

Rotarian Sponsorship

Once the Rotarians uncover the number of grieving families in the communities they serve, we are sure it will be eye opening to understand the further struggles these families living amongst them are facing. Families experiencing death are often experiencing financial hardship due to medical bills, funeral costs, or the loss of an additional income. Additionally, they are dealing with the trauma of the death, making it even more difficult to have the capacity to secure the help their children need.

Comfort Zone has always been free of charge to the families we serve to remove all barriers for a child to receive the help they need.

Rotarians could help these children directly through sponsorship opportunities:

- \$250 per child for virtual program (includes mentor)
- \$600 per child for traditional camp (includes mentor)
- \$9,500 for a Virtual Program with naming opportunities. This could support many children across the District.
- \$35,000 for full camp includes naming opportunity. Wouldn't it be incredible to have a District 7910 Rotary CZC Camp? \$35,000/49 Rotary clubs in the District = \$715 per Rotary. This would support **60** children across the District.

In addition to direct donations, Rotary could support other programs offered during the calendar year. Currently we are developing the first National Virtual 5K with these funding opportunities:

- \$25 to register as a participant and receive t-shirt
- \$250 sponsorship to include 2 registrations plus logo on event website and e-mails
- \$600 sponsorship to include 4 registrations plus logo on t-shirt, event website, and e-mails

In-kind donations are extremely helpful and include printing, use of space, and supply drives.

Thank you for your considerations!
