CLUB PUBLIC IMAGE COMMITTEE

Purpose

The Club Public Image Committee should support the promotion of Rotary to external audiences and foster understanding, appreciation, and support for the programs of Rotary. The committee should promote awareness of Rotary with effective external publicity, favorable public relations, and positive images that represent the essential goals for Rotary.

Committee Member Qualifications

Skills related to media, public relations, or marketing skills as based on vocational or professional experience are preferred.

Committee Responsibilities

- Ensure communications adhere to Rotary International's Master Branding guidelines in all forms including fonts, appropriate use of logos, color schemes, etc.

- Keep your club members aware of District, Zone, and international projects, activities, or events of interest

To manage a club's public image takes a village. A committee is a vital part of any club's team and one that should be supported, whenever possible, with a budget. Try asking club members to manage only one specific role as to not overwhelm anyone. Another strategy is to hire or ask for a high school intern to manage communications channels, such as social media and the club's website.

Social Media 101

Here are some tips to maximize your club's social media.

- Make sure your club's pages are "forward-facing" direct your messages to an external audience, and do not use internal jargon and acronyms.
- The best thing to do to increase activity on Facebook is to post a group photo and tag people. The next best thing is to ask your members to share the photo with a comment.
- Trying to decide which platforms to focus on? In order, here are the top 5 most effective: Facebook, Twitter, Instagram, LinkedIn, and Pinterest.
- Help your social media committee decide what to post by plotting out a 3-6 month calendar with pre-populated content, messages, and images.
- Hosting a fundraiser that includes sponsors? Offer social media posts thanking them as part of your sponsorship levels.
- Be sure to include your club's social media handles on your club's business cards, brochures, website and other print collateral.

Meet Jennifer Aitken

Assistant Zone Public Image Coordinator

Home club: Rotary Club of Jersey City, District 7490

PI specialty: Social Media

What she does for fun: Jen spends time with her nieces and nephews, watches movies, swims, and volunteers.

Jen's Rotary Moment:

"My passion in Rotary has always been service to youth as I have spent my entire career working in higher education and directly with students with disabili-

ties. During the charter celebration of the first Interact Club that my Rotary club sponsored at County Prep High School in Jersey City, I was truly inspired by the enthusiasm of the students and was so impressed by the number of service projects the club accomplished in a single year. After listening to the students' presentations and having a chance to interact with them socially, I sat back and turned to one of my fellow Rotarians and said, 'This is my Rotary Moment.'"
