Greetings From Your District Governor

Happy New Rotary Year!!

Now that it is here, let's make it the best year ever in District 7870.

We all know there are challenging times ahead, but I believe from the bottom of my heart, that with all our strength, resources, and taking risks by stepping outside our comfort zones and by working together, using our intelligence while depending upon our fellow Rotarians that we will thrive and have the best year ever.

There are many changes happening in Rotary this year. The one I think most important for you to know is... Rotary has decided to do away with the 4 Way Test! Yes, you read that correctly. Now pick yourself up off the floor and take a deep breath. They have decided it should be the 5 Way Test – the fifth being “Is it fun?” Of course, this previous statement does not meet the 4 Way Test of ‘Is it the truth?’. Hopefully it did make you smile and think about whether your club is having fun while doing good in the world.

It's up to you! You set the rate of your breathing, the beating of your heart, the movements of your hands and even how heavy gravity is for you at any one moment in time. You decide if you want to approach the new Rotary year saying, "Let's get to work! Let's find new ways, travel new roads, let's bring high energy and volition into play, let's get fabulous solutions found, repair what's broken, eliminate what's idiotic and go forward in the New Year!"

Bring it on! It'll be a blast!

DG Nancy Russell

Save the Dates - District 7870 Conference in May, 2020

The [District 7870](#) Conference will be held **May 1-3, 2020** Conference at Sable Oaks in Portland, Maine (Friday begins at 2pm and ends Sunday at 11am).

Club News

Longtime Paraprofessional Honored, Students of the Month Recognized and New Members Inducted

WHITE RIVER JUNCTION – On the second Tuesday of the month from October through May, the first thing White River Junction Rotarians would see as they entered the Getaway Lounge at the Hartford Area Community and Technology Center to honor the Students of the Month was Linda Louzier's smiling face.

Louzier, a paraprofessional with the HACTC, the technical school arm of Hartford High School, staffed the cash register and handed out red tickets for the monthly drawings as Rotarians paid for their lunches, which were prepared by the students in the Culinary Arts program under the direction of Chef Patrick Gobeille. She also saw to it that the student honorees arrived on time, put the monthly menu on the blackboard, and made sure everything ran smoothly.

Last month, when the Students of the Month for May were honored during the final luncheon of the school year, White River Rotarians decided to thank Louzier, who is retiring after 29 years, with a gift card and a bouquet of flowers.

Incoming District Governor Nancy Russell surprised Louzier with the flowers, after Rotary President Richard Hoffman, the Career Services Coordinator at HACTC, called her up to the front of the room after everyone was seated. Hugs and tears quickly followed.

Louzier and her family are celebrating her retirement with a camping trip to Alaska.

The Students of the month for Hartford High School were presented by Nancy Kent of the Mathematics Department. They were: Tyler Danielson, English; Hailey Kendall, Science; Madisyn D'Amico, music; Zachary Schneider, mathematics; Jasmine Jenkins, World Language; and Trevor Robbins, Independent Learning Opportunities.

Rotary

HACTC School counseling coordinator Timothy Hebert presented the HACTC Students of the Month, who were Carolyn North, STEM Cooperative Education, and Kacie Charest, Business Administration/Cooperative Education.

Two new Rotarians were inducted into the club: Kelli Morneau, branch manager of Peoples' United Bank on Maple Street, and Craig McCullough, of Cota & Cota, an oil and propane company.

Jaffrey-Rindge Gives Donation to Charity

Conant Athletic Director David Springfield was at the Thursday Jaffrey-Rindge Rotary breakfast June 19 to receive a substantial donation to the charity chosen by the NH State Division III Boy's Basketball Team.

Representing the team at the Shattuck event were co-captains Gavin Motuzas and Jake Drew, who received the donation from Charitable Giving Chair Gail Therriault on behalf of Community Strategies. Their high quality residential and non-residential programs for men and women with intellectual or developmental disabilities in Keene assisted the coaches' brother during health difficulties. Funds for special donations come from fund raising from a generous community!

Peterborough Rotary Presents Five Paul Harris Fellows

The Peterborough Rotary Club presented five Paul Harris Fellows at the Passing of the Gavel Dinner held at the Hancock Inn in Hancock, NH.

Five community members were honored as Paul Harris Fellows. Dorothy Peterson was recognized for her long-standing support of the Peterborough community; she was presented her medallion and pin by her son, Andy Peterson. ConVal School Counselor JoAnn Fletcher was recognized for her service as the Interact advisor and her support of several community service efforts with that group. Rotarian Norm Makechnie was recognized for his decades of service to the Peterborough Rotary Club and for his selfless efforts to our community. Barbara Miller was honored for her long-standing support of the Peterborough Community. Club President Bob MacDonald, who will continue as president for a second term, was also recognized with a Paul Harris Fellow +4 for his dedication and service to Rotary.

The Paul Harris Fellow is named for the founder of Rotary, Paul Harris.

The Paul Harris Fellow was established in 1957 to express appreciation for the contribution to the humanitarian and educational programs of the Rotary Foundation.

Paul Harris Fellows were given only to Rotarians until 1979, when Rotary International challenged each club to award a Paul Harris Fellow to people in the larger community. For every Paul Harris Fellow given by a Rotary Club, funds have been donated by the Club to the Rotary Foundation in the recipient's name, as a thank you for their service.

Rotarians designate a Paul Harris Fellow to recognize a person whose life demonstrates a shared purpose with the objectives and mission of The Rotary Foundation to build world understanding and peace.

There are three emblems of a Paul Harris Fellow are the certificate, the pin, and medallion. The certificate states that a person is named a Paul Harris Fellow "In appreciation of tangible and significant assistance given for the furtherance of better understanding and friendly relations between the peoples of the world."

Peterborough Rotary is part of an International group of service-minded business and professional leaders devoted to helping area youth through programs such as Operation Santa, scholarships, ConVal Quest, polio eradication, youth exchange, and the ConVal Interact Club. We work to improve our community through several projects, the most visible of which are Rotary- Wilder Park and the downtown holiday decorations. We also support other local organizations such as the Boy Scouts and Windy Row Learning Center. For more information go to <http://peterbororotary.org>.

Passing the Gavel - Jaffrey-Rindge

At the Annual Gavel Night of the Jaffrey-Rindge Rotary Club on Thursday, June 27, a changing of the leadership ceremony celebrated past accomplishments under President Bob, and looked forward to the future service to the two communities with Jaffrey Town Manager Jon Frederick in charge.

In recognition of his having served two one-year terms as Club President, Bob Schaumann (L) was honored with a Paul Harris Fellowship and received a handsome plaque with gavel from incoming President Jon Frederick. In his "farewell" speech, Bob made it a point to review the many things that the Club membership had accomplished the past few years that benefitted both the towns of Jaffrey and Rindge, with thanks to all.

Stockwell Takes Office as President of Keene Elm City Rotary

Craig Stockwell is the new president of Keene Elm City Rotary (KECR). Stockwell, who is taking the reins from immediate past president, Glenn Galloway, is a visual artist and director of the MFA in Visual Arts program at the New Hampshire Institute of Art. He received his Bachelor of Fine Arts from the Rhode Island School of Design, Masters of Education degree from Antioch University and Masters of Fine Arts degree from the Vermont College of Fine Arts. He has been a member of the Keene Elm City Rotary club since 2001.

In accepting the President's gavel from Galloway, Stockwell thanked the club's members for their trust. "I've been here 18 years, and this club takes care of stuff," he said. "This club is very good at carrying itself. So when members step forward, they know they're not taking on a heavy burden. We just have to keep steering the ship. I'm excited for the coming year."

Additional members of the executive team include:

President Elect: Kathy Collinsworth

Secretary: Ann Heffernon

Treasurer: Phil Hueber

Keene Elm City Rotary Awards Scholarships to Local Students

In June, the Keene Elm City Rotary club awarded five financial awards as part its Unsung Heroes Scholarship Fund. The scholarship fund is designed to recognize the unsung heroes of our region: those who embody the Rotary ideal of "service above self." We seek candidates who have engaged in significant service to their communities, schools, religious organizations or to their own struggling families.

The scholarships are open to any Monadnock region resident who has been accepted into an accredited institution of higher learning and needs financial support to enroll in that institution.

This year's winners are:

Tamika Marciniac

Rotary

Michelle Bourassa
Jude Nuru
Harry Thomas
Evelyn Proctor

Each winner was awarded \$1,000, and this year's recipients represented a wide range of ages and educational goals, including two Keene High School students who are heading off to four-year universities in the Fall (University of Missouri and University of New Hampshire); Jude Nuru of Antioch University who will be using the scholarship funds to travel back to his native Ghana to continue his doctoral research into energy and environmental studies; and Tamika Marciniac, a mother of three who is pursuing a nursing degree at River Valley Community College.

"These scholarships often allows adults to continue their education without taking on a second or third job to pay for their classes or certifications," says Jay Smeltz, Elm City Rotarian and member of the scholarship committee.

In addition to the monetary award, the Keene Elm City Rotary Club offers mentoring and networking to assist the recipient in their chosen course of study.

Newport Rotary Club Awards Seven Mini Grants

The Newport Rotary Club has announced the award of seven Newport Rotary Teachers' Mini Grants to Newport Middle High School teachers totaling \$4,399.00. The grant program was started in 2017 and awards grants to teachers in the Newport Middle High School for projects in grades 9-12. The grants provide funds to innovative teachers who want to implement new ideas to enrich the classroom and increase student learning. The grants are awarded for initiatives that would not otherwise have sufficient sources of funding or when teachers would have to use their own money to support the projects.

The funds used for the Mini Grants come from money raised each year at Newport Rotary's Penny Sale. Newport Rotary is proud to help further the education of students in our area and congratulates this year's recipients.

Ludlow Rotary - Changing of the Gavel

In keeping with its annual tradition, the Ludlow Rotary Club conducted its “changing of the gavel” ceremony at its last meeting in June. This particular tradition was made all the more significant as it marked the completion of a year in which the leadership of the LRC was conducted by five women Rotarians to celebrate the 30th year in which women had participated in Rotary International.

Mark Huntley accepted the gavel from the five women who had led the organization in a year of “great achievement and lots of fun” as noted by one of the presiding officers as they turned over the leadership of LRC to the new president.

The LRC was created in 1927 and has been involved in many area community projects as well as those associated with Rotary International. The club serves the Cavendish, Ludlow, Mount Holly, and Plymouth regions. The LRC normally meets for lunch on Tuesday at DJ’s Restaurant.

Fair Haven Rotary “Run for Rotary”

It's been over 20 years since the Fair Haven Rotary Club held a 5K, and after the wild success of our one on Saturday July 6th, we can say with certainty "Wait until NEXT YEAR!" Thank you so much to our runners and walkers!

🏆 Congratulations to our overall winners 🏆

Annabel Gregg from Greenwich, NY and Jason Linendoll from Hudson Falls, NY!

Our youngest racer was 5 and our oldest was 73! Without you all braving the hazy, hot, humid weather, we wouldn't have had the successful event we did!

.
.

When good friends Mary Lou Thompson (wife of Rotarian Ed Thompson) and Rotarian Joan Brown came to the club to resurrect and blend two very successful, yet retired events, the original

goal was 50 entrants- and you guys blew that up! Over ONE HUNDRED of you registered for our race, and that tells us one thing! The area is hungry for a 5K! Again, thank you to you, our participants- and a special thanks to our sponsors and our team of Rotarians and volunteers!

It was a great community event and we can't do it without great community members like all of you! Thank you again from a very grateful Fair Haven Rotary Club!

Rotary

Fair Haven Rotary Tree Planting

If you have been around the lakes region for any length of time, you are familiar with our Great Benson Fishing Derby! It's our largest fundraiser, and our HQ is at Crystal Beach on beautiful Lake Bomoseen. The town of Castleton is gracious enough to let us move in for the weekend of the derby, so we wanted to show a little extra gratitude for their generosity they have shown us over the years.

The club, with Rotarian Bob Helm's guidance, purchased a gorgeous 10' silver maple that was planted in early June. Interestingly enough though, before the club could do the "dirty work", town employee Karen Stewart jumped in with Bob, along with employee Heath Goyette and Lion Scott Welch. They got the job done. So a special shout out to them, for just "handling it" when the time came. The Rotarian's still showed up at their appointed time to plant though, and snapped this shot. Thank you to our planting crew and our community for their continued, tireless support of our organization and shenanigans.

l-r: Caren Helm, Jenn Larson, Bob Helm, Bobbi Hults, Alix Vander Els, Joan Brown, Dianne Barclay, Ed Thompson and Jim Wright. Thank you to our awesome young photographers who happened to be playing basketball nearby when we realized we didn't have anyone to snap a picture- Blake Billings & Jesse Ramsey.

Laconia Rotary Announces Winner of the Harley Davidson Raffle

John Goewey of Schenectady, New York is the winner of the 27th annual Motorcycle Raffle, the major fundraiser put on by the Rotary Club of Laconia. This year, the prize was a 2019 Harley Davidson FLHX Street Glide. The bike has the color of 'Wicked Red', has ABS braking, security, cruise control, GTS Boom Audio with GPS, and has a manufacturer's suggested retail price of \$24,482. Goewey bought winning ticket #0295 in the opening hours of sales on Bike Week from the Rotary's raffle booth on Lakeside Avenue in the Weirs while attending with his son to celebrate his son's birthday. The winning ticket was drawn by a member of the Laconia Police Department at the close of Bike Week.

When he received the call, Goewey was attending a gathering of around eighty relatives. They were celebrating the uniting of previously unknown family members who were discovered through an ancestry program. "Hey everyone, I won a Harley!" he yelled to the crowd and was promptly answered by cheers. "It's been a weekend full of surprises, all of them blessings," he said later during the call.

Although he's been riding for over 35 years, this was only Goewey's second visit to Laconia's Bike Week. His first visit was in 2014 in order to put some miles on his first Harley Davidson, purchased after decades of riding on import models.

Goewey is an active member of his church and frequently supports charitable causes like Rotary, though when he bought the ticket, he was largely unaware of the work that Rotary does. After hearing that he had won the bike, he did some research about the club and learned more about their charity work and volunteerism.

"I'm very thankful to the Lord for this gift, and really appreciate the charity work that Rotary supports," Goewey said as he was picking up his new bike at Heritage Harley Davidson in Concord, who sponsors the raffle and assists the club with getting the bike ready for the winner. "I'm especially happy to learn about their international work helping people in need in third world countries, because as a member of my local church, we recently built an orphanage in Haiti."

Wallingford Rotary's Annual Fishing Clinic and Derby

There are two events that the Wallingford Rotary prides itself on doing for the community each and every year – one is our annual bike safety day where every child who comes is fitted with a free, brand new bicycle helmet and given the opportunity to navigate an obstacle course, have their bicycle inspected and adjusted and learn all about road and bike safety in addition to having a great time, eating lots of hot dogs and winning prizes including bicycles. The other event, which takes places shortly after bike safety day is our annual Fishing Clinic and Derby. The event attracts kids and their adults from all over the area. The former Glendenning Pond on the beautiful West Hill Road in Wallingford is the spot, where over two hundred fish are stocked by Vermont Fish and Wildlife each year, just prior to the derby.

Each year, area children equipped with fishing pole in hand are treated to a clinic to learn the basics and safety procedures for fishing, all taught by community volunteers. Then, the kids are turned loose to use their newly acquired skills and catch some fish! This year we had a record turnout for a beautiful day by the pond, now owned by Florida Rotarian Dave Dunlap and his wife Holly, who graciously agreed to allow the time honored tradition to continue when they purchased the property a few years ago.

This year's statistics:

37 registered youth participants

131 fish caught by those kids and measured

11 members volunteered their time that morning

80 hot dogs were cooked and enjoyed

All in all another great community give-back event, free and sponsored by our Wallingford Rotary Club – the small but mighty club!

Peterborough Rotary Charitable Fund to Receive Support from Charitable Gaming

About ten years ago the Peterborough Rotary Club created a 501(c)3 entity, the Peterborough Rotary Charitable Fund as a means of accepting donations for its charitable programs from individuals who valued the ability to make a tax-deductible donation. Shortly after the fund's formation, one of the club members realized that the step also created an opportunity to participate in the state's Charitable Gaming program now regulated under the New Hampshire Lottery Commission.

The *Racing and Charitable Gaming Division* program enables a commercial enterprise to offer casino-gambling to the public under rather strict guidelines as long as a significant portion of the profits are shared with a qualified non-profit organization from within the state as a sponsor. Non-profits can only sponsor up to ten days per year of such gaming and need to demonstrate that their true purpose is supporting public charity.

Our club had sponsored a share of days ten years ago at the River Poker Club, then in neighboring Milford, NH, for several years until that location was closed. This contributed about \$4,000 to \$8,000 each year toward our community programs. It also gave us a few opportunities for a "club poker night" where interested members could participate in a casino-style poker game at a table where we not only knew that any table winnings would stay with some member of the club, but about 35% of any profits from house winnings would also return to our club.

Any Rotarian with an inclination to occasionally participate in Casino gaming can enjoy that same spirit of knowing that any losses on their part can still be gains for some Rotary programs if they just choose to play on one of our days as a Charity Partner. The assigned days are normally in a

block of ten consecutive days, but we were only offered a very unusual set of dates this year and were still happy to accept. We have three days in August (19, 20, and 31) and seven days in early December (1-5, 7 and 8).

In 2016 the operators of the former Poker Club opened the much more substantial operation, The River Casino and Sports Bar at 53 High Street in Nashua, NH. The club member who had originally worked out our participation as a "Charity Partner" was unable to follow up at the time and, also, more charities are interested in participating than can be used each year and the change in venue made us appear less a "local" charity. It took some considerable effort to assure that the documentation of our status with multiple state and federal filings and certifications were all up to date and reestablish our ties to the Casino, but it appears that the net proceeds to our charitable fund should be at least \$12,000 to \$15,000. The charitable proceeds had improved considerably after October 2018 when somewhat higher table limits were approved by the state. That number can vary considerably because, interestingly, it is directly tied to the actual betting and payouts for the ten assigned days and a really big payout can create a big effect, so that the contract guarantees the charity cannot experience an overall loss for their ten days but does not cap any gain.

We are happy to share what we learned with any interested clubs.
