## We Need Your Support for the Multi-District Conference!

---

RI Districts  
7910, 7950, 7980, 7890

## Dear Club Member,

In honor of Rotary International President John Germ, as well as to recognize the collaboration of 4 New England Rotary International Districts for this conference, a Providence Waterfire event will occur.

Make sure your club and businesses from your area take advantage of this once in a generation event! The Rotary International Multi-District Conference offers a unique opportunity for businesses to advertise, professionals to network, and Rotary Clubs to showcase their fantastic service projects with a large group of people from multiple states in New England.

Please contact Tarah Warner of the Conference Committee about the chance to advertise, how to sponsor an activity, or to be a part of Lighting Up the Night with the Providence Waterfire Event at the Rotary International Multi-District Conference!
