GIFT OF LIFE ♥

Save A Child
in your name

*For further information on
"Save A Child" donations,
please contact:*

Ken Goodwin, M.D. (905) 468-2273
John Ryzdzik, Ed. D. (716) 649-3690

*You can, on this day, rescue
an ailing child with whom to
share a living memory.*

They arrived from more than twenty-five countries - youngsters with failing hearts who, since 1975, were healed and returned by Gift of Life Programs through participating surgical centers throughout North America. Our Rotarian mission of caring has recently augmented its crusade of the heart with personal Save A Child sponsorships.

You may never meet the child whose life was restored by your \$5,000 donation, but the boy's or girl's face and name on the commemorative picture plaque you receive will forever acknowledge your compassion and generosity. Your contribution is also a priceless gesture of friendship to earn the love and gratitude of your special child's family and neighbors. Our Save A Child program informs the world that people like you care personally and deeply.

Twenty-three ailing youngsters were rescued by R.I. District 7090 Save A Child. Many more who would otherwise die await the only chance they have. That chance rests with you, as a private, corporate, foundation or other organizational supporter. For the sake of humanity, please call today.

The Gift of Life Program is a humanitarian project of Rotary Clubs in Southern Ontario and Western New York that provides life-saving open heart surgery to children from Third World countries who have congenital heart defects. For tax purposes, The Gift of Life is a Canadian registered "Charitable Organization" and in the United States under the Internal Revenue Code, Section 501(c)(3).
