

You can't buy soap, toothpaste, or detergent with Food Stamps!

People from deserving families want to be clean. They want to get or keep a decent job. Teens want the other kids in school to like them. But, they cannot afford shampoo or deodorant — or even soap.

You can help. When there is a sale on toiletries or cleaning products, buy a few extra — whatever you can afford. The Marlborough Rotary Club, the Marlborough Junior Women's Club, and the Marlborough Lions Club are partnering with Marlborough Community Development Corporation to collect toiletries and cleaning products on an ongoing basis for families in need of these products that are so much a part of our basic human dignity.
