Greetings From Your District Governor Bill Stevens

Dear Rotary Family,

As your District Governor, I have the privilege of witnessing the profound impact that our youth programs have on the lives of young people in our communities. This year, I have been particularly inspired by our Youth Exchange, Interact, and EarlyAct programs, which empower youth to explore their potential and engage actively in making a difference.

May is recognized as Youth Service Month by Rotary International, a time dedicated to highlighting the importance of youth involvement in service projects. It serves as a reminder of our commitment to fostering leadership, encouraging service, and providing opportunities for the next generation.

Reflecting on our recent Youth Conference held on April 19th, I was filled with admiration as I observed the energy and enthusiasm radiating from our Interact members. The conference served as a platform for our young leaders to connect, share ideas, and collaborate on projects that benefit their schools and communities. It was heartening to see these students, many of whom are the future leaders of our Rotary, stepping forward with their visions for change and their eagerness to make a difference. Their passion and commitment remind us that investing in our youth is crucial for developing the next generation of leaders.

Additionally, at our District Assembly on April 26th, I was proud to witness presentations from our incredible Youth Exchange students. These young ambassadors shared their experiences, challenges, and transformative moments from their time abroad. Their stories highlighted not only personal growth but also the importance of cultural exchange in fostering understanding and tolerance in our increasingly interconnected world. Each presentation reinforced the value of the Youth Exchange program, showing how it cultivates global citizens who are prepared to contribute thoughtfully and compassionately to society.

Moreover, the synergy between our Youth Exchange and Interact programs underscores a holistic approach to youth engagement. Interact clubs often serve as a launching pad for students interested in the global experiences provided by Youth Exchange. Our EarlyAct programs, which focus on younger children, further enrich this pathway by instilling Rotary's values from a young age. Together, these initiatives cultivate a generation of empathetic leaders who understand the importance of service, connection, and diversity.

As we continue to support and expand these programs during Youth Service Month and beyond, let us remember that the success of our Rotary mission lies in empowering the youth of today. It is our responsibility to nurture their potential, provide them with opportunities, and guide them as they navigate the challenges of the world. The energy I witnessed at both the Youth Conference and the District Assembly affirms our collective commitment to this cause.

In closing, I encourage all clubs to actively engage with our youth programs. Whether by sponsoring an Interact club, supporting a Youth Exchange student, or launching EarlyAct initiatives, each effort contributes to a brighter future. Let us work together to inspire young minds and encourage their passions, ensuring that they carry forward Rotary's legacy of service above self.

Thank you for your dedication to Rotary and our youth.

Yours in Service,
Bill Stevens
District Governor 24-25

D7870 Announces 2025-26 District Grant Opportunities

District 7870 is pleased to announce the availability of District Grant Funds for the 2025–26 Rotary year. With approximately \$31,000 in grant funding available, clubs are invited to submit applications for up to \$1,000 each to support meaningful community service projects. At a minimum, grant funds must be matched dollar-for-dollar with club funds.

District Grants are an excellent way to extend your club's impact locally while engaging members in hands-on service. To ensure equitable distribution, grants will be awarded based on the number of applications received and total funds requested.

Last year's grants included: Gear Up for School backpack program, scholarships, vision testing in South Africa, food insecurity, providing coats for children, seasonal gifts for children, Rotary Youth Exchange events, RYLA, Amigos de Honduras, cultural center bathroom restoration, after school programs, vocational training for women in Rwanda, Styrofoam recycling program, school desks for students in Haiti.

Key Grant Guidelines: Funds must support a specific community project (local or international). The project must include active Rotarian participation. Clubs must be current on all financial obligations to Rotary International and the District. Clubs which received a district grant for 2024-25, must have uploaded the final report to the district website by April 15, 2025. A club representative must attend a required “District Grant Final Report Training” every year to receive district grant funds. Choose one of the dates below, it should take less than ½ hour. See District Website Calendar for links. Clubs must enter at least the six Priority Goals in Rotary Club Central. We hope clubs will enter more goals.

Important Dates

Application Deadline: Midnight, May 31, 2025

Award Notification: By July 15, 2025

Fund Distribution: By August 15, 2025 (pending final TRF approval)

The 2025 edition of the 4 Way Test Speech Contest, conducted at the Londonderry High School, Londonderry NH, was noted by Albert St. Pierre, coordinator of the event... as “exceptional.”

Differences in the candidate scores were noted to be razor thin... with all demonstrating an impressive knowledge of their subject matter and an admirable command of communication and presentation skills.

Jaffrey-Rindge Rotary Goes “Batty” with FPU Professor

At the breakfast meeting on Thursday, April 10 at Franklin Pierce University, members enjoyed a great presentation from Professor Jacques Pierre Veilleux, of FPU, who shared valuable insights about the endangered status of bats in New Hampshire. As a Professor of Biology and Chair of the Division of Sciences, he has engaged for years in extensive research into the declining population of bats in New Hampshire. His presentation was met with many enthusiastic questions from Rotarians about the impact of the endangerment from what is called "White-nose syndrome (WNS)," a fatal fungus disease that has killed millions of bats throughout the United States. He works closely with the NH Fish and Game, monitoring several mines throughout the state in a repeat study every 7 years to correlate data on possible recovery.

Concord Rotary Among Top Teams at Rock 'N Race Raising Over 4K

On May 7, members of the Rotary Club of Concord NH joined thousands of runners, walkers, and supporters at the annual Rock 'N Race—a signature community event benefiting the Payson Center for Cancer Care at Concord Hospital. This year, the Concord Rotary proudly ranked among the top five fundraising teams, contributing over \$4,000 to the cause.

Funds raised through Rock 'N Race directly support the Payson Center's commitment to providing comprehensive, compassionate cancer care to patients across central New Hampshire. Beyond clinical treatment, donations help cover services that health

insurance often doesn't—such as nutrition counseling, nurse navigation, support groups, and financial assistance—ensuring patients and families receive care that supports the whole person.

The event, now in its 22nd year, continues to serve as a powerful reminder of what a community can do when it comes together for a shared cause. Music, signs of encouragement, and crowds of supporters lined the route, creating an atmosphere of hope and solidarity for those facing cancer. Concord Rotary was honored to take part in this effort, and even prouder to contribute to the vital, life-changing work happening every day at the Payson Center. The team was composed of 18 Rotarians, family, and friends of Rotary. Many Rotarians also helped organize the race and event, including team co-captain Laurel Trahan, as well Christine Laroque.

One of the best fundraiser events was the fundraising meal at a local Concord restaurant. Not only was it a successful fundraiser, but Rotarians came together for lunch and dinner! Overall, participating in the Rock 'N Race not only supports the community, but it builds community for the Concord Rotarians.

Rotary's Penny Sale Returns to Ludlow with Big Turnout

The 67th annual Penny Sale, sponsored by the Ludlow Rotary Club (LRC), returned to Ludlow in full force on April 26.

Thanks to the donation of gifts from over 100 area businesses and individuals, the Penny Sale was able to give away over \$20,000 in merchandise and cash, plus award cash to some lucky people during the raffle ticket drawings at the conclusion of the event. The items donated included ski passes, cash, restaurant gift cards, wheelbarrows, televisions, bicycles, adorable stuffed animals, plants, tools, maple syrup, gas cards, and many other surprising gifts.

According to Penny Sale co-chairperson, Kim Lampert, “the crowd in attendance was wonderful and large, many old-timers returning and many new faces welcomed.

Winners in the raffle ticket drawing included: Sherry Davidson: \$50; Al Frye Sr: \$100 + \$25 for being in the building; Daniel Ladd: \$150; Cindy Fluette: \$250 + \$25 for being in the building; and Kristen Riveiro: \$500

Kim expressed her thanks to the students at area schools who delivered prizes to winners during the three rounds and sorted tickets prior to the event. They represented Ludlow, Cavendish, and Mount Holly Elementary schools as well as Green Mountain and Springfield High Schools. She also thanked all the businesses that denoted gifts for the Penny Sale. In particular, she thanked Cota & Cota, Benson's Chevrolet, and Ludlow Electric for their behind the scenes efforts.

As a result of the Penny Sale, the LRC will be able to offer \$12,000 in scholarships to area graduating seniors to further their educational programs. The Penny Sale has been the primary source of funding for this scholarship program. Over \$250,000 has been awarded by the LRC in scholarships to area students since the program started.

Jim Rumrill, co-chairperson of the Penny Sale, indicated that he was "extremely pleased by the community's response to the penny sale". He added a reminder that the Penny Sale would be returning next year on the last Saturday in April.
