FILM NAGAR HIGH SCHOOL

3 KW ROOFTOP SOLAR POWER PLANT

Film Nagar Solar Project

Proposed Project

- Meet 100% of the schools electricity needs
 - 3 kW system already in place from earlier project
 - Add 5 kW rooftop solar module
- Cost: \$5,900
 - Jubilee Hills Rotary Share 20% = \$1,200
 - Needham Rotary to raise \$ 4,700.
 - Funds can go directly to Jubilee Hills Rotary
- Sourcing – manufactured in India, maintained locally
- Maintenance
 - Vendor's warranty for 5 years, expected system life 25 years

Film Nagar Solar Project

Proposed Solar Project

- Delivery: 6-8 weeks from placement of order.
- Payment:
 - 50% with order
 - 40% payment due when panels arrive
 - 10% payment due when operational
- Timing:
 - System can be installed at any time, even when school is in session.
- Vendor:
 - Well known company run by local Rotarian. Same company installed the current 3kw system a year ago.

Film Nagar Solar Project

Proposed Solar Project

- Project Plan Steps
 - Receive funding
 - Finalize order for system
 - Apply for permit with electric company (routine)
 - Receive panels and install on roof
 - Receive inverter and install near panels on roof
 - Connect to the grid
 - Inspection by electric company
 - Turn on system

Film Nagar Solar Project

Proposed Solar Project

- Funds Needed
 - Rotary Club of Needham - \$1,500
 - Additional Rotary Clubs – 7 @ \$500 each
 - Potential for District Simplified Grant @ 1500
 - Would reduce additional Rotary Club number to 4
