

Advance Notice of Expressions of Interest

Rotarians in Districts 9500 and 9520 will be sent an email via ClubRunner in the next few weeks extending an opportunity to complete an Expression of Interest application for a range of positions that will be available in our new District 9510.

Amongst those positions, we are seeking two active Rotarians to fill two new positions that are integral to the success of the new structure.

The position of **Deputy Governor, Resources** will oversee and support a range of Resource Committees including Youth, Membership, Foundation, Partnerships (Vocational, Community, International, Local Government) Governance (Risk, Insurance, Youth Protection), Diversity and Ethics, our Digital Communications (including website, Public Image and Newsletter) and Learning and Development.

The position of **Deputy Governor, Areas** will support the Area Governors and coordinate communications and facilitate the support needs of clubs across the 12 Areas.

These two positions will have membership on the District Leadership Board. It is envisaged the successful appointees will work closely together to meet the needs of our clubs and be supported by the District Governor Nominee and District Governor Elect.

Whether you would like to serve on a particular Committee or nominate to be Chair of a particular Committee there will be an opportunity for you to express your desire. With a larger number of clubs to service, more Rotarian resources are required. The Expression of Interest form will allow Rotarians to record up to 3 preferences.

If you ever wanted to serve at a District level but never saw an opportunity..... this will be your chance as we prepare to move forward together.

DGE David Jones
