

**BANDEY-HEFLER  
ROTARY  
FELLOWSHIP EXCHANGE  
PROGRAM**

*A Fortnight Exchange Between Central  
Massachusetts' District 7910 and England's  
Districts 1110, 1140 and 1250*

Join us for a rewarding American-British fellowship program. We're still looking for six more host families and have 60 host slots already filled. Host a British Rotarian couple for three to four days from September 29 to October 13. Each guest will stay with four host families. Show them your favorite places or learn new places together. Make friendships that will last for years. By hosting, you will become eligible for a free (excluding air fare) two-week trip in 2016 to England.

We have an exciting program planned: welcome dinner; special presentation on the U.S.S. Constitution; and a farewell dinner. Hosts pay for all expenses in their own country, thus providing an all-expenses-paid trip for the guests.

Those who have been fortunate enough to participate in these exchanges have no doubt that it is Rotary International in action and at its very best. The emphasis is very much based on international fellowship – the enjoyment that comes from meeting new friends in fascinating, different surroundings.
