You are invited to be a part of an amazing experience that has the potential to shape the future of Rotary International. Building on last year's amazing debut of the 5+5 YPS concept, this year the **5 + 5 Young Professionals Summit** is kicking it up a notch. Rotary Districts 7490, 7210, and 7255 will each be sending five teams of a Rotarian and non-Rotarian/Rotaractor partner.

You will think critically and creatively to help Rotary by providing the insight it needs to continue and thrive. You will also have an opportunity to ACT. The team will create and plan a real project that includes hands-on service & fundraising in support of a local and international cause! **YOU WILL HELP CHANGE LIVES AT 5+5 YPS 2017.**
