

ROTARY INTERNATIONAL DISTRICT 7090

ABUSE, NEGLECT AND HARASSMENT PROTOCOL

A Introduction:

As representatives of Rotary District 7090 and of individual Rotary Clubs, Rotarians are actively involved with members of the community including young people, the elderly, and people with disabilities. District programs including RYLA, Group Study Exchange, and Youth Exchange are examples. As an organization, Rotary District 7090 is committed to protecting the interests of participants in Rotary activities. It is the duty of all Rotarians, Rotarians' spouses, partners and other volunteers to protect vulnerable individuals with whom they come in contact through Rotary activities and to prevent any physical, sexual or emotional abuse, or harassment, and neglect. Fulfilling this duty protects the individuals and enhances the interests of Rotary Clubs and Rotarians in their volunteer efforts to improve the quality of life in our communities. Further, Rotary's reputation is maintained and the risk of liability, including legal liability is minimized.

B Policy Statement:

It is the responsibility of every Rotarian to safeguard the welfare of every person with whom they come in contact during their activities as a Rotarian. Special attention is to be given to children, the elderly, the disabled and other vulnerable persons. This includes the prevention of physical, sexual or emotional abuse, harassment and neglect.

This policy is in keeping with the laws of the State of New York, the Province of Ontario, the United States of America, and Canada.

C Guidelines on prevention of abuse, harassment and neglect:

1. In accordance with their legal obligations, representatives of District 7090 will ensure to the extent possible that individuals who are involved in District programs, activities, and events are protected from abuse, harassment, and neglect.
2. District 7090 programs will be delivered in an environment of reasonable safety.

3. Appropriate screening will occur to prevent contact by vulnerable participants in District programs with individuals who are inappropriate or prohibited by law from working with such participants.
4. Where allegations of abuse, harassment, or neglect or other risks of harm are made, prompt notification and reporting to the appropriate individuals and authorities will occur.

D Guidelines on prevention of harassment and sexual harassment:

1. The District will ensure, to the extent possible, that individuals involved in Rotary District 7090 programs including Rotarians themselves are not subject to harassment, which includes conduct that erodes the dignity of the individual, particularly based on the individual's colour, race, national origin, ethnic origin, age, gender, physical characteristics, sexual orientation or physical or mental disability. Types of behaviour that constitute harassment include remarks and jokes that are unwelcome or reasonably could be expected to be unwelcome; displaying or distributing racist, pornographic or other offensive material; practical jokes based on race, sex, or other prohibited grounds; verbal abuse or threats; inappropriate or offensive gestures; and physical assault.
2. In accordance with its legal obligations, the District will ensure, to the extent possible, that individuals who are involved in District activities are protected from sexual harassment. Sexual harassment includes making sexist jokes; leering; displaying sexually offensive material; using sexually degrading words to describe a person; making sexually suggestive or obscene comments or gestures; making unwelcome enquiries or comments about a person's sex life; making unwelcome sexual flirtations, advances or propositions; requests for sexual favours; unwanted touching; verbal abuse or threats; and sexual assault.

E Scope:

These guidelines apply to all District 7090 Rotarians and volunteers who are or wish to become involved in District programs and apply to all adults over the age of 18 years who reside in the home of a host family.

F Volunteer Assessment Form:

Prior to participation in District sponsored programs where screening is required, Rotarians, non-Rotarian volunteers and paid staff must complete the District 7090 Volunteer Assessment Form (attached to this protocol) as well as any other reference, police or criminal record checks that may be necessary from time to time in accordance with local requirements.

Screening will be required in every situation where Rotarians, non-Rotarian volunteers or paid staff intend to participate in District programs involving vulnerable individuals including children and youth, the elderly, or anyone under a physical or mental disability.

In situations where Rotarians' spouses, partners or adult children (over 18 years of age) participate in a host family setting, the spouses, partners and adult children must also submit the Volunteer Assessment Form.

The Volunteer Assessment Form must be received and indefinitely maintained on file in strict confidence. Where the screening is for Club activities, the Form will be maintained by the designated Rotary Club official, such as the Club Secretary. Where the Form is required for District activities (such as RYLA or Youth Exchange), it must be received and maintained by the applicable District Committee person or his/her designate. The recipient of the completed Form must confirm its' execution and filing when requested by the DAPC or by the applicable District Program Chair.

G District Abuse Prevention Committee:

1. The District Governor shall appoint a District Abuse Prevention Committee to be responsible for the implementation and enforcement of this protocol, and for the investigation of complaints. The DAPC will consist of five members, with at least two from each side of the border, and each of whom should have experience in at least one of the following areas:
 - working with people at risk (such as children, the elderly, and people with disabilities) either in a professional capacity or as an experienced Rotary volunteer;
 - legal/human rights;
 - human resources.
2. The appointment of the DAPC will be made annually. It is expected that the DAPC members will hold the office for 3 years, (or until replacements are appointed) with staggered terms.

3. The DAPC members must be familiar with both the Rotary International Child Protection System, other relevant Rotary International policies and the relevant federal, provincial/state and local legislation requirements.
4. The DAPC will maintain strict confidentiality in compliance with provincial/state and federal legislation and this protocol.
5. The DAPC shall be the first point of contact should any Rotary Club representative or program volunteer receive a complaint of abuse or harassment, and is responsible for ensuring that such complaints are dealt with in accordance with applicable law and in accordance with this District protocol, and that the interests of the affected person(s) are protected to the extent possible. The detailed procedure for handling complaints will be developed by the DAPC to ensure prompt and complete investigation with appropriate options for resolution of the complaint in various ways, depending on the specific facts of the situation.
6. The DAPC will work with Rotary Clubs to inform all Rotarians in District 7090 of their obligation under this policy and relevant legislation and to ensure that appropriate training is made available as required.

SCHEDULE A

RECOMMENDATIONS FOR ROTARY CLUBS IN DISTRICT 7090

1. *Adopt a policy statement on the prevention of abuse, neglect and harassment by adapting the Rotary District 7090 Abuse and Harassment Protocol to the specific requirements of the local Rotary Club.*

Note: Scope Clause could be adapted as follows:

“These guidelines apply to all Rotary Club of _____ members and volunteers who are or wish to become involved in Rotary Club programs or activities and apply to all adults over the age of 18 years who reside in the home of a host family.”

2. *Recognize the potential negative effect on the Club of comments or actions that are gender-based, even if meant in a joking or non-serious manner, and discourage such comments and actions accordingly.*
3. *Delegate responsibility for the protection of vulnerable people including children, youth, the elderly and persons under a disability to a designated member of the Rotary Club (“Club Counselor”) and provide access to such person (or an alternate) for confidential and safe contact.*

Note: The Club Counselor position should be publicized so that members, volunteers, and participants in Rotary programs will know how to contact the Club Counselor quickly. The Club Counselor is responsible for raising awareness and training Club members in required procedures.

Note: Adults who abuse may exploit their role or situation to gain the submission and/or silence of the vulnerable individual. This is particularly true in residential settings. The Club Counselor or some other trustworthy person should be available to be contacted by the vulnerable person.

4. *Plan Club activities so as to minimize situations where abuse, neglect and harassment may occur.*

Note: This includes providing safe conduct from place to place and minimizing situations where Rotarians and other volunteers are alone in the company of vulnerable individuals. Risk assessments

should be done in relation to activities including such factors as age and level of vulnerability, group size, location and visibility, type of activity, supervision and monitoring, nature of relationship, physical safety etc. (See Risk Assessment Chart)

Note: Consider everyone involved in the activity or event. This will include, for example, all Rotarians, partners of Rotarians, Rotaractors and Interactors, and all volunteers and paid staff.

5. *Ensure that all Rotarians and other volunteers have clear roles.*

Note: depending on the nature of the event and the extent of involvement, Clubs should consider giving everyone involved a written description of their role and the tasks involved when dealing with vulnerable individuals. Such a description could identify the risks and opportunities to minimize risks. A copy of the abuse, neglect and harassment protocol could also be provided.

6. *Use event supervision as a means of protecting vulnerable individuals.*

Note: Rotary event supervisors should help ensure the protection of vulnerable individuals and should receive and understand the abuse, neglect and harassment policy. Intervention should occur on the part of the supervisor in the event of suspected problems followed by appropriate reporting.

7. *Prepare Rotarians and volunteers to work effectively with all vulnerable persons.*

Note: establish clear Club policies and procedures for events and programs where vulnerable participants are involved including assuring that the Volunteer Assessment Form and any additional required documentation has been completed and submitted in accordance with the Guidelines (See District Abuse, Neglect and Harassment Protocol, Section F).

8. *Issue guidelines on how to deal with the disclosure or discovery of abuse.*

Note: the following suggestions may help Clubs develop suitable procedures:

- Rotarians and volunteers should know that they have a responsibility to report anything that concerns them about

the personal security of others and especially vulnerable individuals involved in Rotary programs

- Rotarians should be trained to be sensitive to changes in behaviour or signs of physical injury that might indicate something is wrong
 - Clubs should promote an attitude that reporting suspicions and/or taking action is the right thing to do and that no reprisal will occur
 - Rotarians should not attempt to deal with a problem alone but rather should report complaints, allegations or suspicions to the Club Counselor who will determine further steps including reporting to authorities
9. *Ensure the validity of driver's licence and adequacy of insurance prior to transporting Rotary program participants, to the extent possible.*
10. *Reinforce our moral and legal responsibilities in everything we do.*

Note: All Rotary Clubs, individual Rotarians, and volunteers are responsible for protecting the safety and security of everyone we encounter in the provision of service to our community. We have a special obligation to those individuals with greater vulnerability due to age, physical limitations, or mental limitations.

Rotarians are obliged to intervene if we become aware of information about the abuse of a person through their involvement with a Rotary Club activity.

Rotarians are obliged to do those things that protect and reinforce the physical and emotional safety and security of themselves and others. This includes operating a motor vehicle safely, ensuring the proper use of safety equipment, avoiding the use of illegal drugs, and avoiding the excessive consumption of alcohol while providing service to others.

Rotarians are obliged to take appropriate action when they observe other Rotarians or volunteers behave in ways that contradict the values contained in the District and Club policies.
