

**Rotary International
District 7490
Current or Planned
International Service Project Summary**

Club: Rotary Club of Roatan

Project Name: Adopt a School in Roatan-Classroom Libraries in Public Schools

Location: Roatan, Bay Islands, Honduras, Central America

Estimated Project Cost \$ 500 per Classroom x 5= \$ 2,500

Project Time Completion: 2 weeks

Summary of Project: Public schools in Roatan do not have operating school libraries. There are no librarians assigned to schools and children have little or no access to books. A couple from Texas decided to do something about it and donate boxes of books, but in visiting the schools I found that the books remained in the boxes or were scattered around the classrooms. There was a need for bookcases in the classrooms.

If Looking for Partners or Participants in the Project, Identify Needs: Volunteers with library skills to train the teachers
