Our fundraising efforts will help solve the problem of student hunger among MassBay college students. It is an issue that is threatening to undermine the educational success of hundreds of local students. Studies show that approximately 40 to 50% of students attending MassBay have issues with insufficient or poor-quality food.

Economic hardships from the pandemic have also hindered families' ability to feed and take care of their pets.

Funds raised will be donated to the MassBay Community College Food Insecurity Scholarship Program and to Stray Pets in Need in Mass. Inc. (S.P.I.N).
