US\$90,000. If the director's term is increased from two to three years, this
24 would reduce the number of directors-elect each year by three. The estimated
25 reduction of expenses per director-elect is US\$30,000, which includes: US\$1,500
26 for director-elect orientation, US\$6,500 for the International Assembly, US
27 \$20,000 for the International Convention, and US\$2,000 for pre-International
28 Convention meetings.

12 governor. ~~Such candidate shall also have attended at least two institutes and one~~
13 ~~convention in the 36-month period prior to being proposed.~~

(End of Text)

PURPOSE AND EFFECT

14 This provision will remove the necessity for a candidate for RI Director to have
15 attended a minimum of one RI Convention and two Rotary institutes in the 36-
16 month period prior to being proposed. These requirements make no provision
17 for anyone engaged in an employment where it is just not possible to take leave to
18 attend conventions. For example, the education sector, where leave is restricted
19 to coincide with fixed holiday dates. They also make no provision for the
20 possibility that institutes become fully booked. Removing the restriction removes
21 potential discrimination in the election of RI Directors.

11 this provision) with at least ~~three years~~ one year of time having elapsed since
12 service as a governor. Such candidate shall also have attended at least two
13 institutes and one convention in the 36-month period prior to being proposed.

(End of Text)

PURPOSE AND EFFECT

14 Our organization's membership must be younger. In this respect, RI must reduce
15 to one year (from three) the period of time that a Rotarian must wait after the
16 end of his or her term as governor before he or she can be proposed for candidate
17 as director.

18

19 The office of governor entails many complex responsibilities, and candidates to
20 the office of director have acquired the necessary skills, knowledge, and
21 experience during their term.

22

23 Reducing this period of time will indirectly lead to younger directors and younger
24 presidents.

25

26 However, it is important to keep the minimum attendance requirement at one
27 convention and two institutes in the past 36 months because of the knowledge
28 about Rotary's international scope and the personal commitment that are
29 required for the office of director.

PURPOSE AND EFFECT

14 Although the RI Bylaws specify that the nominating committee's selection for
15 director must receive no less than a 60 percent majority vote of the committee,
16 the RI Bylaws are silent on the procedure that should be followed when this is not
17 possible. On previous occasions when this has occurred, the RI Board has

25 unless rescinded by a majority of districts ~~in any section~~ of the zone by resolution
26 adopted at their conferences and such rescission is certified to the general

(End of Text)

PURPOSE AND EFFECT

28 District 9350 is part of RI Zone 20, and Zone 20 is divided into two sections: A
29 and B; section A comprising the districts of Sub-Saharan Africa and section B
30 those of North Africa and parts of the Middle East.

1 Article 12.020.1 of the RI Bylaws makes provision for a director to be nominated
2 alternatively from section A and B, and the bylaws further provide that the
3 nominating committee shall comprise representatives from all districts within the
4 zone but if the majority of clubs in each section agree the nominating committee
5 may be made up of clubs from only one section when the director-nominee is
6 being selected from that section. This puts the onus on the districts in both
7 sections to agree to limit the nominating committee to one section.

8
9 The amendment, therefore, proposes to amend Article 12.020.1. to state that
10 when a director-nominee is to be elected from within a section of a zone then only
11 those districts within that section of the zone shall form the nominating
12 committee.

13
14 **Motivation**

15 In a zone as large as one covering Africa and parts of the Middle East, it is more
16 equitable for districts within the section to decide on who the director-nominee
17 shall be when that person will be a Rotarian from that section of the zone.

18
19 It has happened in the past that the nominating committee meeting has been
20 held outside the section of the zone from where the director-nominee will be
21 elected. This has had the effect of districts from that section being unable to send
22 a representative due to cost considerations. This has left that section
23 underrepresented on the nominating committee.

PURPOSE AND EFFECT

1 At the present time, a sitting governor can contest an election from his district for
2 being a member of the nominating committee for director. In the last few years,
3 a number of sitting governors have contested. This is unfair since a governor
4 wields considerable power and influence on the clubs. He/She can lure them to
5 vote for him with promises of awards and recognitions. In order to avoid that
6 situation, he should not be allowed to contest the election, while he is a governor,
7 even though he may be a past governor at the time he will serve as member of the

PURPOSE AND EFFECT

23 Our Rotary club considers that Rotarians who want to be a part of the nominating

27 Since a lot can be learned about RI in the Rotary institutes, the Rotarians who

PURPOSE AND EFFECT

23

This proposed enactment aims to increase from three to five years the period of time during which candidates for membership on the nominating committee for director must have participated in one convention and two institutes.

24

25

26

27

- Experience has shown that the three-year period presents drawbacks, including limiting the choice to one or two governors per district as candidates to the nominating committee. This means that the nominating committee often includes members of the same class of governors.

28

29

30

- 1 • The last Council on Legislation has solved this issue because all these criteria
2 can now be waived at the district conference. While some districts apply this
3 provision without having proposed it to a vote, we are moving away from the
4 original spirit of the *Manual of Procedure*.
5
- 6 • It is important that the requirements be kept, but the period of time must be
7 extended from three to five years. This will allow for greater variety in the
8 committee membership, and will prevent the need for a vote at the district
9 conference. Let's not forget that, very often, the last five governors make up
10 the nominating committee for district governor.
11
- 12 • We go back to the original text with greater flexibility, and therefore fairness.

9 A nominating committee shall consist of one member from each district in the
10 zone or section elected by the clubs of such district as hereinafter provided. Each
11 member shall be a past governor at the time they are to serve, who is a member of
12 a club in the relevant zone or section. Such members also shall have attended at
13 least ~~two~~ one Rotary institutes of the zone from which the director is being
14 nominated ~~and one convention~~ in the three years prior to serving on the
15 committee, ~~provided that~~ ; if there are no past governors who meet this
16 requirement, a district may by a resolution adopted at a district conference by a
17 majority of the votes of the electors of the clubs present and voting dispense with
18 ~~some or all of these requirements~~ this requirement, provided such resolution ~~to~~
19 apply applies only to the next nominating committee. Members shall be elected
20 for a term of one year. The president, president-elect, any past president,
21 director, or any past director shall not be eligible for membership on the
22 nominating committee. No Rotarian who has served twice as a member of such a
23 committee shall be eligible for service again. Each committee member shall have
24 one vote.

(End of Text)

PURPOSE AND EFFECT

25 This proposed enactment is to provide more past governors with the chance to be
26 members of the nominating committee for RI director. In low income countries
27 and regions, very few past governors can attend a convention and two zone
28 institutes in the three years prior to serving on the committee. It is quite difficult
29 to meet this requirement when those events take place in cities that are very far

- 1 from their districts. The right to serve on this committee should not be restricted
- 2 to past governors who are in a better financial situation.

PROPOSED ENACTMENT 16-68

To revise the procedures for selecting directors-nominee

Proposer(s): District 1640, France

1 *To amend the **BYLAWS** of Rotary International as follows (page 169 MOP)*

3 **Article 12 Nominations and Elections for Directors**

4

5 **12.020. Selection of Director-nominee and Alternate by Nominating**
6 **Committee Procedure.**

7

8 **12.020.15. Meeting of the Nominating Committee.**

9 The committee shall meet during the following September at a time and place
10 determined by the board. A majority of the members of the committee shall
11 constitute a quorum. The transaction of all business shall be by majority vote;
12 ~~except that in selecting the committee's nominee for director, the nominees for~~
13 ~~director and alternate must receive at least the same number of votes as the~~
14 ~~number which constitutes no less than a 60 percent majority of the committee.~~
15 The chairman of the nominating committee shall vote for nominees for director
16 and alternate; however, the chairman of the nominating committee shall not have
17 a vote in the transaction of the committee's other business, except that the
18 chairman may vote to break a tie vote. Where there are more than two
19 candidates, balloting shall be by a single transferable ballot.

(End of Text)

PURPOSE AND EFFECT

20 Rules for candidates for elective office are included in the 2013 *Manual of*
21 *Procedure* (pages 42-43). One of the fundamental principles is to select the best-
22 qualified candidate for each office. When there are more than two candidates,
23 balloting is conducted by means of the single transferable vote. To be elected, a
24 candidate must receive a majority of the votes cast, possibly after the transfer of
25 lower preference votes.

26

27 These provisions apply to nominations for all offices except those of director and
28 alternate, who need a majority of at least 60 percent (subsection 12.020.15 of the
29 RI Bylaws). This can be problematic if no candidate receives 60 percent of the
30 votes, which is a strong mathematical possibility.

1 Since the RI Bylaws do not provide for this type of situation, only two solutions
2 are possible:

- 3
- 4 • either we remove the 60 percent requirement and apply the same rule as for
5 the other offices;
 - 6
 - 7 • or we ask clubs to select a director-nominee in a ballot-by-mail with a simple
8 majority.
 - 9

10 How can we justify a 60 percent majority for a nominating committee and a 50
11 percent majority for a ballot-by-mail?

12

13 The proposed amendment to subsection 12.020.15 aims to resolve this issue in a
14 logical manner. According to the RI Bylaws, the selection of a director by a
15 nominating committee is the recommended procedure, a ballot-by-mail being
16 used only when there are challenging candidates.

17

18 This proposal reaffirms the fact that where there are more than two candidates,
19 the mandatory election process is the single transferable ballot, and that the
20 majority is determined through valid ballots.

21

22 If approved, this proposal would lead to more serene elections and peaceful
23 relations.

PROPOSED ENACTMENT 16-69

To revise the qualifications for governor-nominee

Proposer(s): Rotary Club of Tiruchirapalli Fort, District 3000, India
Endorsed by: District 3000 through a district resolutions meeting, Madurai,
Tamil Nadu, India, 28 December 2014

1 *To amend the **BYLAWS** of Rotary International as follows (page 182 MOP)*

2

3 **Article 15 Districts**

4

5 **15.080. Qualifications of a Governor.**

6 Unless specifically excused by the board, a governor at the time of taking office
7 must have attended the international assembly for its full duration, been a
8 member of one or more Rotary clubs for at least ~~seven~~ nine years, and must
9 continue to possess the qualifications in section 15.070.

(End of Text)

PURPOSE AND EFFECT

10 The district must select the governor-nominee not more than 36 months, but not
11 less than 24 months, prior to the day of taking office. The governor-nominee is
12 elected in the middle of the Rotary year (say January). When the governor-
13 nominee is elected, he has completed only four-and-a-half years as a Rotarian.
14 On the day of assuming office, he is required to have completed seven years of
15 membership in one or more Rotary clubs. This experience, in the broad canvas of
16 activities of Rotary and holding many responsible positions at the club and
17 district level, is barely sufficient and very thin. Meager experience yields to
18 dilated governance; hence, nine years' experience is absolutely essential as a
19 Rotarian at the club and district level at the time of assuming office as governor.

8 Each club with a minimum membership of ten members shall be entitled to at

12 Such membership shall be determined by the number of members in the club as
13 of the date of the most recent semiannual payment preceding the date on which
14 the vote is to be held. However, any club whose membership in RI has been
15 suspended by the board shall not be entitled to participate in the voting. If a club

17 candidate. The name of the candidate for whom the club has cast its vote(s) shall
18 be verified by the secretary and president of the club and forwarded to the
19 governor in a sealed envelope provided therefor.

PURPOSE AND EFFECT

20 This enactment would amend subsection 13.040.1. of the RI Bylaws to provide

4 **Article 13 Nominations and Elections for Governors**

5
6 **13.020. Nominating Procedure for Governor.**

7
8 **13.020.9. Concurrence to Challenges.**

9 The governor shall inform all clubs through a form prescribed by RI of the name
10 of any challenging candidate who has been proposed as specified above. The
11 governor shall also inquire whether any club wishes to concur with the challenge.
12 A club must file a resolution of the club adopted at a regular meeting to concur
13 with a challenge. Such resolutions must be filed with the governor by the date
14 determined by the governor. Only challenges that have been concurred to by at
15 least ~~five~~ 10 other clubs which have been in existence for at least one year as of
16 the beginning of that year or ~~10~~ 20 percent of the total number of clubs as at the
17 beginning of that year in the district which have been in existence for at least one
18 year as of the beginning of that year, whichever is higher, and only when such
19 resolutions by the club were adopted at a regular meeting in accordance with the
20 club bylaws as determined by the governor shall be considered valid. A club shall
21 concur with only one challenging candidate.

(End of Text)

PURPOSE AND EFFECT

22 The aspiring candidates for the post of governor are increasing day by day in this
23 part of the world. The number of challenges for the nominating candidate is also
24 increasing in many districts. Any elections in a district divide Rotarians and
25 bring about a bad public image. Though it is a democratic process to allow
26 challenges, it should not be very easy to make challenges. RI Bylaws subsection
27 13.020.9. indicates the need of concurrence by only five clubs or 10 percent of the
28 total number of clubs in a district as of the beginning of that year, which are in
29 existence for at least one year. To get concurrence from at least five clubs or 10
30 percent of the clubs in a district is not difficult and thus the number of challenges
31 will keep on increasing. The change as proposed above will help to bring more

- 1 harmony and will elevate the image of Rotary amongst the Rotarians and public
- 2 in the district.

(End of Text)

PURPOSE AND EFFECT

12 The 2013 Council on Legislation adopted Enactment 13-100, establishing the
13 position of vice-governor. The method of selecting the candidates for this
14 position is not determined in the RI Bylaws. District 4815 has already used the
15 method that is mentioned in this proposed enactment.

16

17 The vice-governor must be considered a member of the district team, and there
18 should be a close connection between the vice-governor and the governor. In
19 case the vice-governor has to replace the governor, he or she should have access
20 to the resources assigned to the governor in a manner that both agree upon.

21

22 The vice-governor should not hinder or work to the detriment of the office of the
23 governor.

24

25 It would be convenient for the governor-elect to participate in the selection of the
26 vice-governor. The selection of the vice-governor can be done in a way that is not
27 detrimental to the nominating committee, since the committee will accept or
28 reject the candidate or will select the best one if more than one is proposed.

Proposer(s): Rotary Club of Bislig, District 3860, Philippines

Endorsed by: District 3860 through a ballot-by-mail, 27 December 2014

1 *To amend the **BYLAWS** of Rotary International as follows (page 180 MOP)*

2

3 **Article 15 Districts**

4

5 **15.050. Conference and District Resolutions Meeting Voting.**

6

7 15.050.1. *Electors.*

8 Each club in a district shall select, certify, and send to its annual district
9 conference and district resolutions meeting (if one is held) at least one elector.

10 Each club in a district with a membership of not more than 25 shall automatically
11 make the president its elector. The president-elect shall serve as an additional
12 elector for any club with an additional membership of 25, or major fraction
13 thereof. The additional electors shall be elected by the membership of the clubs.

14 Any club with a membership of more than 25 shall be entitled to one additional
15 elector for each additional 25, or major fraction thereof, of its members. That is,
16 a club with a membership of up to 37 members is entitled to one elector, a club
17 with 38 to 62 members is entitled to two electors, a club with 63 to 87 members is
18 entitled to three electors and so on. Such membership shall be determined by the
19 number of members in the club as of the date of the most recent semiannual
20 payment preceding the date on which the vote is to be held. However, any club
21 whose membership in RI has been suspended by the board shall not be entitled to
22 any electors. Each elector shall be a member of the club. An elector must be
23 present at the district conference or a district resolutions meeting to vote.

24

25 15.050.3. *Proxies.*

26 A club may designate a proxy for its absent elector(s) (the president and his or
27 her alternate for clubs with a membership of not more than 25 and the president,
28 president-elect and their additional electors for clubs with a membership of 50 or
29 major fraction thereof). Such club must obtain the consent of the governor for
30 such proxy. The proxy may include a member of its own club or a member of any
31 club in the district in which the club is located. The proxy designation must be
32 certified by the president and secretary of such club. The proxy shall be entitled
33 to vote as proxy for the non-attending elector(s) represented, in addition to any
34 other vote the proxy may have.

(End of Text)

PURPOSE AND EFFECT

- 1 During district assemblies or district conferences, there is always the problem of
2 a lack of club electors to vote on district resolutions and the like.
3
4 Making the club president the first elector, the president-elect the second elector
5 and the club secretary the third elector, if need be, will address this perennial
6 issue.

FINANCIAL IMPACT

- 7 This enactment would have no substantial financial impact on RI.

PURPOSE AND EFFECT

3 As per Section 13.020.4. of the RI Bylaws, a club may suggest only one of its own
4 members as a candidate for governor-nominee. The proposed enactment is
5 intended to bring uniformity to corresponding provisions for Council
6 representative as well as member selection for the nominating committee for
7 director.

8
9 We believe this will reduce confusion and complexity in district level elections
10 and bring uniformity in the manner in which a candidate is suggested by clubs for
11 these three positions.

This proposed enactment allows the RI Board to take action when a club or Rotarian sues RI or The Rotary Foundation prior to exhausting the remedies provided for in the RI Bylaws for disputing elections. Rotarians and clubs are obligated to follow the election review procedures provided for in the RI Bylaws as the exclusive method of contesting the right to an elective office or the results of an election. PURPOSE AND EFFECT

37 This enactment would allow traditional clubs to have weekly meetings online
38 occasionally and e-clubs to have weekly meetings in person as well as online.

1 Traditional clubs could have more flexibility in managing weekly meetings, while
2 e-clubs could have opportunities to meet face-to-face, furthering fellowship,
3 which can lead to strengthening clubs.

4
5 This amendment will eliminate the distinction between traditional clubs and
6 e-clubs. Therefore, the references to e-clubs should be removed from the RI
7 Bylaws and the Standard Rotary Club Constitution. Adopting this new way to
8 structure weekly meetings will offer new possibilities for Rotary clubs.

FINANCIAL IMPACT

9 This enactment could potentially result in an increase in revenues for RI if there
10 is an increase in membership or membership retention due to greater flexibility
11 for current and future members.

12 2.010.2. New Clubs.

13 The minimum number of charter members for a new club shall be 20.

(End of Text)

PURPOSE AND EFFECT

14 The purpose of this enactment is to amend the RI Bylaws to set forth the
15 minimum number of charter members for a new club. Article 18.040.5. of the
16 Rotary Code of Policies states: "The minimum number of charter members for a
17 new club shall be 20 ..." This enactment seeks to reflect this provision in the RI
18 Bylaws and clearly indicate the charter member requirement for establishing a
19 new club.

FINANCIAL IMPACT

20 This enactment would have no substantial financial impact on RI. The current
21 Rotary Code of Policies Article 18.040.5. states: "The minimum number of charter
22 members for a new club shall be 20 unless there are special and sufficient reasons
23 for the Board to waive this requirement." This enactment would incorporate this
24 requirement into the RI Bylaws.

PROPOSED ENACTMENT 16-84

To revise the Board's authority to change district boundaries

Proposer(s): District 6040, USA

Endorsed by: District 6040 through an annual district conference, Kansas City, Missouri, USA, 8 November 2014

1 *To amend the **BYLAWS** of Rotary International as follows (page 178 MOP)*

2

3 **Article 15 Districts**

4

5 **15.010. How Established.**

6 The board is authorized to group the clubs into districts. The president shall
7 promulgate a list of such districts and their boundaries. Such action shall be at
8 the direction of the board. The board may assign an e-club to any district without
9 regard to the boundaries of such district.

10

11 15.010.1. Eliminating and Changing Boundaries.

12 The board may eliminate or change the boundaries of any district with ~~fewer than~~
13 33 clubs more than 100 clubs or fewer than 1,100 Rotarians, and in conjunction
14 with any such change, the board may move the clubs from such districts into
15 adjacent districts. The board also may merge such districts with other districts or
16 divide the districts. ~~No~~ Otherwise, no change shall be made to the boundaries of
17 any district with ~~33 or more clubs and 1,100 or more Rotarians~~ over the objection
18 of a majority of the total number of clubs in the district. The board may eliminate
19 or change the boundaries of a district only after consulting with and providing
20 reasonable opportunity for the governors and clubs of the districts involved to
21 provide a recommendation on the proposed change. The board shall take into
22 account geographical boundaries, potential for district growth, and cultural,
23 economic, language, and other relevant factors. The board shall establish
24 procedures as to administration, leadership and representation for future or
25 merged districts.

(Subsequent subsections will be renumbered as appropriate)

(End of Text)

PURPOSE AND EFFECT

26 This enactment seeks to facilitate the realignment of clubs in undersized and
27 oversized districts. Currently, the RI Board may eliminate or change the
28 boundaries of undersized districts, but it cannot relocate the clubs from the
29 undersized districts into adjacent districts. This proposal will enable the RI

1 Board to move the clubs in undersized districts into adjoining districts. It also
2 will permit the board to merge the undersized districts with other districts and to
3 divide the oversized districts.
4
5 The proposal also will eliminate the minimum number of clubs now used to
6 determine undersized districts, and it will rely solely on the minimum number of
7 1,100 members as now provided in the RI Bylaws to determine undersized
8 districts.
9
10 The proposal also will add a maximum number of 100 clubs to determine
11 oversized districts. It does not mandate that such oversized districts be divided
12 or reduced in size, but it will give the RI Board the authority to reduce the
13 districts in size whenever practical.
14
15 Districts below the prescribed minimum size of 1,100 members are often not
16 efficient or effective, but they require almost as much financial support as large
17 districts. As a result, the RI Board usually refrains from splitting oversized
18 districts unless two smaller districts can be merged due to the high cost of an
19 increase in the total number of districts.
20
21 Similarly, very large districts are often difficult to operate effectively due to the
22 large number of clubs to be visited and counseled by the governors. They are
23 daunting challenges to the governors, and many Rotarians are unable to accept
24 the task of serving as the governors in such oversized districts.

FINANCIAL IMPACT

25 This enactment could have a financial impact on RI which cannot be determined
26 at this time. The estimated average RI cost per district is US\$40,000, which is
27 primarily driven by the district governor training at the International Assembly,
28 district governor funding and administrative support. Currently, there are 29
29 districts with more than 100 clubs and 21 districts with fewer than 1,100
30 members that could be impacted. An increase or decrease in expenses would be
31 contingent upon the change in the number of districts.

4

5 **15.010. How Established.**

6 The board is authorized to group the clubs into districts. The president shall

9 regard to the boundaries of such district. The board may eliminate or change the
10 boundaries of any district with fewer than ~~33~~ 30 clubs ~~or fewer than~~ and 1,100
11 Rotarians. No change shall be made to the boundaries of any district with ~~33~~ 30
12 or more clubs and 1,100 or more Rotarians over the objection of a majority of the
13 total number of clubs in the district. The board may eliminate or change the
14 boundaries of a district only after consulting with and providing reasonable
15 opportunity for the governors and clubs of the districts involved to provide a
16 recommendation on the proposed change. The board shall take into account
17 geographical boundaries, potential for district growth, and cultural, economic,
18 language, and other relevant factors. The board shall establish procedures as to
19 administration, leadership and representation for future or merged districts.

(End of Text)

PURPOSE AND EFFECT

20 The current policies of RI favor larger districts with more clubs and members for
21 easier administration. Mandating that a district could lose its status by falling
22 below 33 clubs seems to be the wrong focus given the trend by RI. Fewer clubs
23 would also provide easier administration, as long as the number of Rotarians in a
24 district remains at the proper level. The proposed enactment by District 6190
25 allows for fewer clubs in a district as long as the level of Rotarians is 1,100 or
26 higher. This proposed change would allow more rural areas to keep districts with
27 fewer than 33 clubs as long as the individual membership remains at the proper
28 levels. The proposed enactment merely goes back to the number of clubs that
29 used to be required to keep a district intact so that the change has minimal
30 impact and meets the purpose of RI in easing administration of districts and
31 clubs.

FINANCIAL IMPACT

- 1 This enactment could result in an increase in expenses for RI which cannot be
2 determined at this time. Expenses for RI could increase as a few of the smaller
3 districts would not be eligible to be merged under this proposal. As of April 2015,
4 there are three districts with fewer than 30 clubs and 21 districts with fewer than
5 1,100 members; however, there is only one district with fewer than 30 clubs and
6 1,100 members.
7
8 The estimated average RI cost per district is US\$40,000, primarily driven by the
9 district governor training at the International Assembly, district governor
10 funding and administrative support.

PURPOSE AND EFFECT

21 The purpose of this enactment is for the RI Board to complete all redistricting

To allow districts to add a geographical name to their district number

Proposer(s): Rotary Club of Kushiro, District 2500, Japan

4

5 **15.010. How Established.**

6

7 15.010.2. District Identifier.

8 Each district is identified with a district number assigned by the board. A district
9 may add a geographical name, such as a country, state, prefecture, or region, as
10 an identifier to the assigned district number upon approval by a majority of the
11 clubs in the district at the district conference or the district resolutions meeting.

(End of Text)

PURPOSE AND EFFECT

12 This enactment would add a district identifier which would be included as an
13 additional subsection of section 15.010. of the RI Bylaws. Oftentimes, it is
14 difficult to find the locality of other districts using only district numbers. Adding
15 a geographical identifier to the district number will help promote interaction and
16 better understanding among the districts. RI can continue to use only district
17 numbers for its internal administrative processes and should experience no
18 complication or confusion as a result of this amendment.

19

20 This should not be mandatory; it is up to the clubs in a district, which may cover
21 several countries or geographical areas, whether to include the identifier or not.
22 It can also be modified annually.

FINANCIAL IMPACT

23 This enactment would have no substantial financial impact on RI assuming RI is
24 not required to include and maintain the district identifier in publications and

9 The governor must provide an annual statement and report of the district

24

25 This annual statement and report shall include but not be limited to details of:

7 15.060.1. *District Fund.*

8 Each district may establish a fund to be called “The District Fund” for financing

10 the district. The District Fund shall be established by resolution of the district
11 conference. Any person who fails to fulfill financial requirements, including
12 improperly administrating the district fund or failing to comply with subsection
13 15.060.4., shall be prohibited from holding any office until financial irregularities
14 are resolved within the district.

(End of Text)

PURPOSE AND EFFECT

15 RI provides clear guidance on how district finances should be managed by district
16 leaders. In recent years, however, it has been observed that district leaders are
17 not properly following financial procedures. Nor is there any transparency in the
18 maintenance of financial information so as to ensure that it is in compliance with
19 local and national financial laws. The fact is that, in District 3180, the annual
20 statement and report of district finances, such as the district fund account and
21 the fund received by the governor from RI for the year 2011-2012, have not been
22 presented for discussion in any of the district forums, and were passed even after
23 the lapse of three years. Further, Rotary leaders have failed to comply with the
24 rules prescribed for forming the finance committee to date. The Rotary Code of
25 Ethics requires governors and other district leaders to adhere to financial
26 discipline as prescribed in the *Manual of Procedure* and Rotary Code of Policies
27 in order to promote transparency of financial management and also in providing
28 financial information. Further, they are expected to ensure compliance with all
29 local and national laws relating to financial management, and when they fail to
30 do so, no disciplinary action is prescribed in the *Manual of Procedure*. But in the
31 case of clubs, if there is any financial irregularity, such as untimely payment of
32 district, magazine, or membership dues to RI, the club is suspended or

- 1 terminated and is not allowed to participate in the governor selection process.
- 2 This enactment would bring such discipline to district leaders as well.

FINANCIAL IMPACT

(End of Text)

PURPOSE AND EFFECT

19 This enactment seeks to establish a special committee for membership to provide
20 continuity of leadership, guidance, and strategic responsibility over all
21 membership development, retention, and education. In light of the
22 organization's annual change of leadership and goals, a special committee for
23 membership with staggered, multi-year terms will help institutionalize a
24 commitment to long-term membership sustainability and growth.

25

26 With the proclamation by the RI Board in October 2013 that membership growth
27 is the organization's first priority after the eradication of polio, the RI Board
28 submits this legislation to strengthen the role of the membership committee and
29 ensure continuity in its composition.

1 A special committee for membership shall provide guidance and advice to the RI
2 Board on matters related to developing programs to attract new members,
3 educating, engaging, and retaining existing members, and encouraging the
4 creation and support of new Rotary clubs in current Rotary countries.

FINANCIAL IMPACT

5 This enactment would have no substantial financial impact on RI. A Membership
6 Committee has been frequently appointed since 1997-1998. Expenses for this
7 committee in 2013-2014 were US\$52,000.

18 shall meet up to three times per year at such times and places and upon such
19 notice as may be determined by the president, the board, or the chairman of the
20 committee, and, if deemed necessary by the president or the chairman of the
21 committee, additional times during the year at such times and places and upon
22 such notice as may be determined by the president or the chairman of the
23 committee. The chairman of the operations review committee or the chairman's
24 designee shall serve as a liaison to the committee. The committee, which shall act

32 non-director/non-trustee member shall serve a six-year term beginning 1 July
33 2018.

(End of Text)

PURPOSE AND EFFECT

1 This proposed enactment seeks to modify the composition of the Audit
2 Committee as designed in the RI Bylaws. Approval of this enactment will result
3 in an increase in the number of non-director, non-Trustee members from two to
4 four. This will enhance the continuity of the committee from year to year by the
5 non-director, non-Trustee serving a single term of six years with no more than
6 two members appointed in any year and provide greater opportunity for
7 members with special expertise. In an effort to minimize any increase in
8 expenses of the committee due to the change in terms of reference, this proposal
9 also includes decreasing the number of director members from three to two and
10 decreasing the number of Trustee members from two to one.

FINANCIAL IMPACT

11 This enactment could potentially result in a decrease in expenses for RI and The
12 Rotary Foundation. If the Audit Committee includes four non-director, non-
13 Trustee members instead of two non-director, non-Trustee members, there could
14 potentially be savings in airfare expenses estimated at US\$24,000 if non-
15 directors, non-Trustees travel in economy class.

12 in conflict with the provisions of this section, as may be prescribed by the board.
13 The operations review committee shall report directly to the full board.

(End of Text)

PURPOSE AND EFFECT

14 This proposal seeks to merge together the Audit Committee and the Operations
15 Review Committee. The functions of the committees are similar and in today's
16 modern world it is common for audit committees to review not only financial
17 matters for an organization, but also the methods of operation for an
18 organization. This move makes sense in order to better conform our committee
19 structure with the modern business world and to avoid duplication of effort. Just
20 as important is the significant cost savings arrived at by merging the two
21 committees into one.

FINANCIAL IMPACT

22 This enactment could potentially result in a decrease in expenses for RI if there is
23 a merged Audit and Operations review committee consisting of seven members.
24 The decrease in expenses would depend on the number of meetings per year and
25 duration of those meetings.

PURPOSE AND EFFECT

1 This proposed enactment seeks to modify the composition of the Strategic
2 Planning Committee. Approval of this enactment will result in the formalization
3 of a joint RI and Rotary Foundation committee of eight members and a reduction
4 in the term length of non-board members from six years to four years with two
5 members appointed annually instead of triennially. This proposal will ensure
6 equal representation of RI and Rotary Foundation programs and activities in the
7 strategic planning function of the organization without establishing a separate
8 Foundation planning committee. This proposal will also allow for each incoming
9 RI president and Rotary Foundation chair to have at least one appointment to
10 this committee while maintaining continuity. This proposal would also allow
11 subgroups of the committee to meet separately to plan and discuss issues specific
12 to RI or The Rotary Foundation.

FINANCIAL IMPACT

13 This enactment would have no substantial financial impact on RI or The Rotary
14 Foundation.

15

16 In 2014-2015, the Strategic Planning Committee operated with eight members:
17 four members-at-large, two members from the RI Board, and two Trustee

PURPOSE AND EFFECT

1 This proposal seeks to modify the make-up of the Strategic Planning Committee,
2 to define the qualification for membership on the committee and to encourage
3 cooperation and collaboration between any strategic planning committee for The
4 Rotary Foundation and this committee. Our organization must have a true vision
5 of how we move forward. In order to plan properly, we need qualified candidates
6 on the Strategic Planning Committee. Finally, we need the two entities more and
7 more to move forward with a unified vision and to work together to shape the
8 future of our organization.

FINANCIAL IMPACT

9 This enactment is unlikely to have a substantial financial impact on RI or The
10 Rotary Foundation.

(End of Text)

PURPOSE AND EFFECT

4 This proposed enactment will allow two Rotarians residing at the same address to
5 subscribe jointly to a regional Rotary magazine. Currently, joint subscriptions
6 are only available to subscribers to *The Rotarian* magazine. This change will
7 treat all Rotarians fairly with regard to magazine subscriptions. The proposed
8 changes will also simplify the process by which clubs may be excused from the
9 subscription requirement.

FINANCIAL IMPACT

10 This enactment would have no substantial financial impact on RI. RI receives
11 revenue only from *The Rotarian* magazine where joint subscribers are already
12 permitted.

13
14 This enactment extends joint subscriptions to other approved Rotary magazines,

(End of Text)

PURPOSE AND EFFECT

10 Traditionally, official Rotary magazines have been an important way for the RI
11 president and the RI Board to reach all Rotary members all over the world to give
12 information and to spread ideas in an ever-changing world. This holds true also
13 for Rotarians all over the world to exchange ideas and information.

14
15 Information and ideas from RI nowadays use new, much faster channels of
16 communication, and most of the material in the magazines is more or less out of
17 date and of low interest when it reaches the Rotarians.

18
19 Lately, the RI homepage has been changed and now turns much more to the
20 general public. Many countries follow and modernize their homepages in the
21 same way. This will help to increase interest for Rotary in the general public as
22 well as among Rotarians.

23
24 Hence, there has been an ongoing discussion for many years about the magazines
25 every Rotarian has to subscribe to. The magazines are of diminishing interest, as
26 the material is too old. Instead of Rotarians not reading the magazine, we could
27 get more Rotarians to gain experience with and get accustomed to the RI
28 homepage and the national Rotary homepages. Through those channels, we have
29 all possibilities to spread important information within seconds. Younger
30 Rotarians get their information from the Internet and Rotary should adapt the
31 modes of information to the new generations, to their way of gathering
32 information in general and about Rotary.

FINANCIAL IMPACT

33 This enactment could result in a substantial decrease in net revenues for RI
34 dependent upon the number of Rotarians who choose to subscribe to *The*
35 *Rotarian*.

- 1 Based on 2011-2012 through 2013-14:
2 • the number of subscribers to *The Rotarian* is approximately 435,000
3 • subscription revenues are approximately US\$6 million
4 • advertising revenues are approximately US\$400,000
5 • direct expenses are approximately US\$5.2 million (primarily for paper,
6 printing, postage and editorial staff expenses)
7

8 A reduced circulation will decrease subscription and advertising revenues, but
9 will increase the cost per copy of each magazine as a result of a smaller print run.
10 Expenses would also increase due to process and technology modifications
11 required to maintain subscriber data and invoice clubs appropriately.
12

13 Revenues and expenses for regional magazines are not recorded by RI. However,
14 the publishers of regional magazines would experience a similar unfavorable
15 impact on their circulation, revenues and expenses.

13 **Section 1** — *Proper Subjects.* The merits of any public question involving the
14 general welfare of the community, the nation, and the world are of concern to
15 the members of this club and shall be proper subjects of fair and informed study
16 and discussion at a club meeting for the enlightenment of its members in
17 forming their individual opinions. This club, through its club service projects,
18 may support environmental concerns. However, this club shall not express an
19 opinion on any pending controversial public measure.

(End of Text)

PURPOSE AND EFFECT

20 The global warming humanitarian crisis threatens to undo much of Rotary's good
21 work. Polio eradication is being impeded by flooding, sewage contamination of
22 water, and migration caused by climate change. Notwithstanding the urgency
23 and importance of eradicating polio, this looming catastrophe dwarfs polio,
24 having already created climate refugees and contributed to war, food shortages
25 and drought. The Millennium Project deems global warming the biggest problem
26 facing humanity.

27

28 Average CO2 concentrations in 2014 were a historical high of 399 parts per
29 million (ppm), a 43 percent increase over the pre-industrial level of 280 ppm.
30 The 11 warmest years since 1880 have occurred after 1997 – and 2014 was the
31 hottest year on record.

1 The vast majority of scientists worldwide believe that it is almost certain that
2 global warming is caused by human greenhouse gas emissions (GGEs). The
3 longer we wait to reduce GGEs, especially CO2, the greater the human suffering,
4 the higher the cost to slow the warming, and the greater the damage to world
5 economies. Prudent risk management dictates that we reduce GGEs rapidly.
6 Climate disruption is an unprecedented global crisis, and therefore compels an
7 unprecedented response from Rotarians worldwide.

8
9 “Service Above Self” dictates that we work to reduce GGEs and proactively share
10 information. We cannot ‘adapt’ to global warming; temperatures will continue to
11 rise unless GGEs are significantly reduced. Individuals need to reduce their
12 emissions and clubs need to undertake projects to reduce GGEs and share
13 information.

14
15 Supporting the reduction of GGEs to mitigate global warming will help people
16 worldwide and is consistent with the Object of Rotary. Working to stop the
17 global warming humanitarian crisis is resonating with the next generation of
18 Rotarians and will strengthen Rotary for the challenges ahead.

19
20 We do this for our children, our grandchildren and future generations.

FINANCIAL IMPACT

21 This enactment could have a financial impact on RI which cannot be determined
22 at this time. Cost would be dependent on the scope and extent of support
23 provided by the RI Board to accomplish this goal.

14 constant until changed by the council on legislation.

(End of Text)

PURPOSE AND EFFECT

15 This enactment would amend the RI Bylaws to provide for a dues increase of
16 US\$1 per year beginning in 2017-2018 and continuing through 2019-2020. Per
17 capita dues would be \$28.50 per half year in 2017-2018, \$29.00 per half year in
18 2018-2019, and \$29.50 per half year in 2019-2020 and thereafter. This
19 enactment aligns membership dues at levels necessary to sustain RI's current
20 operations and programs, and to support RI's financial sustainability for the
21 future.

FINANCIAL IMPACT

22 This enactment would result in an increase in per capita dues revenue for RI. At
23 current membership levels, RI revenues from per capita dues would increase by

PURPOSE AND EFFECT

14 This enactment requests significant funding to allow for international promotion
15 and worldwide public awareness of Rotary and its programs to ensure every man,
16 woman and child knows the answer to the question "What is Rotary?"

17

18 Rotary is an organization of professional men and women throughout the world.
19 Like all such organizations, Rotary must invest heavily in self-promotion.

20

21 Most multinational companies budget a huge percentage of their income to
22 marketing, yet last year Rotary spent only a very small proportion of its budget in
23 this area.

24

25 We are an organization made up of business men and women, and what astute
26 business person would not invest US\$2.00 per annum in promoting their
27 product. We cannot continue to provide lip service to our promotion. Yes, we do
28 spend money on our public image and marketing our product, but it's a drop in
29 the ocean in comparison to what we need.

1 Travel on an airplane and one sees the small UNICEF envelope placed in the seat
2 pocket stating that for 17 cents they will vaccinate a child against polio (no
3 mention of Rotary).
4
5 Air travel alone carries many thousands of passengers worldwide each and every
6 day. The airline inflight magazines reach this same number, and what's more,
7 most of the passengers read them from front to back.
8
9 Advertising is not free. If we want public awareness, we must pay for it, via
10 advertising, international documentaries, national and international
11 commercials.
12
13 Since we are business professionals, let's think like the major business icons of
14 our world.

FINANCIAL IMPACT

15 This enactment would result in an increase in per capita dues revenue for RI.
16
17 The 2013 Council on Legislation approved annual per capita dues for 2016-2017
18 of US\$56. This enactment would increase per capita dues from US\$56 to US\$60
19 per year for 2016-2017 and thereafter. At current membership levels, this would
20 increase RI revenues by approximately US\$4.8 million for 2016-2017 and
21 thereafter.

(End of Text)

PURPOSE AND EFFECT

23 This enactment seeks to provide the RI Board discretion to increase dues when
24 needed to keep up with the cost of living index for the Chicago metropolitan area.
25 The majority of RI expenses are incurred in the United States and the majority of
26 those are incurred in Evanston with a large amount being personnel expense.
27 Projections indicate that annual single dollar dues increases will not likely cover
28 RI expenses that increase with inflation in the Chicago metropolitan area. Note,
29 the enactment allows for dues increases but also places a limit on the amount the
30 RI Board can increase dues. With prudent fiscal management, it may not be
31 necessary to annually increase the dues to the extent allowed by this enactment.

FINANCIAL IMPACT

1 This enactment would have a financial impact on RI's future revenues which
 2 cannot be determined at this time.

3
 4 If a similar approach had been enacted at the 2010 Council on Legislation,
 5 effective 1 July 2011, by 2013-2014 per capita dues would have been assessed at
 6 US\$51.39 instead of US\$53. RI revenues would be lower by approximately
 7 US\$1.9 million in 2013-2014.

 13 reflected in the calculation of a consumer price index
 - 14 • 10 percent of Rotary's expenses are incurred outside the US and are
 15 impacted to varying degrees by local inflation rates and the status of the
 16 employment market locally, which would also not be reflected in any
 17 single consumer price index

PROPOSED ENACTMENT 16-102

To waive per capita dues for one of the members when two married people are both members of the same club

Proposer(s): Rotary Club of Tupanciretã, District 4660, Brazil

Endorsed by: District 4660 through a district resolutions meeting, Cruz Alta, Rio Grande do Sul, Brazil, 9 August 2014

1 *To amend the **BYLAWS** of Rotary International as follows (pages 187-188*
2 *MOP)*

3

4 **Article 17 Fiscal Matters**

5

6 **17.030. Dues.**

7

8 **17.030.1. Per Capita Dues.**

9 Each club shall pay to RI per capita dues for each of its members as follows:
10 US\$26.50 per half year in 2013-2014, US\$27.00 per half year in 2014-2015,
11 US\$27.50 per half year in 2015-2016, and US\$28.00 per half year in 2016-2017
12 and thereafter. When two individuals, who are lawfully married to each other,
13 are members of the same club, the club shall pay per capita dues for only one of
14 the members. The club must notify RI in the semiannual report. Such dues shall
15 remain constant until changed by the council on legislation.

(End of Text)

PURPOSE AND EFFECT

16 The purpose of this enactment is to reduce the social cost represented by the
17 payment of per capita dues in those cases where both spouses belong to the same
18 club. The immediate effect is the possibility of significantly increasing Rotary's
19 membership by encouraging spouses of Rotarians to join the club. As per capita
20 dues are paid by clubs, clubs will also administer and control such payments and
21 record them in the semiannual report.

FINANCIAL IMPACT

22 This enactment would result in a decrease in revenues and an increase in
23 expenses for RI.

- 1 Revenues would decrease if there is a decrease in paying membership. The
2 impact would be contingent upon the number of members in clubs whose
3 spouses belong to the same club.
4
- 5 • Based on October 2014 data regarding club membership, there are
6 approximately 11,000 members whose spouses are reported as members
7 in Rotary’s global database, with approximately 8,200 belonging to the
8 same club. If 8,200 members were not required to pay dues based on the
9 2014-2015 dues rate of US\$54, this would result in a decrease in revenues
10 of approximately US\$221,000.
 - 11
 - 12 • Membership data on spousal relationships is not consistently recorded
13 and updated currently. If the number of spouses reported as members at
14 the same club increased, there would be a greater impact on revenues.
15
- 16 Expenses would increase due to process and technology modifications required to
17 appropriately track spousal relationships and invoice clubs appropriately.

To amend the provisions for additional dues

Proposer(s): Rotary Club of Mumbai Borivali East, District 3140, India

Endorsed by: District 3140 through a ballot-by-mail, 9 December 2014

1 *To amend the **BYLAWS** of Rotary International as follows (page 188 MOP)*

2

3 **Article 17 Fiscal Matters**

4

5 **17.030. Dues.**

6

7 **17.030.2. Additional Dues.**

8 Each club shall pay:

9

10 (a) each year to RI for each of its members additional per capita dues of
11 US\$1.00 or such other amount, as determined by the board, sufficient to
12 pay for the projected expenses of the next scheduled council on legislation.
13 There shall be no minimum amount payable to RI by any club. In the event
14 an extraordinary meeting of the council is convened, additional per capita
15 dues to pay for its expenses shall be paid as soon as practicable following
16 the meeting. Such additional dues shall be held as a separate fund
17 restricted to provide for the expenses of representatives in attending the
18 council, as well as other administrative expenses of the council, in a manner
19 to be determined by the board. The board shall furnish the clubs an
20 accounting of receipts and expenditures; and

21 (b) for each of its members US\$1.00 or such amount for each semiannual
22 period, to be paid with semiannual dues, for the creation of a fund
23 exclusively for public relations, which shall be expended in the same Rotary
24 year as far as practicable. Such dues shall remain constant until changed by
25 the council on legislation. Such additional dues shall be held as a separate
fund restricted to provide for the expenses of public relations.

(End of Text)

PURPOSE AND EFFECT

26 It is a well-documented fact that Rotary is weak in public relations, in spite of
27 being in the business of doing “good” in the world. The public efforts currently in
28 vogue are not enough to improve the image of Rotary in the general public. In
29 order to strengthen the efforts of Rotary and Rotarians, the proposed enactment
30 will give RI an additional sum of US\$2.4 million annually, going by the current
31 membership figures. This fund will be used exclusively to support public

1 relations activities by RI, districts and clubs. This fund will not be used for any
2 other purpose. This will have a positive effect on membership as well.

FINANCIAL IMPACT

3 This enactment would result in an increase in per capita dues revenue for RI.

4

5 This enactment would provide additional per capita dues of US\$2 per year for
6 2016-2017 and thereafter. At current membership levels, this would increase RI
7 revenues by approximately US\$2.4 million for 2016-2017 and thereafter.

8

9 The impact of this enactment on total expenses will depend on the extent to
10 which the RI Board approves additional expenditures for public image and
11 marketing activities each year compared to current levels. From 2011-2012,
12 public image and marketing expenses have been partly funded by Board-
13 approved funding from the General Surplus Fund (RI's reserve fund), in addition
14 to funding from per capita dues.

27 administrative expenses of the council, in a manner to be determined by the

29 expenditures.

(End of Text)

PURPOSE AND EFFECT

1 This enactment would amend the RI Bylaws to provide that each club pays dues
2 for a minimum of 10 members. New clubs are required to have a minimum of 20
3 charter members; however, there are approximately 9,000 clubs worldwide that
4 are currently below the charter level of 20 members, and over 1,100 clubs with
5 less than 10 members. This enactment seeks to reestablish the requirement that
6 each club pays an amount equivalent to 10 members. Smaller clubs may be
7 motivated to grow their membership.

FINANCIAL IMPACT

8 This enactment would result in an increase in per capita dues revenue for RI.
9 Based on October 2014 data regarding club membership, there are approximately
10 1,100 clubs with fewer than 10 members. This proposed enactment would impact
11 clubs with nine members or fewer. If these clubs were charged for 10 members at
12 US\$27 per member semiannually, this would provide an annual increase of
13 approximately US\$200,000 in dues revenue for RI. However, it is possible that
14 clubs with nine or fewer members may merge with other clubs in their vicinity or
15 close by, instead of paying dues for 10 members.

PURPOSE AND EFFECT

29 This enactment would replace “semiannual payment” with “club invoice,” thereby
30 reflecting the new dues payment plan that replaces the semiannual report with a
31 club invoice. This enactment would also allow the clubs to work with the RI
32 Board to change the payment dates for club per capita dues and membership
33 reporting. This would give the organization the flexibility to better respond to
34 club needs and worldwide economic trends and establish the most efficient
35 schedule for per capita dues payment. This enactment will also allow the RI
36 Board to determine the best way for clubs to report their membership
37 information and allow the RI Board to suspend those clubs that fail to report
38 membership information in a timely manner.

FINANCIAL IMPACT

- 1 This enactment would have no substantial financial impact on RI if the current
2 frequency of club invoices remains the same. If the RI Board decreases the
3 frequency of the club invoices, this enactment could result in a decrease in RI
4 expenses. Conversely, if the RI Board increases the frequency of the club
5 invoices, this enactment could result in an increase in RI expenses.

Proposer(s): Board of Directors of RI

1 *To amend the **BYLAWS** of Rotary International as follows (page 145 MOP)*

2

3 **Article 7 Legislative Procedure**

4

5 **7.050. Board Examination of Proposed Legislation.**

6

7 **7.050.5. Publication of Proposed Legislation.**

8 The general secretary ~~shall mail ten (10) copies~~ will provide a copy of all duly
9 proposed legislation together with the proposer's statement of purpose and effect,
10 as reviewed and approved by the constitution and bylaws committee, to each
11 governor, ~~one copy~~ to all members of the council on legislation ~~and all past~~
12 ~~directors~~, and ~~one copy~~ to the secretary of any club that requests it, no later than
13 30 September in the year the council shall be convened. The proposed legislation
14 also will be made available via Rotary's website.

(End of Text)

PURPOSE AND EFFECT

15 This enactment seeks to simplify the publication and distribution of proposed
16 legislation. The current requirement of mailing ten copies of the book of
17 legislation was enacted when electronic versions of the book of legislation were
18 not easily accessible. However, electronic versions of the legislation book are
19 readily available and published on rotary.org. This will reduce the possibility of
20 postal delay. This enactment does not preclude RI from mailing copies of
21 legislation, but rather gives RI flexibility in how it provides copies of the
22 legislation to the Rotary world.

FINANCIAL IMPACT

23 This enactment would have no net financial impact on RI because revenues from
24 additional dues to fund the Council on Legislation will be reduced by an amount
25 equivalent to a change in expenses.

26

27 This enactment could result in a decrease in expenses for RI contingent upon the
28 format of the copy the general secretary provides. In 2012-2013, the total cost
29 was approximately US\$28,000 (combination of printed copies and CDs). If

- 1 electronic versions replaced print versions, this would decrease printing and
2 shipping expenses related to publication required for legislation.

(End of Text)

PURPOSE AND EFFECT

7 The Council on Legislation is a long and challenging meeting and presiding over
8 the Council on Legislation can be a demanding job. At times the need arises for
9 an extra designated role that may assist with the proceedings of the Council. It is
10 recommended that there be a Chair and two Vice-Chairmen, named First and
11 Second Vice-Chairmen.

12
13 The Second Vice-Chairman would be a member of the Constitution and Bylaws
14 Committee, who may preside over the Council at the request of the Chair or First
15 Vice-Chair. The benefit of using someone from the Constitution and Bylaws
16 Committee is that they are in attendance at the Council, are very familiar with the
17 legislation, and serve on the Council Operations Committee with the Council
18 Chair and Vice-Chairman.

FINANCIAL IMPACT

19 This enactment would have no substantial financial impact on RI as the second
20 vice-chairman will be selected from among the members of the Constitution and
21 Bylaws Committee.

6

7 8.120.2. Council Consideration of Legislation Prior to Meeting.

8 The rules of procedure adopted by the council pursuant to section 8.120.1. may
9 provide for the council to consider and act upon duly proposed legislation prior to
10 any of its meetings and determine which items of such legislation it shall consider
11 at the meeting.

(Subsequent subsections will be renumbered as appropriate)

(End of Text)

PURPOSE AND EFFECT

12 In Rotary Year 2013-2014, the Council on Legislation Review Committee met to
13 review the efficiency and effectiveness of the Council. All committee members
14 served as their district's representative at the 2013 Council on Legislation. One of
15 the topics they discussed was recommending a way for items to be considered
16 prior to the Council on Legislation meeting.

17

18 Since 1995, Council representatives have considered between 196 and 631 items
19 of legislation during the Council week. This makes for a mentally and physically
20 challenging week. One of the common complaints from previous Councils has
21 been that there are too many items of similar legislation. In 2013, there were 38
22 items of similar legislation out of 200 items. In addition, there were 31 items of
23 legislation that received less than 100 votes in favor of or against it. The
24 committee believes there is a better way to handle these items, rather than
25 spending the Council's limited time on them.

1 This proposal would allow for the possibility that the Rules of Procedure for the
2 Council could put forth a method for representatives to consider and act upon
3 legislation prior to the in-person meeting. All duly proposed legislation would
4 still be considered and acted on by the representatives. However, this item would
5 allow the meeting to focus on those items that representatives felt were most
6 important.

FINANCIAL IMPACT

7 This enactment would have no net financial impact on RI because revenues from
8 additional dues to fund the Council on Legislation will be reduced by an amount
9 equivalent to a change in expenses.

10
11 The expenses for the Council on Legislation in fiscal year 2013 were US\$3
12 million. The impact on expenses would be contingent upon the requirements and
13 format of the new process for considering duly proposed legislation and the
14 number of days of the meeting.

15
16 The in-person meeting could be shorter if there are fewer items to be considered.

- 17
18 • If the meeting were one day shorter, expense savings are estimated at
19 US\$340,000 due to lower expenses for hotel, meals, and equipment

To provide for the distribution of minutes for the Council on Legislation

4

5 **8.170. Disclosure of Minutes.**

6 There shall be minutes kept of each council. The form and content of the minutes
7 shall be determined by the council chair. The general secretary shall provide a
8 copy of such minutes to anyone who shall request them.

(Subsequent sections will be renumbered as appropriate)

(End of Text)

PURPOSE AND EFFECT

9 The purpose of this enactment is to amend the RI Bylaws to require that minutes
10 of Council deliberations written in English be provided to representatives at their
11 request. The Council on Legislation is the sole legislative body of RI, and the
12 disclosure of the minutes will improve the quality of legislation proposed for
13 future Councils.

FINANCIAL IMPACT

14 This enactment could potentially result in an increase in expenses for RI which
15 cannot be determined at this time. Additional expenses would be dependent on
16 the format and level of detail of the minutes, as well as the method of distribution.

10 vote of the entire board, the meeting shall be held in the vicinity of the RI world
11 headquarters.

(End of Text)

PURPOSE AND EFFECT

12 This enactment would amend the RI Constitution to convene the Council on
13 Legislation every four years in order to extend the planning period for such
14 meeting.

15
16 The proposed enactment is intended:

- 17
18 1) To spread the expenses incurred for a Council on Legislation while
19 maintaining the current additional annual dues of US\$1.50 per Rotarian;
20
21 2) To allow enough time to reflect upon club proposals before a district

- 1 conference, to provide more time in which to produce a revised *Manual of*
2 *Procedure* after each Council, and to take into account the period during
3 which district conferences are held;
4
5 3) To encourage clubs and districts to consolidate similar proposals in order to
6 reduce the number of proposals submitted to the Council;
7
8 4) To increase the possibility of facilitating online debate between Councils on
9 proposals whose significance and impact are to be defined.

FINANCIAL IMPACT

10 This enactment would have no net financial impact on RI because revenues from
11 additional dues to fund the Council on Legislation will be reduced by an amount
12 equivalent to the reduction in expenses.
13

14 The Council on Legislation had fiscal year 2013 actual expenses of US\$3 million.
15 If the Council on Legislation were held every four years, there would be a
16 reduction of approximately 25 percent in expenses.

11 the year ~~the council shall be convened~~ preceding the council. The proposed
12 legislation also will be made available via Rotary's website.

(End of Text)

PURPOSE AND EFFECT

13 It takes approximately nine months to translate the adopted enactments into all
14 approved Rotary languages. This proposed enactment seeks to hold the Council
15 on Legislation six months earlier, so that it takes place at least nine months prior
16 to the beginning of the Rotary year when the adopted enactments take effect.

FINANCIAL IMPACT

17 This enactment could have a financial impact on RI which cannot be determined
18 at this time. An increase or decrease in expenses would be contingent upon the
19 month in which the Council is held. The expenses for the Council on Legislation
20 in fiscal year 2013 were US\$3 million, which included US\$1.8 million for 532
21 representatives to travel to the meeting in April. Travel and hotel expenses for a
22 Chicago-based meeting are expected to be higher in peak rate periods of June to

(End of Text)

PURPOSE AND EFFECT

13 According to Section 28.005. of the Rotary Code of Policies, it is more efficient
14 and effective to propose specific issues to the RI Board by submitting a petition
15 directly, year-round, instead of proposing a resolution only once every three years
16 to the Council. Furthermore, it has been noticed that the number of proposed
17 resolutions to the Council has declined tremendously from 2007 - 183 proposals,
18 2010 - 96 proposals, to 2013 - 49 proposals, which clearly indicates that the clubs
19 and districts around the world have found that proposing resolutions to the
20 Council has not been working well. In fact, more than 90 percent of the proposed
21 resolutions favorably voted upon and passed by the Council were eventually
22 rejected during the RI Board's further review. All the time, effort and cost
23 devoted to it have been spent in vain. Without holding meetings and voting for
24 resolutions but only for proposed enactments at the Council, it will certainly
25 reduce a considerable amount of such tangible and intangible resources and time
26 for RI as well as the representatives. In turn, it will be beneficial to the logistic
27 work of the RI administration for the Council as a whole.

FINANCIAL IMPACT

28 This enactment could have no net financial impact on RI because revenues from
29 additional dues to fund the Council would be reduced by an amount equivalent to
30 a reduction in expenses.

31
32 The expenses for the Council on Legislation in fiscal year 2013 were US\$3 million.

33
34 For the 2013 Council on Legislation, approximately 37 percent of proposals (132
35 of 358 proposals) received by the Secretariat were resolutions, 49 of which were
36 submitted to the Council.

1 For the 2010 Council on Legislation, approximately 50 percent of proposals (166
2 of 345 proposals) received by the Secretariat were resolutions, 92 of which were
3 submitted to the Council.
4
5 Expenses would be lower for the Constitution and Bylaws Committee, Council
6 Operations Committee, and staff if they did not have to process and review
7 resolutions; the number of days of the Council on Legislation could decrease;
8 printing and postage expenses could be lower. However, additional staff time
9 and resources could be required if there is an increase in the number of petitions
10 to the Board, and this expense cannot be determined at this time.

7 one elector, a club with 38 to 62 members is entitled to two electors, a club with
8 63 to 87 members is entitled to three electors and so on. Such membership shall
9 be determined by the number of members in the club as of the date of the most
10 recent semiannual payment preceding the date on which the vote is to be held.
11 However, any club whose membership in RI has been suspended by the board
12 shall not be entitled to any electors. Each elector shall be a member of the club.
13 An elector must be present at the district conference or a district ~~resolutions~~

24 election of the club representative and alternate representative of the district to
25 the council on legislation and council on resolutions, and the decision as to the
26 amount of the per capita levy. However, any elector shall have the right to
27 demand a poll upon any matter presented to the conference or district
28 ~~resolutions~~ legislation meeting. In such cases, voting shall be restricted to
29 electors. When voting on the selection of the governor-nominee, election of a
30 member and alternate member of the nominating committee for director,
31 composition and terms of reference of the nominating committee for governor, or
32 election of the club representative and alternate representative of the district to
33 the council on legislation and council on resolutions, all votes from a club with
34 more than one vote shall be cast for the same candidate or proposition. For votes
35 requiring or utilizing a single transferable ballot with three or more candidates,
36 all votes from a club with more than one vote shall be cast for the same ordered
37 choices of candidates.

PURPOSE AND EFFECT

38 In its current form, the Council on Legislation debates and votes on both
39 enactments and resolutions. In 2013, 49 of the 200 items transmitted to the

1 Council were resolutions. While resolutions can be submitted directly to the RI
 2 Board of Directors as petitions at each of its meetings, proposers often wish to
 3 have the support of Council representatives before the RI Board considers their
 4 item. Of the 49 resolutions, 19 of those resolutions were withdrawn prior to the
 5 2013 Council to be considered by the RI Board early. The remaining 30 items
 6 sent to the Council took a half day to debate and vote on out of four full days of
 7 the Council.

8
 9 An annual Council on Resolutions meeting held online would allow for a more
 10 timely response to resolutions and would still permit resolutions to be considered
 11 and supported by the Council representatives. This would also increase the
 12 frequency of the consideration of new ideas, without the production of a full
 13 Council on Legislation. In addition, the in-person Council on Legislation would
 14 then be able to focus its limited time solely on enactments and position
 15 statements.

FINANCIAL IMPACT

- 1 This enactment would have no net financial impact on RI because revenues from
2 additional dues to fund the Council on Legislation will be adjusted by an amount
3 equivalent to any change in expenses. The expenses for the Council on
4 Legislation in fiscal year 2013 were US\$3 million.
5
6 The impact on expenses would be dependent on a potential decrease in the length
7 of the Council on Legislation meeting, offset by an increase in annual expenses
8 for online meetings.
9
10 • If the meeting were one day shorter, for example, expense savings are
11 estimated at US\$340,000 due to lower expenses in hotel, meals, and
12 equipment for each triennial meeting.
13
14 • Expenses to conduct annual electronic meetings for the Council on
15 Resolutions would be contingent on the requirements and format of the
16 online meeting. Expenses would include the cost of developing and
17 implementing a new technology solution and annual operating expenses to
18 support the process, translation and interpretation, and committee and
19 staff support.

PURPOSE AND EFFECT

8 While the RI Bylaws provide that the COL representative be selected in the year
9 two years preceding the COL, it does not state the term of the representative.
10 Adding the term of office would provide clarity to explicitly state that each
11 representative shall serve a three-year term (for example the 2019 COL
12 representative would take office on 1 July 2017 and serve until 30 June 2020).

PURPOSE AND EFFECT

1 In Rotary Year 2013-2014, the Council on Legislation Review Committee met to
2 review the efficiency and effectiveness of the Council. All committee members
3 served as their district’s representative at the 2013 Council. One of the topics
4 they discussed was recommending a way to decrease the number of
5 representatives.

6
7 One concern about the Council in its current format is that it is too large to
8 produce good debate and make real change. In this proposed enactment, each
9 district would still choose its own representative, who would then have a six-year
10 term, and the paired districts would then alternate sending their representative to
11 the Council.

FINANCIAL IMPACT

12 This enactment would have no net financial impact to RI because revenues from
13 additional dues to fund the Council on Legislation will be reduced by an amount
14 equivalent to the reduction in expenses.

15
16 The expenses for the Council on Legislation in fiscal year 2013 were US\$3
17 million, which included US\$1.8 million for 532 representatives to travel to the
18 meeting.

19
20 If each district paired with another district and only one representative attended
21 the Council on Legislation, versus one representative from each of the districts,
22 there would be 268 fewer delegates. Estimated cost savings of US\$1,150,000
23 could be realized as follows:

- 24
25 • US\$900,000 related to airfare, hotel and meals
26 • US\$250,000 related to venue, interpretation equipment, transportation,
27 printing, and other miscellaneous expenses

PURPOSE AND EFFECT

18 In Rotary year 2013-2014, the Council on Legislation Review Committee met to
19 review the efficiency and effectiveness of the Council. All committee members
20 served as their districts' representatives at the 2013 Council. One of the topics
21 they discussed was recommending a way to decrease the number of
22 representatives.

23
24 One concern that has been brought up with the Council is that district sizes are
25 disproportionate and, as such, a representative of a small district ends up having
26 a larger voice at the Council than those of large districts, because they each have
27 only one vote. Changing representation to nine representatives per zone would
28 minimize this disparity. Zones are designed to have similar numbers of
29 members, thus making a more even representation.

30
31 Districts would still select a representative and then the nine zone representatives
32 and up to three alternates would be selected from that pool by a nominating
33 committee.

34
35 Reducing the number of representatives from approximately 530 to 306 would
36 allow for more effective debate yet still adequately represent the districts in each
37 zone. Additionally, the 2013 Council costs about US\$3 million to convene, with
38 attendee travel, hotel, and expenses making up the largest portion of that cost at

1 about US\$1.8 million. Decreasing the number of representatives by 40 percent
2 would significantly decrease the cost of the Council.

FINANCIAL IMPACT

3 This enactment would have no net financial impact on RI because revenues from
4 additional dues to fund the Council on Legislation will be reduced by an amount
5 equivalent to the reduction in expenses.

6
7 The expenses for the Council on Legislation in fiscal year 2013 were US\$3
8 million, which included US\$1.8 million for 532 representatives to travel to the
9 meeting.

10
11 If nine voting members from each of the 34 zones attended the Council on
12 Legislation, versus one representative from each of the districts, there would be
13 226 fewer delegates. Estimated cost savings of US\$1,000,000 could be realized
14 as follows:

- 15
- 16 • US\$800,000 related to airfare, hotel and meals
 - 17 • US\$200,000 related to venue, interpretation equipment, transportation,
18 printing, and other miscellaneous expenses

PROPOSED RESOLUTION 16-119

To request the RI Board to consider designating May as Celebrate Women Month

Proposer(s): District 6890, USA

Endorsed by: District 6890 through a ballot-by-mail, 8-29 December 2014

1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider designating the month of May as Celebrate Women Month
3 to recognize and honor women and female children worldwide and to enact
4 programs, projects and activities that support and celebrate efforts to further
5 benefit women and children in the areas of education, literacy, health care,
6 nutrition, enhancement of children's needs, housing, jobs and personal
7 protection and survival.

(End of Text)

PURPOSE AND EFFECT

8 In today's complex world, women and female children represent a vital element
9 in virtually all societies. With almost 50 percent of the world's population being
10 female, women are the bearers of children, as well as in many cultures, the
11 primary caregivers for infants, children and the elderly. And yet, at the very same
12 time, millions of women and children are denied access to basic education and
13 literacy, as well as to adequate medical care and attention. In fact, in many
14 cultures women are considered property to be bought, sold and traded. As many
15 as one billion females are victims of violence, inhumanity and for many, human
16 trafficking.

17
18 Since RI, being the world's oldest and largest service organization, opened its
19 membership to women in 1987, women's roles in Rotary have expanded at club,
20 district and international levels. Today, women represent over 15 percent of the
21 membership of RI, as well as significant numbers of participants in Interact,
22 Rotaract, Community Corps, international scholars, Rotary alumni and other
23 programs.

24
25 It is our belief that designating the month of May as Celebrate Women Month on
26 the Rotary calendar would provide an excellent opportunity to focus on
27 programs, projects and activities that would address the needs of women
28 worldwide. In this manner, Rotary clubs and districts could develop and execute
29 new and innovative ideas to meet and resolve many of the challenges facing
30 women throughout the world, whether in the areas of education, literacy, medical
31 care, personal safety, job education and training, leadership, peace and conflict
32 resolution or many of the thousands of other issues facing women today.

- 1 Our efforts today will help us assure a better future for the world's females and
2 children tomorrow.

FINANCIAL IMPACT

- 3 If implemented, this resolution could have a financial impact on RI which cannot
4 be determined at this time. Cost would be dependent on the scope and extent of
5 support provided by the RI Board to accomplish this goal.

To request the RI Board to consider establishing an Environmental Preservation Awareness Day

Proposer(s): Rotary Club of Salvador-Pituba, District 4550, Brazil

Endorsed by: District 4550 through an annual district conference, Ilhéus, Bahia, Brazil, 2 May 2014

- 1 WHEREAS, the main cause of species disappearance is the degradation of
2 natural environments caused by unorganized deforestation, expansion of
3 agriculture systems, urbanization and pollution, and
4
5 WHEREAS, the importance of this matter and the concern of every nation with
6 environmental preservation to ensure a better quality of life and prosperity for
7 current and future generations, and the fact that Rotary had, for a few years, the
8 “Preserve Planet Earth” program, created by Past President Paulo Viriato Correa
9 da Costa, and
10
11 WHEREAS, every Rotary club will be able to celebrate this environmental
12 awareness day in many places in their communities, including public squares,
13 schools, universities, residential and commercial buildings, shopping malls, and
14 beaches, by using promotional materials, distributing informational leaflets with
15 targeted messages (printed on recycled paper), and promoting the date with
16 information about environmental preservation on club and district official
17 websites, Rotary’s website, radio and TV stations, newspapers, magazines, and
18 social media
19
20 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
21 International consider establishing 5 June as Rotary’s Environmental
22 Preservation Awareness Day.

(End of Text)

PURPOSE AND EFFECT

- 23 On 15 December 1972, through Resolution XXVII, the United Nations General
24 Assembly declared 5 June as World Environment Day, marking the opening of
25 the Stockholm Conference, in Sweden, about Human Environment. The event
26 gathered 113 countries, in addition to 250 non-governmental organizations, and
27 the main themes were environmental degradation caused by men, the risks to
28 their survival, and the need to preserve biological diversity at all costs.

- 1 The importance of that date is related to the discussions on air, soil and water
2 pollution; deforestation; decrease of biodiversity and drinking water for human
3 consumption; ozone depletion; vegetation and forest destruction; animal
4 extinction; etc.
5
6 The official recognition of 5 June as Rotary's Environmental Preservation
7 Awareness Day would increase social responsibility opportunities for Rotary
8 clubs and districts through awareness, commitment and involvement of
9 Rotarians, youth, and communities in changing their attitudes in regard to the
10 use of resources and the environment in order to benefit humanity.

FINANCIAL IMPACT

- 11 If implemented, this resolution could have a financial impact on RI which cannot

3 leading international humanitarian organizations it is essential that Rotary
4 International implement policies to address the challenge, and
5
6 WHEREAS, Rotary values are to assist the poor and underprivileged who are the
7 people most adversely affected by environmental degradation and RI currently
8 accords environmental protection a relatively low profile which needs to be raised
9
10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11 International consider
12
13 1) raising awareness of key sustainable environmental issues and encouraging
14 Rotarians to reflect this awareness in both their humanitarian and community
15 programs and also in their personal lives
16
17 2) including Preserve Planet Earth as one of RI's structured programs.

(End of Text)

PURPOSE AND EFFECT

1 This resolution requests the RI Board to consider raising awareness of key
2 sustainable environmental issues and encouraging Rotarians to incorporate this
3 awareness in both their humanitarian and community programs and also in their
4 personal lives. It also requests the RI Board to consider including Preserve
5 Planet Earth, as originally launched by Past RI President Paulo Costa, as one of
6 RI's structured programs. Currently, clubs can conduct international service
7 projects on environmental issues under Preserve Planet Earth but it is considered
8 that this subject is of much greater importance to the Rotary world and should
9 become one of RI's structured programs.

10
11 Definition of "Preserve Planet Earth" in the context of this Resolution:
12 Rotary International's structured programs are aligned with seven of the eight
13 United Nations Millennium Development Goals. Unfortunately, the eighth,
14 Environmental Sustainability, is not included, thus Rotary is seen in respect of
15 Environmental Sustainability to be a reactive organization (dealing with the
16 effects rather than tackling the issue head on) and this resolution seeks to refocus
17 our policies to be proactive.

18
19 Protection of Planet Earth is defined as: Humankind living by meeting the needs
20 of the present without compromising the ability of future generations to meet
21 their own needs, improving the quality of human life while living within the
22 carrying capacity of the earth's supporting eco-systems, and seeking to stabilize
23 the currently disruptive relationship between earth's two most complex systems
24 – human culture and the living world.

FINANCIAL IMPACT

25 If implemented, this resolution would result in an increase in expenses to RI
26 which cannot be determined at this time.

27
28 To include Preserve Planet Earth as an RI structured program, annual costs could
29 range between that of the Rotary Youth Leadership Awards program and the
30 Youth Exchange program, estimated between US\$100,000 and US\$400,000.

31

PROPOSED RESOLUTION 16-124

To request the RI Board to consider developing programming in the areas of water quality enhancement, sanitation and hygiene

Proposer(s): District 6890, USA

Endorsed by: District 6890 through a ballot-by-mail, 8-29 December 2014

1 WHEREAS, the positive economic impact of the cost to benefit ratio of these
2 projects is a return of four dollars for every dollar spent
3

4 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
5 International consider proactively working to develop additional programming in
6 the areas of water quality enhancement, sanitation, and hygiene-related
7 programs, projects and activities to benefit the world's population.

(End of Text)

PURPOSE AND EFFECT

8 As incredible as it may seem, it is estimated that 3.4 million people die annually
9 from water, sanitation and hygiene-related causes, with 99 percent of these
10 deaths occurring in the developing world. This statistic does not include millions
11 more that are debilitated by diseases spread through polluted water. In addition,
12 over 780 million people lack access to clean water, representing one in nine
13 people worldwide.
14

15 More than one child every minute dies from water-related diseases and women
16 and children spend an estimated 200 million hours daily collecting water. A
17 staggering 2.5 billion people have no access to adequate sanitation. This dire
18 situation is even more difficult to accept when one realizes that for every dollar
19 spent on water and sanitation projects, a four-dollar economic return is
20 produced.
21

22 Rotary's unique worldwide position with cooperation from governments, non-
23 governmental organizations, local, state, national and international groups makes
24 it the perfect vehicle to have a major impact on this issue. With over 1.2 million
25 volunteer members (as proven through Rotary's worldwide polio eradication
26 efforts), Rotary has the ability to coordinate and mobilize enhanced efforts to
27 meet this massive humanitarian need. Rotary can use its leadership to create a
28 more focused worldwide presence in this effort.
29

30 Therefore, we believe that the RI Board should develop additional programming
31 to coordinate projects in the area of water quality enhancement, sanitation, and
32 hygiene-related programs and activities to benefit the world's population. Each

1 step Rotary takes in this effort will result in a tremendous improvement in the
2 quality of life for today's and tomorrow's children.

FINANCIAL IMPACT

3 If implemented, this resolution could have a financial impact on RI and The
4 Rotary Foundation which cannot be determined at this time. Cost would be
5 dependent on the scope and extent of additional support provided to develop and
6 maintain programming. Water and sanitation is one of the six areas of focus for
7 The Rotary Foundation.

23
24 WHEREAS, the fourth Object of Rotary is the advancement of international

28 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
29 International consider supporting initiatives, at every level of the organization,
30 and in cooperation with other international organizations, to prevent the practice
31 of female genital mutilation.

(End of Text)

PURPOSE AND EFFECT

32 This resolution requests the RI Board to support initiatives to prevent the
33 practice of female genital mutilation.
34

35 To mark the United Nations “International Day of Zero Tolerance to Female
36 Genital Mutilation” on 6 February 2014, Secretary General Ban Ki-moon said:
37

38 *“There is no developmental, religious or health reason to cut or mutilate any girl*
39 *or woman. Although some would argue that this is a ‘tradition,’ we must recall*
40 *that slavery, so called honor killings and other inhumane practices have been*
41 *defended with the same weak argument. Just because a harmful practice has*

1 *long existed does not justify its continuation. All 'traditions' that demean,*
2 *dehumanize and injure are human rights violations that must be actively*
3 *opposed until they are ended."*

4
5 Secretary General Ban also said;

6
7 *"The United Nations and our partners are engaged in valuable, culturally*
8 *sensitive activities that aim to stop FGM without scolding or shame."*

9
10 As the world's leading community organization, blessed with members in some
11 200 countries, Rotary is in the unique position to join with the UN, and its
12 members, to eliminate the practice of female genital mutilation.

13
14 This resolution presents Rotary with a very special opportunity to use its historic
15 cultural and gender-sensitive approach to many issues, to take the lead among
16 world community service organizations and actively encourage the elimination of
17 female genital mutilation.

18
19 Rotary has all manner of world-wide programs that empower, educate and
20 advance the lives of our young people.

21
22 As Rotarians, it is our moral duty to add to the benefits of those programs by
23 ensuring that the health and well-being of those young people is never
24 compromised.

25
26 The elimination of female genital mutilation will ensure that the Rotary world has
27 taken a giant step forward in protecting those young people and enshrine for
28 them a future free from pain and suffering.

FINANCIAL IMPACT

29 If implemented, this resolution could have a financial impact on RI which cannot
30 be determined at this time. Cost would be dependent on the scope and extent of
31 support provided by the RI Board for prevention of genital mutilation.

To request the RI Board to consider reinstating the RI statement on drug and alcohol abuse prevention in future versions of the *Manual of Procedure*

Proposer(s): Rotary Club of Lomas de Zamora, District 4915, Argentina
District 4920, Argentina

Endorsed by: District 4915 through an annual district conference, Quilmes,
Buenos Aires, Argentina, 17 May 2014
District 4920 through an annual district conference, Tandil,
Buenos Aires, Argentina, 10 May 2014

1 WHEREAS, the position of Rotary International regarding drug and alcohol
2 abuse was clearly stated in the 1995 and 1998 versions of the *Manual of*
3 *Procedure* until it was eliminated, and
4

5 WHEREAS, the most prestigious international organizations in the world carry
6 out major efforts to bring up solutions for addiction problems, such as the United
7 Nations Office on Drugs and Crime, the European Monitor Centre for Drugs and
8 Drug Addiction and the Inter-American Drug Abuse Control Commission, and
9

10 WHEREAS, in the publication *Toward a Drug-Free World*, there are references
11 to model programs and initiatives implemented by several clubs in the world and
12 in 1993, Rotary International published a handbook known as *Turning Point:*
13 *Creative Ways to Combat Drug and Alcohol Abuse*, in which projects from all
14 over the world were highlighted, in addition to a listing of international programs
15 based on educational institutions and organizations working in the field of
16 alcohol and drug abuse prevention, and
17

18 WHEREAS, it would be highly valuable that such a well-known international
19 organization clearly state its position regarding this issue, especially considering
20 the present situation of increasing alcohol and drug abuse in almost every
21 country in the world
22

23 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
24 International consider reinstating in the *Manual of Procedure* (Part 2, Chapter 7,
25 Avenues of Service, Community Service) the Rotary International statement on
26 drug and alcohol abuse prevention that was included in the 1995 and 1998
27 versions, as follows:
28

29 The RI Board has adopted the following statement on drug and alcohol abuse
30 prevention.
31

32 Recognizing:

- 1 1) that drug and alcohol abuse is a pervasive problem affecting almost every
2 community around the world;
- 3
- 4 2) the destructive nature of such abuse, which drains the physical, intellectual
5 and economic resources of each individual affected, as well as their families,
6 communities and nations;
- 7
- 8 3) the value of community-based programs that teach positive values and help
9 instill self-esteem in young people as effective deterrents to drug and alcohol
10 abuse;
- 11
- 12 4) that awareness and preventative programs must be designed to address local
13 problems.

14
15 The RI Board endorses and supports the efforts of its clubs working, as
16 appropriate, with government agencies and non-governmental organizations to:

- 17
- 18 1) increase awareness among their membership and the broader community
19 about local drug and alcohol abuse programs;
- 20
- 21 2) undertake or support drug and alcohol abuse prevention programs that focus
22 on instilling positive values and self-esteem in young people;
- 23
- 24 3) support local family-based drug and alcohol abuse treatment programs.

(End of Text)

PURPOSE AND EFFECT

25 The scourge of alcohol and drug abuse affects every country, especially the most
26 vulnerable segments of the young population.

27
28 In 1982, RI started a campaign against drug abuse, encouraging clubs to assess
29 the situation in their communities. This way, the organization's position
30 regarding this issue was perfectly clear.

31
32 The deletion of such statement from the *Manual of Procedure* weakened the clear
33 position previously adopted by Rotary International.

34
35 The purpose of this project is to reinstate RI's position in order to show our
36 concern regarding this serious problem that affects all communities.

37
38 Restoring our institution's view on such a sensitive issue in the *Manual of*
39 *Procedure* will make our position evident to communities all over the world, and
40 it will foster support among the clubs for the efforts that take place in different
41 regions in search of a solution for the problem.

12 WHEREAS, former Rotary exchange students have founded Rotex clubs on a
13 private basis with the objective to support Rotary clubs and districts in these
14 matters with their knowledge and experience in different cultures, and
15
16 WHEREAS, Rotex clubs, sponsored, trained and advised by Rotarians, have
17 already proved in many countries to be valuable partners in optimizing the
18 exchange students’ experience of international understanding and have taken
19 over a heavy workload in training and counseling, and
20
21 WHEREAS, the RI Board and the Board of Trustees of The Rotary Foundation
22 have agreed that all participants of youth programs are officially Rotary alumni,
23 and

1 WHEREAS, the Rotex teams provide valuable peer counseling services to
2 returning exchange students and help overcome the generation gap between the
3 young exchange students and Rotarians

4
5 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
6 International consider district Rotex clubs, supporting Rotary youth activities on
7 the basis of the Rotary rules and principles, to be officially recognized as
8 respected, valuable partners for district youth committees.

(End of Text)

PURPOSE AND EFFECT

9 The resolution requests the RI Board to consider giving official recognition to
10 Rotex clubs engaged in district Youth Exchange activities. The recognition that
11 Rotex organizations are valuable partners of Rotary in the field of Youth
12 Exchange activities, will make Rotex work more attractive for promising former
13 exchange students and thus offer greater opportunities for their leadership
14 training and a closer involvement in Rotary and Rotary objectives. To motivate
15 former exchange students to get involved in district youth matters will lead to
16 personal growth, global understanding and increased cultural learning and
17 thereby will qualify them for membership in Rotaract after their active time in
18 Rotex and later in Rotary and in this way may prove to become an important field
19 for membership acquisition in the next generations. The proposed resolution is
20 also supposed to encourage further districts to help found Rotex clubs, to train
21 them and to integrate them into the work of the district youth committees.

FINANCIAL IMPACT

22 If implemented, this resolution would result in an increase in expenses for RI
23 which cannot be determined at this time. Recognition of Rotex could range from
24 minimal costs related to encouraging Rotex involvement with district Youth
25 Exchange programs, to support as an alumni association, to administration of
26 Rotex as a structured program (similar to Interact).

27

- 28 • Recognition of Rotex clubs could include promotion, communication,
29 training and administrative support.
- 30
31 • To include Rotex as an RI structured program (similar to Interact), annual
32 costs are estimated at US\$140,000 for salary and benefits for one staff
33 person, as well as publications, printing, and postage. If RI were to collect
34 and maintain individual contact information for members of Rotex clubs
35 (something that is not done for Interact), there would be additional
36 expenses not included here.

- 1 Cost would be dependent on the scope and extent of support provided by the RI
2 Board.

Proposer(s): Rotary Club of Helsingborg-Kärnan, District 2390, Sweden

Endorsed by: District 2390 through a district resolutions meeting, Borrbj, Sweden, 15 November 2014

- 1 WHEREAS, Rotary International has established “Youth Service” to focus on
2 Rotary activities which support the development of young people, and
3
4 WHEREAS, Rotex clubs provide those enthusiastic returning Rotary Youth
5 Exchange students a means of remaining in close contact with Rotary in order to
6 keep them and strengthen their interest for Rotary, and
7
8 WHEREAS, the mission of Rotex is to promote goodwill, understanding and
9 peace, the same goals as Rotary Youth Exchange, an officially recognized and
10 valued program of Rotary, and
11
12 WHEREAS, Rotex clubs follow the ideals of Rotary, including the application of
13 The Four-Way Test, and are sponsored by District Rotary Youth Exchange
14 Committees and are advised by Rotarians, and
15
16 WHEREAS, Rotex clubs work with district Rotary Youth Exchange committees to

20 WHEREAS, Rotex students provide valuable peer counseling services to
21 returning exchange students
22
23 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
24 International consider officially recognizing Rotex clubs.

(End of Text)

PURPOSE AND EFFECT

- 25 This resolution requests the RI Board to consider giving official recognition to
26 Rotex clubs. This recognition would equate to making Rotex a structured
27 program of RI, with policies and requirements set by the RI Board for clubs and
28 districts to follow. Through these Rotex clubs, we can engage our homecoming
29 exchange students and benefit from their enthusiasm and, in that way, we might
30 be able to lead them further to other programs in Rotary and finally become
31 members.

FINANCIAL IMPACT

1 If implemented, this resolution would result in an increase in expenses for RI
2 which cannot be determined at this time. Recognition of Rotex could range from

PROPOSED RESOLUTION 16-131

To request the RI Board to consider officially recognizing Rotary Kids as a structured program of RI

Proposer(s): District 4420, Brazil

Endorsed by: District 4420 through an annual district conference, Águas de Lindóia, São Paulo, Brazil, 24 May 2014

1 WHEREAS, Rotary Kids is an association for 5-11 year old children sponsored by
2 Rotary clubs, which meets during the last week of each month and counts on the
3 guidance of Rotarians who act as mentors for these children, and
4

5 WHEREAS, nowadays, young people are more interactive at an earlier age,
6 mostly due to the Internet, and their peers and the media influence their future
7 professional choices and institutional options, blinding them to the importance of
8 responsible citizenship and the opportunity of joining a Rotary club, and
9

10 WHEREAS, it's important for RI to bring the energy and dynamism of younger
11 generations to our clubs in order to guarantee the future of Interact, Rotaract
12 and, ultimately, Rotary, and
13

14 WHEREAS, Rotary Kids focuses on Rotary ideals and fosters the involvement of
15 the young participant's family, and, as a result, thousands of parents and relatives
16 of these children become familiar with the Rotary Kids program sponsor clubs,
17 and
18

19 WHEREAS, there has been a significant increase in contributions to The Rotary
20 Foundation and club membership growth, as well as an improved integration of
21 the club into the community in general, since Rotary Kids was organized, and
22

23 WHEREAS, hundreds of other similar programs have been successful all over the
24 world, and programs like Rotary Kids can be sponsored by a Rotary club without
25 any cost to RI
26

27 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
28 International consider officially recognizing Rotary Kids as a structured program
29 of RI.

(End of Text)

PURPOSE AND EFFECT

30 If implemented, this resolution would improve our public image, thus attracting
31 more members to our Rotary clubs and more contributions to The Rotary

- 1 Foundation. If approved, this program would help promote Rotary and its
2 initiatives, and in the process it will revitalize our Rotary clubs.

FINANCIAL IMPACT

- 3 If implemented, this resolution would result in an increase in expenses for RI. If
4 Rotary Kids is administrated as a structured program (similar to Interact),
5 expenses are estimated at US\$140,000 per year. This expense includes salary

PROPOSED RESOLUTION 16-132

To request the RI Board to consider revising the membership age limits for Interact

Proposer(s): District 2241, Republic of Moldova and Romania

Endorsed by: District 2241 through an annual district conference, Timisoara, Romania, 15-18 May 2014

1 WHEREAS, each country has a different age for the first year of school, from five
2 to seven and older, which leads to students graduating from high school at
3 different ages, from 17 to 19, meaning that at the age of 18, Interact club members
4 from both school-based and community-based clubs have either graduated or are
5 still students, and
6

7 WHEREAS, as a result, in Article IV, section 5 of the Standard Interact Club
8 Constitution, there is discrimination against Interact club members in different
9 types of clubs in terms of membership termination, which leads to inequity,
10 frustration and Interact club administration problems
11

12 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
13 International consider amending Article IV, section 5 of the Standard Interact
14 Club Constitution so that membership termination in both school and
15 community-based clubs (in connection with several schools) occurs at the time of
16 graduation and not upon reaching the age of 18. In this way, in the final year of
17 high school, a student can still be an Interact member and handle an officer
18 position at the club or district level, even if he or she is already 18.
19

20 in Article IV, section 5 of the Standard Interact Club Constitution (page 21 of the
21 Interact Handbook)
22

23 **Article: IV - Membership**

24

25 5. Membership shall automatically terminate (a) upon removal from the
26 community; (b) in a both school-based clubs, in connection with a school, and
27 community-based clubs, in connection with several schools, upon graduation or
28 otherwise ceasing to be a student in the last four years of school preceding the
29 university level in the area from which the membership is drawn ~~or~~; (c) in a
30 community-based club, not in connection with a school, ~~upon graduation or~~ upon
31 reaching the age of eighteen; ~~(e)~~ (d) by termination of the club; or ~~(d)~~ (e) by
32 failure to meet attendance requirements unless excused by the board of directors
33 of this club for good and sufficient reason.

(End of Text)

PURPOSE AND EFFECT

1 In many countries (like Romania), students graduate high school at 18-19 years
2 of age because they begin attending school at age seven and older.

3
4 Article IV, section 5 of the Standard Interact Club Constitution makes a
5 distinction between the procedures of termination of membership in the two
6 types of clubs, school-based and community-based:

- 7
- 8 • in a school-based club, reaching the age of eighteen does not bring about
- 9 termination of membership
- 10
- 11 • in a community-based club, reaching the age of eighteen does bring about
- 12 termination of membership, even if the member has not graduated
- 13

14 This distinction leads to discrimination against students from a community-
15 based club:

- 16
- 17 • when compared with their counterparts in the school-based club because they
- 18 are required to terminate their membership when reaching the age of
- 19 eighteen, even if they have not yet graduated; and
- 20
- 21 • when compared with their club colleagues who are in the same grade but a
- 22 couple of months younger, and who can remain members although they
- 23 graduate at the same time.
- 24

25 Because Interact club members are at the pre-university level, membership
26 termination for all students should be at the time of graduation and not upon
27 reaching the age of 18.

FINANCIAL IMPACT

28 If implemented, this resolution would have no substantial financial impact on RI.

PROPOSED RESOLUTION 16-133

To request the RI Board to consider lowering the maximum age for membership in Rotaract to 25

Proposer(s): Rotary Club of Curitiba-Imigrantes, District 4730, Brazil

Endorsed by: District 4730 through a ballot-by-mail, 15 December 2014

- 1 WHEREAS, currently most young adults complete their education before the age
2 of 25, and
3
4 WHEREAS, currently most young adults enter the job market before the age of
5 25, and
6
7 WHEREAS, an 18-year-old who is pursuing his/her education has different
8 interests than a 25-year-old who has already completed his/her education and
9 entered the job market
10
11 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
12 International consider lowering the maximum age for membership in Rotaract to
13 25.

(End of Text)

PURPOSE AND EFFECT

- 14 We hope to reduce the maximum age limit for a young adult to remain in a
15 Rotaract club, decrease the difference in opinions and interests among
16 Rotaractors, and allow those who reach the age limit to join Rotary clubs earlier,
17 which will contribute to membership development and renewal in Rotary clubs.

FINANCIAL IMPACT

- 18 If implemented, this resolution could have a financial impact on RI that cannot
19 be determined at this time, as we do not have data on the conversion rate of
20 former Rotaractors who join Rotary clubs.
21
22 There could potentially be an increase in revenues for RI if Rotaractors who
23 would have joined a Rotary club at age 30 choose to join Rotary clubs at age 25.

1 WHEREAS, Rotaractors often leave their clubs and eventually become Rotarians
2 a few years later, and

3
4 WHEREAS, there is a risk of losing potential Rotarians during this transition
5 period, and

6
7 WHEREAS, thirty-year olds generally have not yet gained the family, professional
8 and financial stability that would enable them to commit to Rotary

9
10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11 International consider raising the Rotaract age limit to 35.

(End of Text)

PURPOSE AND EFFECT

12 During their membership, Rotaractors experience friendship, ethics, service, and
13 team work, which helps them become outstanding Rotarians.

1 However, when they must leave Rotaract at the age of 30, they are often not able
2 to join a Rotary club for family (marriage, births), professional (lack of
3 availability at the beginning of their career), and financial reasons.
4
5 Extending the age limit to 35 would significantly increase chances for a smooth
6 transition to Rotary, and increase the number of young professionals in Rotaract.

FINANCIAL IMPACT

7 If implemented, this resolution could have a financial impact on RI that cannot
8 be determined at this time, as we do not have data on the conversion rate of
9 former Rotaractors who join Rotary clubs.
10
11 There could potentially be a decrease in revenues for RI if Rotaractors who would
12 have joined a Rotary club at age 30 choose to remain in their Rotaract club for an
13 additional five years and delay becoming Rotarians.

To request the RI Board to consider establishing Rotaract e-clubs

Proposer(s): General Council of RIBI, England

1 WHEREAS, Rotaract is recognized as a Rotary program recommended by the RI

3

4 WHEREAS, RI recognizes Rotary e-clubs as clubs which meet primarily online,
5 rather than in person, and which function like regular Rotary clubs and have all

8 Constitution and RI Bylaws, and
9

10 WHEREAS there is no equivalent provision in the Standard Rotaract Club
11 Constitution and Rotaract Bylaws
12

13 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary

15

- 16 a) establishing Rotaract e-clubs as recognized member clubs of RI and RIBI; and
17
18 b) effecting appropriate amendments to the Standard Rotaract Club Constitution

PURPOSE AND EFFECT

20 To encourage and develop Rotaract membership and afford to current and

PROPOSED RESOLUTION 16-136

To request the RI Board to consider promoting Rotary Cards

Proposer(s): Rotary Club of Chigasaki-Shonan, District 2780, Japan
Endorsed by: District 2780 through an annual district conference, Yokosuka, Kanagawa, Japan, 18 October 2014

1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider promoting Rotary Cards, the only official credit cards to
3 support The Rotary Foundation, in order to expand their use and encourage an
4 increase in contributions to The Rotary Foundation.

(End of Text)

PURPOSE AND EFFECT

5 The Rotary Foundation enables Rotarians to advance world understanding,
6 goodwill, and peace through the improvement of health, the support of
7 education, and the alleviation of poverty.

8
9 In order to fulfill these missions, The Rotary Foundation asks Rotarians, other
10 affiliated organizations and individuals for contributions. The collected
11 contributions are used to implement polio eradication activities and other
12 activities around the world that are aligned with the areas of focus.

13
14 Through the use of Rotary Cards, a certain percentage of the charged amounts is
15 contributed to The Rotary Foundation and used for the various activities of RI.

16
17 Today, credit cards are an important method of payment for both individuals and
18 organizations. Because Rotary Cards have the superior feature of supporting The
19 Rotary Foundation through their uses, promoting such cards would increase
20 contributions to The Rotary Foundation.

FINANCIAL IMPACT

21 If implemented, this resolution could have a financial impact on RI which cannot
22 be determined at this time. Cost would be dependent on the scope and extent of
23 support provided by the RI Board to promote Rotary Cards.

24
25 Promotional expenses could include creative development, promotional events,
26 paid media, advertising, mailing, printing and promotional travel.

- 1 RI currently has an affinity card program that generates income for RI averaging
- 2 approximately US\$400,000 per year. RI donates the proceeds of this program to

To request the RI Board to consider establishing a 21st Century Rotary District Museum

Proposer(s): Rotary Club of Medellín, District 4271, Colombia

Endorsed by: District 4271 through a ballot-by-mail, 20 December 2014

- 1 WHEREAS, Rotary International celebrated its centennial in 2005 and The
2 Rotary Foundation will celebrate its centennial in 2017, and
3
4 WHEREAS, art, as an expression of values and culture, fulfills a social and
5 educational need and fosters mutual knowledge and understanding among the
6 communities in the countries and regions where Rotary operates, and
7
8 WHEREAS, a Rotary district museum to exhibit works from the best artists
9 representing the 532 Rotary districts would further mutual knowledge and
10 understanding among nations
11
12 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
13 International consider establishing a 21st Century Rotary District Museum by
14 taking the following actions:
15
16 1. Each Rotary district will agree to obtain and donate the one or several works
17 of idealized art created by artists from the district or country in which the
18 district is located.
19
20 2. RI will request government authorities and philanthropists in the host
21 location to donate to Rotary and The Rotary Foundation a space to exhibit the
22 works of the 21st Century Rotary District Museum.
23
24 3. The 21st Century Rotary District Museum will display art and promote peace
25 and understanding among regions and nations.

(End of Text)

PURPOSE AND EFFECT

26 The purpose of this resolution is to establish a museum in Evanston, Chicago,
27 New York or anywhere RI and The Rotary Foundation think convenient. Each
28 district will agree to obtain and to donate to the museum one or several works of
29 idealized art created by artists from the district or country in which the district is
30 located.

1 Local government authorities and philanthropists will be requested to donate to
2 RI or The Rotary Foundation the space where the museum will be located and a
3 competitive process established for its planning and design by Rotarian
4 architects.

5
6 We hope that once the museum is built, it will be used to promote the arts and
7 culture of different peoples and, through Rotary, it will promote peace, service
8 and world understanding through art and culture, among people of all races,
9 religions, social status, or economic situations.

FINANCIAL IMPACT

10 If implemented, this resolution could have a substantial financial impact on RI
11 which cannot be determined at this time.

12
13 Assuming the space and exhibits are donated, other expenditures would be
14 required to operate museum activities. These would include staff resources,
15 insurance, maintenance, utilities and security. The exact amount of these
16 expenses would be contingent upon the scope, size and location of the museum

PROPOSED RESOLUTION 16-138

To request the RI Board to consider adding the keyword “family” to the statements on opportunities for service

Proposer(s): Rotary Club of Higashichita, District 2760, Japan

Endorsed by: District 2760 through a district resolutions meeting, Nagoya, Aichi, Japan, 8 November 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider adding the keyword “family” to the statements on
3 opportunities for service.

(End of Text)

PURPOSE AND EFFECT

- 4 This proposed resolution requests the RI Board to recommend including family
5 support activities (such as care of family members, childbirth, and childrearing)
6 in club activities, in recognition of their importance.

- 7
8 Two-income households are increasingly common, and increasingly necessary, in
9 modern society. With both parents working late, children are too often left alone
10 in dusty, uncleaned homes and socialized with video games. Family meals are
11 eaten at restaurants or come from convenience stores. In developed countries,
12 birth rates are declining, while in developing countries, children lack adequate
13 learning opportunities or protection.

- 14
15 Attention to the daily lives of young people, support of their development, as well
16 as support of young parents in their efforts at childrearing, childcare, and
17 household management, are essential in maintaining families in contemporary
18 society.

- 19
20 Therefore, we would like to propose the addition of “family” as a keyword to the
21 statements on opportunities for service.

FINANCIAL IMPACT

- 22 If implemented, this resolution would have no substantial financial impact on RI.

3 the establishment of an endowment “for the purpose of doing good in the world,”
4 and

5
6 WHEREAS, the endowment fund was renamed The Rotary Foundation at the

9
10 WHEREAS, since the first donation of US\$26.50 by the Rotary Club of Kansas

13
14 WHEREAS, the Foundation has touched the lives of millions of people around
15 the world through polio eradication, humanitarian grants, international
16 scholarships and fellowships, group study exchange teams, Rotary peace centers,

18
19 NOW, THEREFORE, IT IS RESOLVED by the 2016 Council on Legislation that
20 Rotary International and its member clubs should celebrate and commemorate
21 the 100th anniversary of The Rotary Foundation in 2016-2017 and should
22 encourage all Rotarians to mark the centennial anniversary by participating in
23 the Foundation programs and supporting the Foundation in their charitable
24 giving.

(End of Text)

PURPOSE AND EFFECT

25 This proposed resolution is intended to call to the attention of Rotarians
26 throughout the world that The Rotary Foundation will celebrate its centennial in
27 2016-2017. An important milestone such as this should be highlighted in order
28 to serve as a catalyst for new members, new donors and greater participation in
29 the programs of The Rotary Foundation. Passage of this resolution will greatly
30 assist in the promotion of the centennial. Action by the Council is an important
31 endorsement for a large-scale, multi-year celebration.

FINANCIAL IMPACT

- 1 If implemented, this resolution would result in an increase in expenses to RI and
2 The Rotary Foundation which cannot be determined at this time. Costs would be
3 dependent on the scope and extent of support provided by the Boards for the
4 centennial anniversary of The Rotary Foundation. There are several activities

9 WHEREAS, the amount required for district grants is small enough to allow
10 participation of most clubs, according to the way many districts implement their
11 projects, but is not adequate to fund projects started by clubs
12
13 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
14 International consider requesting the Trustees of The Rotary Foundation to
15 consider establishing a new type of grant within district grants, allowing funding
16 from an international club or district, and from the World Fund.

(End of Text)

PURPOSE AND EFFECT

- 17 If approved by The Rotary Foundation Trustees, this resolution would help
18 develop more projects by smaller clubs in small communities.
19
20 These grants would increase the impact of Rotary upon these communities. They
21 would be managed by the districts, in the same manner as district grants, and
22 would receive external funding and funding from the World Fund. Since these
23 grants would not be too big, the World Fund's stability would not be affected.

FINANCIAL IMPACT

- 24 If implemented, this resolution would have a financial impact on The Rotary
25 Foundation which cannot be determined at this time. The administrative cost
26 could be similar to the administration of the Matching Grant model, which

1 averaged US\$2.2 million annually (prior to the new grant model for Future
2 Vision).

3

4 The cost of reintroducing this type of program would be dependent on whether
5 grants are administered manually or electronically. Manual processing would
6 require significant administrative support, while electronic processing would
7 require extensive modifications to existing software, and project estimates are
8 currently not available for this expense.

8 IT IS RESOLVED by Rotary International that the Board of Directors of
9 Rotary International consider requesting the Trustees of The Rotary Foundation
10 to consider amending the terms and conditions for Rotary Foundation grants to

To request the Trustees to consider allowing district grant subcommittee chairs to monitor and review online grant applications

Proposer(s): Rotary Club of Surabaya Metropolitan, District 3420, Indonesia

Endorsed by: District 3420 through a ballot-by-mail, 17 May 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider requesting the Trustees of The Rotary Foundation to
3 consider allowing the district grants subcommittee chair (DGSC) to monitor and
4 review online all the grant applications for his/her district.

(End of Text)

PURPOSE AND EFFECT

5 Under the proposed arrangement:

- 6
- 7 1. There would be no delay in processing grant applications due to the absence
8 of a district Rotary Foundation chair.
- 9
- 10 2. Grant applications would be more thoroughly monitored and reviewed.
- 11
- 12 3. District grants subcommittee chairs would be charged with and responsible
13 for monitoring and reviewing grant applications in their districts, as they were
14 prior to the implementation of the Future Vision Plan.

FINANCIAL IMPACT

Proposer(s): Rotary Club of Three Rivers (Vereeniging), District 9400,

Endorsed by: District 9400 through a ballot-by-mail, 5 August 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary

3 consider making planet earth either a new focus area in RI's official statement of
4 areas of focus or, alternatively, incorporating environment and care of planet
5 earth as part of peace and conflict resolution, which is our first area of focus.
6 When people care for the land and environment, there will be plenty for all and

(End of Text)

PURPOSE AND EFFECT

- 8 It is considered that unless the environment and planet earth are adequately

13 consider reinstating funding from the carried over District Designated Fund for
14 scholarships to support graduate students in areas not related to the areas of
15 focus.

(End of Text)

PURPOSE AND EFFECT

16 District 2630 has awarded many Ambassadorial Scholarships to graduate
17 students focused on art and other scholarly studies.
18
19 We have musician alumni who have organized charity concerts for polio
20 eradication and donated JP ¥1,000,000 (US\$8,418) per concert to the PolioPlus
21 Fund.
22
23 It is very unfortunate that the full implementation of the Future Vision Plan has

To request the Trustees to consider adding protection and empowerment of youth as a seventh area of focus

Proposer(s): District 3662, Korea

Endorsed by: District 3662 through a ballot-by-mail, 23 December 2014

1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider requesting the Trustees of The Rotary Foundation to
3 consider adding protection and empowerment of youth as a seventh area of focus
4 to further vitalize activities that support the younger generation, and that specific
5 pursuits and activities falling under this category among Rotary's existing and
6 potential programs be systematized accordingly.

(End of Text)

PURPOSE AND EFFECT

7 The six areas of focus represent Rotary's top priorities for service among the
8 challenges currently faced by humanity. That consideration of the younger
9 generations, on whom the future of both Rotary and the world rests, is omitted
10 from these areas of focus not only poses a problem in itself, but is also
11 inconsistent with Rotary's existing policies, which take an active approach to the
12 issue by including Youth Service among the five Avenues of Service, etc.

13
14 Adding activities that address youth-related issues to the areas of focus can yield
15 the following benefits:

- 16
17 1) Easier and greater financial support for Youth Service activities through
18 global grants
19
20 2) Better-organized youth protection and empowerment projects, which will
21 help foster their vitalization
22
23 3) Enhancement of mutual trust and partnership between Rotary and youth
24
25 4) Recognition for Rotary as a leader in youth empowerment, which will
26 strengthen our public image

To request the Trustees to consider making grandchildren of Rotarians eligible for Rotary Foundation award programs

Proposer(s): Rotary Club of Alexandra, District 9790, Australia
Rotary Club of Glen Waverley, District 9810, Australia

Endorsed by: District 9790 through a ballot-by-mail, 23 November - 19 December 2014
District 9810 through a district resolutions meeting, Wheelers Hill, Victoria, Australia, 14 November 2014

1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider requesting the Trustees of The Rotary Foundation to
3 consider removing the word “grandchild” as a qualification and ineligibility for
4 Rotary Foundation award programs.

5
6 2013 *Manual of Procedure*, page 81

7
8 **Ineligibility for Foundation Grant Awards**

9 No award under programs supported by The Rotary Foundation will be made
10 to a Rotarian, with the specific exemption of all volunteer services as
11 identified by the Trustees; an employee of a club, district, or other Rotary
12 Entity, or of RI; a spouse, a lineal descendant (child ~~or grandchild~~ by blood
13 and any legally adopted child), a spouse of a lineal descendant, or an ancestor
14 (parent or grandparent by blood) of any person in the above two categories.
15 (TRFB 9.3) Persons ineligible under this policy remain ineligible for 36
16 months after a Rotarian resigns his or her club membership.

17 The ideal of service is best exemplified by a policy that provides, in effect,
18 that those who contribute to the Foundation should not also benefit from
19 Foundation programs, either directly or indirectly. The Rotary motto Service
20 Above Self is best exemplified through charitable and educational programs
21 based on unselfish service to deserving persons who are not Rotarians or their
22 relatives.

23
24 IT IS FURTHER RESOLVED by Rotary International that the Board of Directors
25 of Rotary International consider requesting the Trustees of The Rotary
26 Foundation to consider amending Section 9.3 of The Rotary Foundation Bylaws
27 to include grandchildren among the persons eligible for Rotary Foundation
28 award programs as follows:

29
30 **Article IX Miscellaneous**

1 **Section 9.3 — Grant Policy.** The following persons are ineligible for any
2 award or grant from the Foundation:

- 3
4 (c) a spouse, a lineal descendant (child ~~or grandchild~~ by blood and any
5 legally adopted child), a spouse of a lineal descendant, or an ancestor
6 (parent or grandparent by blood) of any person in categories (a) or (b).

(End of Text)

PURPOSE AND EFFECT

7 This resolution seeks to have the RI Board consider requesting the Trustees of
8 The Rotary Foundation to allow grandchildren of Rotarians to be eligible for
9 Rotary Foundation award programs.

10
11 As Rotarians become older, the prospects of grandchildren reaching the age
12 where they could apply for Rotary Foundation award programs increase.
13 Children of Rotarians have been and still are excluded from taking part and that
14 is the choice of the parent Rotarian. To put the same ineligibility onto another
15 generation is rather severe and could disqualify many fine young leaders.

FINANCIAL IMPACT

16 If implemented, this resolution would have no substantial financial impact on

PROPOSED RESOLUTION 16-147

To request the RI Board to consider ending the governor selection pilot in India

Proposer(s): Rotary Club of Bhubaneswar, District 3262, India

Endorsed by: District 3262 through a district resolutions meeting,
Bhubaneswar, Odisha, India, 17 November 2014

- 1 WHEREAS, RI encourages a uniform and universal system of elections so as to
2 provide equal opportunities to all clubs, and
3
4 WHEREAS, RI Bylaws Article 13 provides foolproof procedures for the election of
5 the district governor which are still followed all over the world
6
7 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
8 International consider the legal necessity to revert, for RI districts in India, to the
9 existing provisions in the RI Bylaws by superseding the pilot projects which are
10 not conducive to feelings of friendship or a reduction in frayed opinions.

(End of Text)

PURPOSE AND EFFECT

- 11 In view of increasing litigation in the election of district governors in terms of RI
12 Bylaws Article 13, an innovative procedure in terms of a pilot project for only the
13 districts in India was introduced. While it may have some administrative gains,
14 the field complications have not reduced. On the contrary, a huge amount of
15 time in the Rotary year is lost to electioneering, with frayed opinions and broken
16 friendships. The present prescriptions seem to be more complicated than the
17 disease. The general opinion among the majority of Rotarians is to continue in
18 terms of the provisions of RI Bylaws Article 13.

PROPOSED RESOLUTION 16-148

To request the RI Board to consider revising the assistant governor selection criteria in the Rotary Code of Policies

Proposer(s): Rotary Club of Mangalore North, District 3180, India

Endorsed by: District 3180 through a ballot-by-mail, 27 December 2014

1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider amending the Rotary Code of Policies (January 2015) in
3 Chapter III Districts and specifically in Article 17 as to the minimum criteria used
4 in selecting assistant governors, as follows:
5

6 **Article 17. Rotary Districts**
7

8 **17.030. District Organization and Administration**
9

10 17.030.2. Assistant Governors
11

12 Minimum criteria in selecting assistant governors include:
13

- 14 a) membership, other than honorary, in good standing in a club in the
15 district for at least ~~three~~ five years
16 b) service as president of a club for a full term, or as a charter president of
17 a club having served the full term from the date of charter to 30 June,
18 provided that this period is at least six months
19 c) attended at least two district conferences and two district assemblies
20 during the three-year period following completion of term as club
21 president
22 e) ~~d)~~ willingness and ability to accept the responsibilities of assistant
23 governor
24 ~~d)~~ e) demonstrated outstanding performance at the district and zone level
25 ~~e)~~ f) potential for future leadership in the district
26

27 Governors-elect shall consider only such Rotarians in the appointment of
28 assistant governors, who shall be given charge of no more than eight clubs
29 and no less than four clubs.

(End of Text)

PURPOSE AND EFFECT

1 The assistant governor position plays a vital role in the overall development of
2 clubs. Therefore, the selection for such a post should be done judiciously by
3 adopting proper selection procedures. Though there are qualification criteria
4 prescribed in the 2013 *Manual of Procedure*, it is extremely disturbing to see that
5 they are not followed in spirit and principle. This proposal would add several
6 new eligibility criteria to those already existing, thus enhancing the credibility,
7 efficiency and transparency of the selection process and helping governors in
8 their search for experienced, effective leaders who can function properly in the
9 post. The eligibility criteria that are proposed in this resolution have been
10 articulated by RI for the selection of governors-nominee and also directors-
11 nominee.

FINANCIAL IMPACT

12 If implemented, this resolution could have a financial impact on RI which cannot
13 be determined at this time. The proposal recommends a maximum of eight clubs
14 per assistant governor. Costs would be dependent on whether this will increase
15 the number of assistant governors as well as the funding to district governors to
16 support these activities.

Proposer(s): Rotary Club of Chigasaki, District 2780, Japan

Endorsed by: District 2780 through an annual district conference, Yokosuka, Kanagawa, Japan, 18 October 2014

- 1 WHEREAS, district secretaries play an important role and have major
2 responsibilities in assisting the governor in preparing for district meetings,
3 overseeing communications of various types, and maintaining meeting minutes
4
5 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
6 International consider acknowledging the role and responsibilities of district
7 secretaries by including them in the District Leadership Plan.

(End of Text)

PURPOSE AND EFFECT

- 8 The purpose of the District Leadership Plan is to energize Rotary at both the
9 district and the club level by making district support for clubs more timely and
10 appropriate; developing well-trained district leaders; promoting participation in
11 The Rotary Foundation and district activities; and making it possible for district
12 governors to become innovative leaders.
13
14 District secretaries, who provide key assistance to the governors in district
15 operations, have important roles and responsibilities that are different from
16 those of assistant governors. Without district secretaries, the districts cannot
17 implement the District Leadership Plan effectively.
18
19 Therefore, district secretaries' important role and responsibilities should be

To request the RI Board to consider defining a quorum for ballot-by-mail votes

Proposer(s): Rotary Club of Alexandria Cosmopolitan, District 2451, Egypt

Endorsed by: District 2451 through a ballot-by-mail, 20 December 2014

1 WHEREAS, in the Recommended Rotary Club Bylaws there is no defined
2 mention of what constitutes a “quorum” in the case of a ballot-by-mail called for
3 by RI or the governor, and
4

5 WHEREAS, important matters to be voted upon, like elections of RI officers, are
6 left to an undefined number of club members
7

8 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
9 International consider that, in the case of a ballot-by-mail called for by RI and/or
10 the governor, a quorum, at a club meeting dedicated to voting, shall consist of 50
11 percent plus one of the total number of club members and not the total number
12 in attendance.

(End of Text)

PURPOSE AND EFFECT

13 As an undefined number of club members voting can affect major decisions, a
14 vote unrepresentative of a majority can affect and skew decisions desired by the
15 majority. The purpose of defining a minimum quorum is to ensure a majority
16 representation among votes. If a vote by club members is with a quorum less

To request the RI Board to consider reminding clubs of their autonomy

Proposer(s): Rotary Club of Takarazuka-Naka, District 2680, Japan
Endorsed by: District 2680 through an annual district conference, Kobe, Hyogo, Japan, 2 March 2014

1 WHEREAS, vibrant activities by self-motivated clubs energize Rotary, and
2
3 WHEREAS, the Rotary Code of Policies Section 8.010. provides that “Clubs
4 should develop their own programs according to the needs of their communities.
5 It is not within the scope of the program of RI to sponsor or prescribe for any club
6 a particular service project or program.” In other words, RI and clubs are equal,
7 and neither is above the other. Therefore, clubs should not consider that the
8 programs recommended by RI are imposed on them, or to the contrary, that
9 implementing those programs alone is sufficient
10
11 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
12 International consider reminding clubs that each club is autonomous, inasmuch
13 as it acts in a manner consistent with the RI Constitution, RI Bylaws, Standard
14 Rotary Club Constitution and the Rotary Code of Policies, so that the clubs
15 understand the real meaning of autonomy.

(End of Text)

PURPOSE AND EFFECT

16 Individual clubs energize Rotary when they are vibrant and self-motivated. Clubs
17 are able to serve their communities, better and more, when they not only
18 consider implementing RI-recommended programs, but also demonstrate their
19 autonomy by proactively undertaking service projects and programs based on
20 community needs.

21
22 Therefore, we believe that the RI Board needs to consider reminding clubs that
23 each club is autonomous, as long as it acts in a manner consistent with the RI
24 Constitution, RI Bylaws, Standard Rotary Club Constitution and Rotary Code of
25 Policies, so that the clubs understand the real meaning of autonomy.

3
4 WHEREAS, Rotarians' productivity can be defined as the correlation between the
5 amount of data entered and the amount of resources used, in order to monitor
6 the use of RI's resources
7
8 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
9 International consider suggesting a productivity officer position, at the club and
10 district levels. This position would be a part of the club or district organizational
11 chart and enable RI to properly monitor the use of its online tools.

(End of Text)

PURPOSE AND EFFECT

- 12 In our zone, among Rotary Club Central users, only 15 percent accessed the
13 section related to club information and only 12 percent accessed the Rotary
14 leaders' training section. These percentages are very low to properly assess any
15 membership progress. If a productivity officer position were created, we would

To request the RI Board to consider encouraging the use of local language when conducting club business

Proposer(s): Rotary Club of Bhubaneswar, District 3262, India

Endorsed by: District 3262 through a district resolutions meeting,
Bhubaneswar, Odisha, India, 17 November 2014

- 1 WHEREAS, RI encourages growth of membership, both internally to a club and
2 externally, and promotes effective fellowship in order to fulfill the Object of
3 Rotary, and
4
5 WHEREAS, it is necessary to provide effective means of communication amongst
6 the members and contact with the local government and individuals who
7 correspond, as a matter of state policy, in the local language
8
9 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
10 International consider taking steps to promote the use of local languages in the
11 conduct of club business and with local government and institutions, both for
12 effective interaction and friendly acceptance of Rotary clubs in society.

(End of Text)

PURPOSE AND EFFECT

- 13 It is seen that local governments and institutions increasingly encourage and
14 correspond only in the local language as a matter of state policy. Correspondence
15 made in English does not elicit adequate attention or enthusiasm amongst the
16 functionaries. Hence, many issues and concerns remain unattended.
17
18 Another issue which requires consideration is the sentimental concern of ever-
19 increasing numbers of Rotarians to express themselves, orally and in written
20 format, in the local language as approved by the local government. This, however,
21 excludes the use of dialects.
22

PROPOSED RESOLUTION 16-155

To request the RI Board to consider encouraging Rotarians to adopt a simple method to open and close a meeting by a declaration of the chair

Proposer(s): District 3640, Korea

Endorsed by: District 3640 through a district resolutions meeting, Seoul, Korea, 12 December 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider encouraging Rotarians to adopt a simple method to open
3 and close a meeting by a declaration of the chair.

(End of Text)

PURPOSE AND EFFECT

- 4 The RI Constitution and the RI Bylaws do not specify the opening or closing
5 procedure of a meeting. Therefore, most clubs open and close their regular
6 meetings by ringing a bell. These days, club meetings take place in various places.
7 Therefore, it is inconvenient for a club to carry and store a bell.
8
9 If the RI Constitution and the RI Bylaws were to specify a simple procedure for
10 opening and closing a meeting, Rotary meetings in the various parts of the world
11 would be held in a more simple way.

FINANCIAL IMPACT

- 12 If implemented, this resolution would have no substantial financial impact on RI.

PROPOSED RESOLUTION 16-156

To request the RI Board to consider allowing districts to decide if they would like a president's representative to attend their district conferences

Proposer(s): District 1610, The Netherlands

Endorsed by: District 1610 through a ballot-by-mail, 15 October 2014

1 WHEREAS, the form and character of district conferences differs from district to
2 district, for instance in the duration of the conference, the number of activities
3 planned and the focus on district, regional and international subjects, and
4
5 WHEREAS, the number of training facilities, workshops, etc. - all of a time-
6 consuming nature - has been increasing in late years and is expected to increase
7 even more, and
8
9 WHEREAS, due to the developments mentioned above, the district will not
10 always be able to offer the president's representative the hospitality and courtesy
11 he or she is entitled to
12
13 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
14 International consider amending Sections 22.020. and 22.030. of the current
15 Rotary Code of Policies thus that a district is no longer required to have a
16 president's representative attend its district conference but may renounce that
17 favor in cases where it finds it difficult to integrate the visit in the conference
18 program.

(End of Text)

PURPOSE AND EFFECT

19 It is a long and outstanding tradition that district conferences are attended by a
20 representative of the RI president. In that way, the international character of
21 Rotary is emphasized and it enables RI to stress actual points of interest or
22 concern.
23

24 However, the nature of district conferences has changed considerably, not only in
25 our district or region but worldwide. Most conferences take less than the two
26 days required as a minimum, let alone three days. On the other hand, often many
27 more activities are planned in a conference with a duration of not more than one
28 day. We spend much more time on training activities, for instance, because we
29 consider that of the utmost importance. Moreover, the president's message
30 nowadays is easily available through the Internet, on the websites of RI and of
31 districts, on Facebook, etc.

1 We have observed in our district and in other European districts that, contrary to
2 sections 22.020. and 22.030., the president's representative often does not have
3 the opportunity to address the conference several times or for the duration
4 prescribed. In most cases, there is no opportunity to visit clubs or meet more
5 than a few Rotarians, sometimes also on account of the restricted schedule of the
6 representative.

7
8 Although we acknowledge the importance of the international ties, we therefore
9 think that due to the aforementioned developments, viz. the changed character
10 and duration of the district conference, the increased number of activities, and
11 the modern means of communicating RI's themes, districts should be allowed to
12 decide whether they would like a president's representative to attend their
13 conference.

FINANCIAL IMPACT

14 If implemented, this resolution would result in a decrease in expenses for RI if
15 districts opt not to have a presidential representative at their district conference.

16
17 The annual cost of president's representatives is approximately US\$900,000
18 based on average expenses over three fiscal years, 2011-2012 through 2013-2014.
19 The expenses include airfare and hotel expenses for president's representatives
20 and spouses, and administrative support to manage president's representative
21 assignments.

PROPOSED RESOLUTION 16-157

To request the RI Board to consider providing all district conferences with a video message from the RI president

Proposer(s): District 1610, The Netherlands

Endorsed by: District 1610 through a ballot-by-mail, 15 October 2014

- 1 WHEREAS, the success and results in terms of motivation of a district conference
2 would benefit from an inspirational, motivational and educational address of the
3 RI president, and
4
5 WHEREAS, the RI president obviously will not be able to attend more than a very
6 select number of district conferences, and
7
8 WHEREAS, modern means of communication, i.e., video messages - for instance
9 with a duration of about five minutes - could easily solve this problem and such
10 messages could be given an important place in the program
11
12 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
13 International consider providing all districts with a uniform video message for
14 their district conferences.

(End of Text)

PURPOSE AND EFFECT

- 15 Clubs and districts often have their focus on local or district points of interest and
16 are not always fully aware of the international character of Rotary. An excellent
17 means to show that Rotarians have a common interest, often have to face similar
18 problems and can be motivated by similar challenges would be an address by the
19 RI president at the district conference. Governors-elect have experienced that in
20 their trainings in San Diego and elsewhere.
21
22 Because it is impossible for the RI president to address all conferences in person,
23 an alternative could be found in a uniform video message by the RI president
24 which will be available to all districts. The message should get a prominent place
25 in the district's program.

FINANCIAL IMPACT

- 26 If implemented, this resolution would have no substantial financial impact on RI,
27 if president's representatives continue to attend district conferences.
28

1 Producing and circulating a presidential video message would not have a
2 substantial financial impact.
3
4 The annual cost of president's representatives is approximately US\$900,000
5 based on average expenses over three fiscal years, 2011-2012 through 2013-2014.

PROPOSED RESOLUTION 16-158

To request the RI Board to consider using video presentations at district conferences

Proposer(s): Rotary Club of Taipei Ta-an, District 3480, Taiwan

Endorsed by: District 3480 through a ballot-by-mail, 17 November 2014

1 WHEREAS, RI sends a president's representative to district conferences

2

3 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
4 International consider distributing videos of all important messages, information
5 concerning RI/The Rotary Foundation updated situations, and objectives for
6 each new Rotary year instead of sending the president's representative to district
7 conferences so as to eliminate all the undue time, formalities and expenses
8 devoted therein.

(End of Text)

PURPOSE AND EFFECT

9 In view of the fact that president's representatives are generally appointed in
10 consideration of different causes and reasons, it is hard for the districts to expect
11 them to be in a proper capacity to carry out their obligations and responsibilities
12 to a great extent. Yet district conference preparatory committee members as well
13 as fellow Rotarians involved must devote a lot of time and expense in attending
14 president's representatives with limited functions and contributions toward the
15 districts' growth and development. Not even to mention the travel expenses to be
16 borne by RI for 534 districts around the world. Therefore, we would propose to
17 have RI distribute videos of all important messages and information concerning
18 updated situations and objectives for RI and The Rotary Foundation for each new
19 Rotary year for presentation at the district conferences in English only and
20 districts can translate them into their local languages by themselves if required.
21 The cost of production and mailing of the videos can be shared by the districts if
22 needed, the expenses of which must be much less than that of taking care of
23 president's representatives during their stay. In doing so, we not only can save a
24 great deal of effort and money but also the videos provided by RI can be kept
25 permanently for future reference and/or historical review.

FINANCIAL IMPACT

26 If implemented, this resolution would result in a decrease in expenses for RI if a
27 presidential video message is provided in place of in-person representatives.

1 The decrease in expenses is estimated at US\$900,000 based on average expenses
2 over three fiscal years, 2011-2012 through 2013-2014. The reduction includes
3 airfare and hotel expenses for president's representatives and spouses, and
4 administrative support to manage president's representative assignments.
5
6 Producing and circulating a presidential video message would not have a
7 substantial financial impact.

Proposer(s): District 4420, Brazil

Endorsed by: District 4420 through a district resolutions meeting, São Paulo, São Paulo, Brazil, 6 December 2014

1 WHEREAS, we see an increase of the use of electronic devices throughout the
2 world, and
3
4 WHEREAS, the use of electronic equipment is favored by new generations, and
5
6 WHEREAS, club meetings are made more dynamic by the use of such equipment,
7 and
8
9 WHEREAS, electronic equipment is a way to modernize the image and processes
10 of clubs, and
11
12 WHEREAS, music is used successfully by institutions, such as churches, to
13 attract and retain members, and
14
15 WHEREAS, music is a universal language that individuals of different social and
16 economic groups understand, and
17
18 WHEREAS, this would be a creative and attractive way to encourage the singing
19 of the Rotary anthem at club meetings
20
21 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
22 International consider encouraging the use of electronic and musical equipment
23 at club meetings.

(End of Text)

PURPOSE AND EFFECT

- 24 • The use of tools such as televisions, projectors and computers should be
25 encouraged as a means of supporting the meeting and making it more
26 dynamic. It also increases the reach and objectivity of the messages.
27 • Electronic equipment can be used to present the agenda of the meeting to
28 members and participants. In the absence of such equipment, we are forced
29 to distribute hard copies of the agenda. This way, all the people present will
30 know the agenda, not only the club board.
31 • The use of such equipment will increase the association of young people who

- 1 are used to electronic devices in clubs.
2 • The use of instruments works in moments of relaxation in meetings and helps
3 unify the group.
4 • Music encourages members to participate in activities outside of Rotary,
5 strengthening the relationship between them.

To request the RI Board to consider establishing a nominating committee for zone coordinators

Proposer(s): District 1720, France

Endorsed by: District 1720 through a ballot-by-mail, 13 December 2014

1 WHEREAS, the nomination of regional coordinators and other appointments are
2 done through cooptation

3
4 IT IS RESOLVED by Rotary International that the Board of Directors of
5 Rotary International consider replacing the current procedure for the selection of
6 zone coordinators and other appointments by using a nominating committee
7 appointed by all the districts in the zone.

(End of Text)

PURPOSE AND EFFECT

8 While the current selection process encourages a convergence of views between
9 the RI director and his/her coordinators, it does so without the consensus of the
10 districts in the zone. The current selection procedure may lead to a lack of
11 transparency and possible complaints. The nomination of coordinators through
12 a nominating committee appointed by all the districts in the zone would bring
13 greater legitimacy to the process.

FINANCIAL IMPACT

14 If implemented, this resolution would result in an increase in expenses for RI. If
15 the RI Board assigns a nominating committee for zone coordinators, expenses are
16 estimated at US\$30,000 per meeting for a six-member committee. Additional
17 expenses would be incurred to support a nominating process which cannot be

PROPOSED RESOLUTION 16-162

To request the RI Board to consider redrawing the boundaries of Zone 20

Proposer(s): District 9212, Eritrea, Ethiopia, Kenya, and South Sudan
Endorsed by: District 9212 through a ballot-by-mail, 19-29 December 2014

- 1 WHEREAS, the current regulations provide that each zone has to have a
2 minimum of 30,000 Rotarians and, because of this regulation, Africa is currently
3 in Zone 20, which also includes other Rotary districts in Europe and the Middle
4 East, and
5
6 WHEREAS, because Africa is included in a zone with other districts not in Africa,
7 it only gets an opportunity to nominate and elect a director to the RI Board once
8 in every six years
9
10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11 International consider reconstituting Africa into a zone of its own and thus
12 entitling it to nominate a director every election.

(End of Text)

PURPOSE AND EFFECT

- 13 Due to the current regulation, Africa is currently divided into Zones 20A and
14 20B, which contain some countries that are in Europe and in the Middle East,
15 which is not beneficial to Africa as the demographics are different in these
16 different regions and therefore the issues of Rotary in Africa do not get the
17 attention they deserve.
18
19 We propose that Africa should be treated as a special case on the following
20 grounds:
21
22 1. Our zone comprises nearly half the countries in Rotary and it is physically
23 impossible for one director to represent the views of the whole zone.
24
25 2. As currently constituted, Africa gets an opportunity to nominate an African
26 director every six years, which amounts to underrepresenting such a large
27 area.
28
29 We therefore propose that Africa be considered a separate zone by either a
30 relaxation of this rule or by redrawing the boundaries of Zone 20 so that the
31 current districts based in Europe and the Middle East merge with other zones
32 and our zone is left as it is, giving us our own director.

1 We feel that having our own director from Africa will be advantageous as he/she
2 will advocate and support policies which promote the growth of Rotary in Africa.
3
4 The purpose of this proposal is to reflect the varying dimensions of Rotary
5 worldwide and, specifically, its internal democracy and fairness of
6 representation.

FINANCIAL IMPACT

7 If implemented, this resolution would result in an increase in expenses for RI
8 which cannot be determined at this time. Cost would be dependent on the scope
9 and extent of support provided by the RI Board to study and redraw the
10 boundaries of Zone 20 and other impacted zones. Expenses for a six-member
11 committee to consider this proposal are estimated to be US\$30,000 per meeting.

PROPOSED RESOLUTION 16-163

To request the RI Board to consider forming an e-district for e-clubs

Proposer(s): E-Club of District 7040-Premier, District 7040, Canada

Endorsed by: District 7040 through a district resolutions meeting, Cornwall, Ontario, Canada, 22 November 2014

1 WHEREAS, they drive global grants projects, share their ideas and join their
2 forces to be more efficient. Rotary e-clubs whose members live in different
3 countries find a natural way of sharing their cultures and contribute to peace in
4 the world at each meeting, working together and learning from each other, and
5

6 WHEREAS, Rotary e-clubs are a real success worldwide as there are now more
7 than 190 and still growing all over the world, and
8

9 WHEREAS, e-clubs have developed true fellowship and do good in the world with
10 true actions without borders as any Rotary club, and
11

12 WHEREAS, many e-clubs are facing the same problems and are thinking about
13 the necessary adaptation to the new management by the Internet (financial
14 organization, insurance, grants and project management, training of new
15 members, training sessions for presidents and grants management, receipt for
16 donations, presence at the weekly e-meeting, etc.), and
17

18 WHEREAS, as a result, the formation of an e-district should be considered
19

20 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
21 International consider forming a district comprising only e-clubs so that e-clubs
22 around the world may share their successes and stumbling blocks with each
23 other, working toward a goal of networking and doing good in the world.

(End of Text)

PURPOSE AND EFFECT

24 E-clubs are a recent adaptation to membership by RI acknowledging the global
25 world in which we live and work. Regardless of assignment to specific
26 geographically-based districts, e-clubs are facing similar obstacles in
27 implementing their 'good works' and are thinking about the necessary adaptation
28 to the new management by the Internet (financial organization, insurance, grants
29 and project management, training of new members, training sessions for
30 presidents and grants management, receipt for donations, presence at the weekly
31 e-meeting, etc.). Allowing for the formation of a global e-district, RI would align

1 clubs with similar outlooks on training, prospecting for members, induction of
2 new members, and retention of members. Sharing through a district conference
3 with a governor who is solely focused on development and retention of e-clubs
4 would enhance this new way of doing Rotary.

FINANCIAL IMPACT

5 If implemented, this resolution would result in an increase in expenses for RI
6 which cannot be determined at this time. Cost would be dependent on the scope
7 and extent of support provided by the RI Board for forming an e-district for e-
8 clubs. The estimated average RI cost per district is US\$40,000, primarily driven
9 by the district governor's training at the International Assembly, allocation and
10 administrative support.

Proposer(s): District 4420, Brazil

Endorsed by: District 4420 through a district resolutions meeting, São Paulo, São Paulo, Brazil, 6 December 2014

- 1 WHEREAS, RI is known as a very trustworthy organization, and

3 WHEREAS, it is important to promote the financial strength of our organization,
4 and
5
6 WHEREAS, the current economic situation comes with uncertainties and
7 reduced investment from governments and corporations, and
8
9 WHEREAS, it is important to develop a self-sustaining system in Rotary that will
10 make us less vulnerable to external policies, and
11
12 WHEREAS, the organization's sustainability would bring about more resources
13 for our own use
14
15 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
16 International consider creating mechanisms that can make RI self-sustaining.

(End of Text)

PURPOSE AND EFFECT

- 17 • Provide more resources for The Rotary Foundation.
18 • Adopt a new paradigm in the organization based on sustainable models, thus
19 reducing our dependency on donations.
20 • Create a new way to raise funds by selling stock in our organization.
21 - Hold an initial public offering, with our own legislation, so we can trade
22 RI and Rotary Foundation stocks in the financial markets. As a return on
23 their investment, the investors would:
24 1) receive tax benefits proportional to how much stock they acquire;
25 and
26 2) connect their companies to our image and humanitarian projects.
27 • Assess our projects, so our stock is appreciated by the stock market.
28 • Increase the value of our stock by increasing our humanitarian and
29 community work. The value would fluctuate based on the scope and impact
30 of our activities.

FINANCIAL IMPACT

- 1 If implemented, this resolution could have a financial impact on RI which cannot
2 be determined at this time. In order to maintain tax-exempt status in the United
3 States, RI and The Rotary Foundation must operate in a manner consistent with
4 certain tax regulations. These regulations generally do not permit the issuance of

PROPOSED RESOLUTION 16-166

To request the RI Board and the Trustees to consider investing in microfinance and community development institutions

Proposer(s): Rotary Club of Calgary West, District 5360, Canada
Rotary Club of Tillsonburg, District 7080, Canada
Rotary Club of Woodstock, District 7080, Canada

Endorsed by: District 5360 through a ballot-by-mail, December 2014
District 7080 through a district resolutions meeting, Milton, Ontario, Canada, 4 December 2014

1 WHEREAS, the assets of RI as of 30 June 2013 exceeded US\$1 billion, including
2 more than US\$900 million in the Foundation, and combined nearly US\$500
3 million being unrestricted and undesignated, and
4

5 WHEREAS, investment opportunities exist within microfinance and community
6 development institutions with relatively low risk (in some cases guaranteed),
7 offering a reasonable rate of return, and, at the same time, having significant
8 social impact - supporting sustainable global efforts to reduce poverty
9

10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11 International and the Trustees of The Rotary Foundation consider investing the
12 equivalent of not less than eight percent (in US dollars) of their respective annual
13 unrestricted and undesignated prior year net assets directly or indirectly with
14 creditable microfinance and/or community development institution(s).

(End of Text)

PURPOSE AND EFFECT

15 Currently, funds raised at club levels intended to support microfinance efforts
16 may often be too small and possibly directed towards founding new “support
17 group(s)” offering small loans under the name of “microcredit.” Unfortunately,
18 these new “support group(s)” may end up “reinventing” systems that may not be
19 proven, lack adequate training and oversight, without the supporting linkages
20 and networks to be sustainable.
21

22 The existing unrestricted and undesignated assets are significant, given that
23 Rotary is a nonprofit social service organization, with over a million members,
24 and capable of raising over US\$100 million with a call for each member to donate
25 only US\$100.

1 Existing unrestricted and undesignated assets can be invested and have
2 significant social impacts that are sustainable and measurable. By investing in
3 proven and experienced microfinance and community development institution(s)
4 that employ best practices, services can be offered to provide a hand up,
5 empowering people to move from poverty and improve communities by
6 promoting peace, preventing disease, bolstering economic development, and
7 providing clean water and sanitation.

8
9 Investments in microfinance and community development are being made by our
10 partners, including the Bill & Melinda Gates Foundation, and impressive
11 successes are being witnessed by organizations involved with microfinance,
12 including BRAC, the largest non-governmental organization in the world. It is
13 suggested that a proposed “impact” investment subcommittee, together with the
14 Rotarian Action Group for Microfinance and Community Development (RAGM)
15 and respective Rotary clubs in host countries provide support and oversight.

FINANCIAL IMPACT

16 If implemented, this resolution could have a significant financial impact on RI
17 and The Rotary Foundation that cannot be determined at this time. The
18 proposed investments would likely have lower returns and higher fees than
19 Rotary’s current investments.

20
21 A study would be required to determine the overall impact on each fund’s risk
22 and return profile. Additional staff and Investment Committee time would be
23 required to identify appropriate investments, conduct due diligence, and
24 implement and monitor investments in these types of funds.

PROPOSED RESOLUTION 16-167

To request the RI Board to consider reducing reinstatement fees and surcharges for clubs

Proposer(s): Rotary Club of Cebu Fuente, District 3860, Philippines

Endorsed by: District 3860 through a ballot-by-mail, 27 December 2014

1 WHEREAS, RI encourages the increase of membership in a Rotary club, and

2

3 WHEREAS, there are terminated clubs that would want to be reinstated and to be
4 reactivated in Rotary but the high reinstatement fees and surcharges are
5 preventing them from being reinstated

6

7 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
8 International consider lowering reinstatement fees and surcharges to encourage
9 Rotarians to be reactivated and to be of service to RI.

(End of Text)

PURPOSE AND EFFECT

10 There are a good number of terminated clubs that would want to be reinstated
11 and even of long-terminated clubs that would want to be rechartered. The
12 current cost of reinstatement and/or rechartering poses a barrier to some clubs.

13

14 Reducing these fees will not only help such clubs, but will enhance our
15 membership drive.

FINANCIAL IMPACT

16 If implemented, this resolution would result in a decrease in revenues for RI
17 depending on the number of clubs reinstated each year and the fees payable.

18

19 Effective 1 January 2015, the reinstatement fee is US\$30 per member and the re-
20 charter fee is no longer applicable. The average number of clubs that are
21 reinstated annually is approximately 100 clubs. The average annual revenue
22 from reinstatement fees was approximately US\$32,000 annually from 2011-2012
23 through 2013-2014.

PROPOSED RESOLUTION 16-168

To request the RI Board to consider recognizing Hindi as an official language of RI

Proposer(s): Rotary Club of Dewas, District 3040, India
Rotary Club of Indore Central, District 3040, India

Endorsed by: District 3040 through a ballot-by-mail, 15 November-15 December 2014

1 WHEREAS, Hindi-speaking Rotarians make up a large percentage of Rotary's
2 membership and would benefit from Hindi translations of RI literature
3

4 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
5 International consider recognizing Hindi as one of the official languages of RI
6 and providing versions of the most essential club and district information,
7 including the *Manual of Procedure*, RI correspondence and the Rotary website,
8 in Hindi as well as in English, French, Japanese, Korean, Portuguese and
9 Spanish.

(End of Text)

PURPOSE AND EFFECT

10 Considering the number of Hindi-speaking Rotarians, this resolution would
11 appear to be essential. Once it is implemented, such Rotarians would be able to
12 read RI publications and correspondence and use the Rotary website with relative
13 ease. They would be involved with and participate more in Rotary, thus
14 increasing the membership of RI.

FINANCIAL IMPACT

15 If implemented, this resolution would result in an increase in expenses for RI
16 which cannot be determined at this time. RI currently provides support for Hindi
17 based upon needs determined from surveying clubs and the local office. For
18 example, club officer kits are provided in Hindi.
19

20 The increase in expenses would be due to providing more publications in Hindi,
21 adding Hindi to the RI website and full-time translation and interpretation
22 services.

To request the RI Board to consider allowing translations of Rotary into approved languages

Proposer(s): Rotary Club of Chiba, District 2790, Japan

Endorsed by: District 2790 through a ballot-by-mail, 9 December 2014

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider allowing translations of the new Rotary logo in all the
3 approved languages of RI.

(End of Text)

PURPOSE AND EFFECT

- 4 We assume that the word mark “Rotary” was added to the new logo to increase
5 awareness of Rotary. In order to achieve this goal, it needs to be written in all of
6 the approved languages of RI. Not all countries in the world are English-
7 speaking. In Japan, “Rotary” is rendered in Japanese characters on all Rotary-
8 related materials. This is a common practice in printing and distributing
9 materials in Japan. We would imagine it is done similarly in other countries.

FINANCIAL IMPACT

- 10 If implemented, this resolution would result in an increase in expenses for RI
11 which cannot be determined at this time. In order for RI to permit the
12 translation of Rotary marks, maintenance of trademark registrations and
13 significant staff hours would be required.

- 14
15 The communications plan, licensee usage policy and support, graphic design,

- 1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary

(End of Text)

PURPOSE AND EFFECT

- 4 The traditional gold and royal blue wheel has a feeling of majesty and dignity,

Proposer(s): District 4420, Brazil

Endorsed by: District 4420 through a district resolutions meeting, São Paulo, São Paulo, Brazil, 6 December 2014

- 1 WHEREAS, organizational image is one the most valuable assets of an institution,
2 and
3
4 WHEREAS, faith has a tremendous impact on the lives of individuals, and
5
6 WHEREAS, faith is an important catalyst that unifies people, and
7
8 WHEREAS, young people play an important role as future leaders and managers
9 of the organization, and
10
11 WHEREAS, it is important to attract new generations to revitalize Rotary, and
12
13 WHEREAS, different generations can be integrated into the administration of an
14 organization, and
15
16 WHEREAS, young people are the new transformative force, responsible for the
17 changes necessary to break paradigms and to modernize the organization, and
18
19 WHEREAS, new generations are well attuned to new technology and the media
20
21 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
22 International consider promoting a new Rotary image based on modernization,
23 faith and investment in public image.

(End of Text)

PURPOSE AND EFFECT

- 24 • Allocate five percent of the per capita amount paid to RI for districts to invest
25 in public image projects.
26 • Integrate new generations into clubs. Use the energy and interest of young
27 people to add value to Rotary with innovative ideas that reflect the dynamism
28 of today's world. Recognize the contribution of new generations.
29 • Recognize young people with awards at events like district conferences,
30 the International Convention, etc.

- 1 • Promote a new Rotary image with the participation of young people.
- 2 • Create a communication channel such as a website where young people can
- 3 show and share projects, actions and ideas. Share best practices that help
- 4 improve Rotary processes and our local and global image.
- 5 • Provide the organization with the energy and the will for change that young
- 6 people have.
- 7 • Have young people teach older Rotarians how to use new media and
- 8 electronic equipment. Encourage a new meeting format with the use of these
- 9 tools.
- 10 • Link the principles of RI with the pillar of our work to change the world.

FINANCIAL IMPACT

11 If implemented, this resolution could have a financial impact on RI which cannot
 12 be determined at this time.

13

14 The total amount spent on communications has averaged US\$13.5 million, or 13

PROPOSED RESOLUTION 16-172

To request the RI Board to consider not recommending commercial or licensed branding materials when a free option is available

Proposer(s): District 1020, Scotland

Endorsed by: District 1020 through an annual district conference, Carluke, Scotland, 13 December 2014

1 WHEREAS, the current Voice and Visual Identity Guidelines produced by RI
2 specify licensed fonts as the Rotary standards, with free ones as alternatives, and
3
4 WHEREAS, many clubs are not prepared to use club funds for this purpose when
5 an acceptable alternative is available at no cost, and
6
7 WHEREAS, these clubs find it unacceptable that RI should approve, let alone
8 recommend, paid material over acceptable free material
9
10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11 International consider adopting as policy that, when specifying branding
12 materials and visual standards for general use by clubs throughout the
13 organization, commercial or licensed materials should not be recommended
14 when there is a free and acceptable alternative available.

(End of Text)

PURPOSE AND EFFECT

15 As part of the current Voice and Visual Identity Guidelines produced by RI, the
16 two recommended fonts are both commercial, with free alternatives when they
17 “are not available or are cost prohibitive.” If the free alternatives are acceptable,
18 there can be no justification for recommending ones which require payment,
19 regardless of how much.

20
21 This has three main effects:

22
23 Club money is used to buy unnecessary fonts for which it is agreed there is a free
24 alternative. This cannot be acceptable.

25
26 Material from RI, or a club which buys the fonts, will look different on a
27 computer without those fonts. This may result in the recipient having to reformat
28 a page to get it to fit or look like the original. If a club does buy the recommended
29 font, it in turn does not know if anyone it sends material to has that font or not.
30 Again, this causes unnecessary reformatting, wasting time and effort. We end up

- 1 with two standards, for those who are prepared to buy the font and those who are
2 not.
3
4 By selecting a licensed option over a free one, the RI Board is sending the wrong
5 message to 34,000 clubs who are trying to be prudent with their finances. By
6 making the free fonts the standard instead of licensed ones, the RI Board would
7 be seen to take cognizance of this.
8
9 We propose that as a general policy, licensed products should not be
10 recommended where free versions are acceptable.

FINANCIAL IMPACT

- 11 If implemented, this resolution would have no substantial financial impact on RI.

17
18 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
19 International consider allowing members of Probus to attend RI Conventions.

(End of Text)

PURPOSE AND EFFECT

20 There are thousands of Probus members of countless nationalities in clubs
21 throughout the Rotary world. A large proportion of these people have given years
22 of dedicated service to RI.
23
24 The convention committee commits to encouraging as many members of Rotary
25 as possible to attend the convention to both spread the word of RI internationally
26 and to balance the books for such a large function. The planning committee
27 endeavors to establish the number of possible attendees to each convention in
28 order to estimate the cost of registration for Rotarians. Yet with all this, there is
29 an untapped resource out there ready to spread the word of Rotary endeavors
30 and successes - Probus. It seems shortsighted to preclude this part of the family

1 of Rotary from attending and enjoying the kaleidoscope that is Rotary, and from
2 giving them the opportunity to re-engage with old friends.
3
4 This is a group who spend most of the remainder of their lives traveling and
5 enjoying the fruits of their labor, many of whom may well be deciding how to
6 distribute their estate.
7
8 For them to see, hear and feel the beneficial things that Rotary is achieving
9 throughout this world may well be the catalyst which prompts their decision to
10 support The Rotary Foundation. It comes down to this - if they are motivated
11 enough to attend, for whatever reasons, they must have fond memories and
12 genuine feelings for who we are and what we do.
13
14 Probians would register as for any Rotarian, pay the normal registration fee and
15 attend as for any Rotarian.
16
17 This proposal can only result in a win for both parties.

FINANCIAL IMPACT

18 If implemented, this resolution could potentially result in an increase in revenue
19 for RI if there is an increase in convention registration.

PROPOSED RESOLUTION 16-176

To request the RI Board to consider allowing members of Inner Wheel to attend the RI Convention

Proposer(s): Rotary Club of Runaway Bay, District 9640, Australia

Endorsed by: District 9640 through a ballot-by-mail, 28 November 2014

1 WHEREAS, members of Inner Wheel are referred to as members of the family of
2 Rotary, and
3
4 WHEREAS, members of RI are routinely invited to the RI Convention, and
5
6 WHEREAS, while members of Inner Wheel are accepted as Rotary kin, and

8 WHEREAS, the second part of Rotary's Four-Way Test is "Is it FAIR to all
9 concerned?", and
10
11 WHEREAS, it could be seen to be unfair to our kin to exclude them from the
12 festivities that an international convention is, and
13
14 WHEREAS, many members of Inner Wheel have provided many years of support
15 to Rotary and Rotarians as Rotary partners
16
17 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
18 International consider allowing members of Inner Wheel to attend RI
19 Conventions.

(End of Text)

PURPOSE AND EFFECT

20 This resolution requests the RI Board to consider providing an opportunity for
21 members of Inner Wheel to attend an RI Convention, both to increase the
22 number of convention attendees and to provide Inner Wheel members with the
23 opportunity to see, hear and feel RI's current activities while, in many cases,
24 renewing acquaintances.
25

26 We talk about the family of Rotary, yet we deny these members of our family the
27 opportunity to join the fiesta. It seems somewhat of a double standard to publicly
28 refer to Inner Wheel as the family of Rotary, yet not extend the hand of friendship
29 to our kin.

1 Many members of Inner Wheel have had a long and rewarding association with
2 Rotary as partners of Rotarians. Many have had the opportunity to attend an RI
3 Convention, but because of circumstances, no longer have that option. To
4 acquaint with friends via an RI convention will continue to build bridges of
5 friendship throughout the world, as we increase our numbers at international
6 conventions.

7
8 We would also like to think that to regenerate the spark of Rotary might also
9 provide the incentive to consider Rotary in their estate.

10
11 To support this resolution can only be a good thing - "beneficial to all concerned."

FINANCIAL IMPACT

12 If implemented, this resolution could potentially result in an increase in revenue
13 for RI if there is an increase in convention registration.

PROPOSED RESOLUTION 16-177

To request the RI Board to consider adopting electronic voting prior to the Council on Legislation

Proposer(s): Rotary Club of Niigata, District 2560, Japan

Endorsed by: District 2560 through an annual district conference, Ojiya, Japan, 26 October 2014

1 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
2 International consider adopting electronic voting as the voting method prior to
3 the Council on Legislation.

(End of Text)

PURPOSE AND EFFECT

4 This legislation proposes adopting an electronic voting method, so that proposed
5 legislation is voted on by each district through electronic voting, effective as early
6 as possible. The advancement of information technology has made
7 instantaneous, global communication possible today. For five hundred some
8 representatives from around the world to convene once every three years for a
9 five-day deliberation is both obsolete and physically demanding for the senior
10 leaders serving as representatives. Furthermore, district representatives are not
11 necessarily conversant in RI rules. Therefore, it is requested that the applicable
12 articles be revised for proposed legislation to be sent to districts in advance,
13 discussed and voted on in such appropriate meetings as the district training
14 assembly or district conference, and electronic votes be forwarded to the RI
15 Board.

16
17 Voting on legislation by mail is already allowed, albeit in limited circumstances,
18 by RI Bylaws 8.140.5.

FINANCIAL IMPACT

19 If implemented, this resolution would have no net financial impact on RI because
20 revenues from additional dues to fund the Council on Legislation will be reduced
21 by an amount equivalent to the reduction in expenses.

22
23 The expenses for the Council on Legislation in fiscal year 2013 were US\$3 million.

24
25 If the in-person meeting were eliminated in favor of electronic voting:

- 1 • a reduction of expenses is estimated at US\$2.6 million for airfare, hotel,
2 meals, venue rental, transportation, and equipment
3 • an increase in expenses would be incurred for additional technology and

To request the RI Board to consider making the Council on Legislation more efficient, less costly and more technologically oriented

Proposer(s): Rotary Club of Arlington, District 5790, USA

Rotary Club of Southport, District 9640, Australia

Endorsed by: District 5790 through an annual district conference, Fort Worth, Texas, USA, 3-4 May 2014

District 9640 through a ballot-by-mail, 28 November 2014

- 1 WHEREAS, the Council on Legislation meets every three years, and
2
3 WHEREAS, the Council on Legislation meets face to face, and
4
5 WHEREAS, the Council on Legislation meets for five days, and
6
7 WHEREAS, the Council on Legislation can barely get through this business in the
8 time allocated if at all, and
9
10 WHEREAS, it is expensive to have many representatives meet face to face in any
11 worldwide organization, and
12
13 WHEREAS, technology is commonly used in contemporary business today, and
14
15 WHEREAS, a successful worldwide organization should be more responsive than
16 to review practices only once every three years
17
18 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
19 International consider ensuring the functions of the Council on Legislation be
20 undertaken through a more efficient, less costly and more technologically-
21 oriented mechanism; this change to be implemented no later than 2019.

(End of Text)

PURPOSE AND EFFECT

- 22 The Council on Legislation is the legislative body of RI and has the authority to
23 amend the RI constitutional documents. The Council meets every three years
24 (the next being in 2019) and comprises 530 members, one from each of the 530
25 districts of RI. RI bears the costs of transportation to and from Chicago and
26 accommodation for these 530 members of the Council on Legislation. The costs
27 are covered by the US\$1.50 levy paid by every Rotary member once a year.

1 The Council on Legislation only meets every three years and hence there is a
2 considerable backlog of enactments and resolutions.

3
4 There were more than 149 (originally 376) proposals at the 2013 Council on
5 Legislation and one would question whether these can be adequately dealt with in
6 five working days. The fact that only about one-third are passed may be
7 indicative of the difficulty in having all enactments and resolutions fully
8 interpreted and understood.

9
10 The cost of this exercise is at least US\$3.6 million. We must question whether
11 Rotary could spend this money in a more appropriate way. In a world where
12 there is growing use of technology in international meetings at all levels, Rotary
13 continues with a slow and ponderous approach. Apart from the cost benefits, a
14 technologically-oriented approach would allow enactments and resolutions to be
15 considered as they arose and on a continuous basis.

FINANCIAL IMPACT

16 If implemented, this resolution would have no net financial impact on RI because
17 revenues from additional dues to fund the Council on Legislation will be reduced
18 by an amount equivalent to a change in expenses.

19
20 The expenses for the Council on Legislation in fiscal year 2013 were US \$3
21 million. This resolution could result in a decrease in expenses if the technology
22 solution costs less than an in-person meeting.

23
24 Expense would be dependent on the requirements and format of the new process,
25 the cost of developing and implementing a new technology solution, the
26 frequency of meetings, and annual operating expenses to support the new process.

PROPOSED RESOLUTION 16-179

To request the RI Board to consider initiating a study to establish a new type of membership: supporting membership

District 2380

Endorsed by: District 2340 through an annual district conference, Örebro, Sweden, 25 October 2014
District 2370 through an annual district conference, Strängnäs, Sweden, 27 September 2014
District 2380 through an annual district conference, Mullsjö, Sweden, 18 October 2014

1 WHEREAS, many Rotary clubs are facing a declining number of members, and
2
3 WHEREAS, the attendance requirements prevent many potential Rotarians from
4 joining our organization
5
6 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
7 International consider initiating a study regarding the prerequisites to open up
8 for a new type of membership, here called supporting membership. A supporting
9 member might pay a reduced fee to Rotary and be released from the attendance
10 requirements.

(End of Text)

PURPOSE AND EFFECT

11 This resolution proposing a supporting membership in Rotary could give positive
12 effects like these:
13
14 • An increased number of Rotarians in the world
15
16 • Increased membership fees for Rotary
17
18 • A Rotary member today who, during a long period of time, will not be able to
19 live up to the attendance requirements can move to a supporting membership
20 instead of leaving Rotary
21

FINANCIAL IMPACT

- 1 If implemented, this resolution is anticipated to have no substantial financial
- 2 impact on RI because a study to explore supporting membership would probably
- 3 be conducted by the Membership Development Committee and Secretariat staff.

PROPOSED RESOLUTION 16-180

To request the RI Board to consider recognizing Friends of Rotary

Proposer(s): Rotary Club of Bhubaneswar Metro, District 3262, India

Endorsed by: District 3262 through a district resolutions meeting,
Bhubaneswar, Odisha, India, 17 November 2014

1 WHEREAS, there are many individuals and institutions associated with Rotary
2 clubs or associating themselves on a continuous basis with Rotary clubs in
3 implementation of service projects as they do not possess the requisite
4 qualifications to be inducted into membership, and
5

6 WHEREAS, it is felt that for more effective action in the field, a formal process of
7 recognition may be introduced in which such persons may be recognized as
8 Friends of Rotary, which may also enhance the public image of Rotary
9

10 IT IS RESOLVED by Rotary International that the Board of Directors of Rotary
11 International consider the situation and take this opportunity to recommend that
12 clubs enhance their continued association with such other individuals/persons
13 and institutions by terming them as Friends of Rotary. This new concept will
14 encourage both the Rotary clubs and their associates to come closer with a
15 greater bond of friendship and a sense of greater commitment. The RI Board
16 may issue necessary guidelines regarding the process of establishing this
17 friendship bond and the privileges that can be extended to the designated Friends
18 of Rotary.

(End of Text)

PURPOSE AND EFFECT

19 There are several individuals and institutions that extend help to or whose help is
20 required by Rotary clubs in effective implementation and proper maintenance of
21 service projects on a long-term basis, and without this support it would be
22 difficult for Rotary clubs to make an impact on the local community. There are
23 situations when such individuals and institutions also provide financial
24 contributions or support. It is therefore felt that a vibrant relationship should be
25 established and maintained by recognizing such individuals as Friends of Rotary.

FINANCIAL IMPACT

- 1 If implemented, this resolution could have a financial impact on RI that cannot
- 2 be determined at this time. Cost would be dependent on the scope and extent of
- 3 support provided by the RI Board to accomplish this goal.

PROPOSED RESOLUTION 16-181

To request the RI Board to consider urging new Rotarians to attend new member training

Proposer(s): District 1720, France

Endorsed by: District 1720 through a ballot-by-mail, 13 December 2014

1 WHEREAS, the training of new members in clubs has weakened considerably,
2 and

3
4 WHEREAS, this lack of training and Rotary knowledge often leads to the
5 resignation of new members in the two years following their induction, and

6
7 WHEREAS, one can only serve when fully knowledgeable

8
9 IT IS RESOLVED by Rotary International that the Board of Directors of
10 Rotary International consider urging new Rotarians to attend the new members'
11 training when offered by the district during the year following their induction.

(End of Text)

PURPOSE AND EFFECT

12 New members' training in clubs is often too superficial. This results in a low
13 involvement of the new members due to their lack of Rotary knowledge.

14
15 This lack of Rotary knowledge and culture does not foster retention and leads to
16 too many early resignations. This failure is detrimental to Rotary's image.

17
18 To solve this regrettable situation, many districts organize an annual basic Rotary
19 training for new club members. This helps them understand Rotary's structure
20 and values so they can quickly become operational and help further Rotary's
21 mission.

FINANCIAL IMPACT

22 If implemented, this resolution could have a financial impact on RI which cannot
23 be determined at this time. New member orientation resources are currently
24 available to clubs. Cost would be dependent on the scope and extent of additional
25 support provided by the RI Board to accomplish this goal.
