

Support DG Pam's *Polar Plunge for Polio!*

The weather outside will be *frightful ...*

But her Service Above Self will be *so delightful!*

Rotary District 7910 will join District 7930 on February 29, 2020 for D7930's 10th Annual Polar Plunge to Eradicate Polio. (Snow date: March 14).

At 11:00 a.m., District 7910 Governor Pam Anastasi will take the plunge into the frigid waters of the Atlantic Ocean at Long Beach in Gloucester. Her goal is to raise at least \$5,000. The Bill and Melinda Gates Foundation will then match it 2 to 1, so our \$5,000 will become at least \$15,000.

Pam's request is a donation from every club for \$100. To donate online, visit EndPolio.org/donate. Please make your donation in honor of Rotary District 7910. (If you make a personal donation and are a Rotarian, include your Rotary member number, to get Paul Harris points.)

Pam promises to share video and photos of her diving into the frightful ocean for this great cause! Remember, a donation of any amount will be greatly appreciated.

Every \$1 gets us one step closer to eradicating polio! Learn more at EndPolio.org.

The Polar Plunge for Polio was originally inspired in 2011—and has been annually supported since — by the Rotary Club of Gloucester.

Proudly serving 50 Rotary clubs in Central Massachusetts and Metrowest.
