RLI stands for [Rotary Leadership Institute](#), a multi-district, grassroots leadership development program of member districts organized into regional divisions in various parts of the world. RLI is not an official program of Rotary International and is not under its control. RLI seeks to have Rotary Clubs in its member districts identify those Rotarians who appear to have the potential for future club leadership (not necessarily as club presidents) and provide those so identified with a quality education in Rotary knowledge and leadership skills so important in voluntary organizations.
