

## Rotary Club of Westborough - Repair Café - October 22, 2016 – Photo Supplement

What a day! Much needed rain for Central Massachusetts and a great crew of folks with screwdrivers, wrenches, software expertise, sewing machine, knife sharpeners and much more to offer a free fix for bikes, computer printers, old hunting knives, fabric tears and much, much more. Kudos to club member and library Director Maureen Ambrosino and staff.

**Sorry. You with the broken arm are in the wrong place!**

**Happy now Ron? That dull knife took me 15 minutes!**
