

Hepatitis C Screening Event

Where: The Manor, 42 W Boylston Street, West Boylston, MA

When: May 2, 2015
9 a.m. — 3 p.m.

Many people with chronic Hepatitis C do not have symptoms and **do not** know they are infected. People with chronic Hepatitis C can live for decades without symptoms or feeling sick*.

The CDC recommends anyone born between 1945—1965 be screened for Hepatitis C*.

Getting tested can help people learn if they are infected and get them into lifesaving care and treatment*.
