## **SUPPORT TEAM CENTURION NOW!**

Have you sent your AU\$100 (or more) to D9500 Team Centurion yet?

If every Rotarian in D9500 contributed just AU\$100, the D9500 contributions to the Australian Rotary Foundation Trust, could be AU\$110,000!

All personal donations are deposited into the Annual Programs Fund, for which the donor gains PHF Recognition points, and the funds support for the Foundation's humanitarian programs. Rotarians whose donations over time reach US\$1,000 will be awarded a Paul Harris Fellow.

If your Club also contributed an additional AU\$100 per Club member, imagine how much more we would be able to achieve in our local communities, as well as internationally, through both District and Global grants. Send your donation (with the application form) NOW to

**Ken Dorrington, Team Centurion, PO Box 383, PROSPECT SA 5082**

A tax-deductible receipt will be forwarded to you by RI Parramatta. If you have not previously received them, a Centurion pin and certificate will be sent to you via your club.

A Donor Form is available at <http://portal.clubrunner.ca/50056/SitePage/centurion-club-application-form>

## ROMAC CENTRAL REGION NEWSLETTER (Districts 9500 and 9520)

Eight years old Tomas Farel was due to have urgent brain surgery at the Adelaide Woman's and Children's just prior to Christmas. As advised earlier, that on landing in Darwin in transit to Adelaide due to his seriously deteriorated condition he was immediately taken to the Darwin hospital where he underwent urgent surgery to remove the severe pressure on his brain.

Since then he has been in intensive care followed by follow up treatment and is still being lovingly cared for. Yesterday we received great news, stating his recovery has been an incredible roll coaster but in the last two days he has turned the corner. He is now allowed out of bed, starting to walk, play, and smile. His surgeon has advised he is anticipating the insertion of a new shunt within a week and has been in constant communication with Cindy Molloy the Adelaide Women 's & Children 's hospital surgeon and we are advised the team work has been exceptional and all being well he is expected to return home near the end of the month.

As Director of Logistics it is my responsibility to organise, employ & manage at least 8 food outlets for the 'Mall'. The Mall will be a shaded precinct within the site. Dimensions 300m x 100m.

**Comment of the week:**

While looking at a house, my brother asked the estate agent which direction was north because he didn't want the sun waking him up every morning.

She asked, 'Does the sun rise in the north?'

My brother explained that the sun rises in the east and has for some time. She shook her head and said, 'Oh, I don't keep up with all that stuff.....'
