### **ABOUT THE MUSEUM OF RUSSIAN ICONS:**

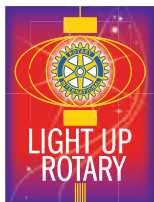

The Museum of Russian Icons was founded in 2006 as a nonprofit educational institution by Massachusetts art collector and industrialist (**Clinton Rotarian**) Gordon Lankton.

Including more than 1000 Russian icons and artifacts, the collection is the largest of its kind in North America, and one of the largest private collections outside Russia. Spanning six centuries, the collection includes important historical paintings dating from the earliest periods of icon "writing" to the present.
