

GUEST SPEAKER – NOVEMBER 1

JENNY PARADISO

Jenny Paradiso is co-founder and Managing Director of the national solar company, Suntrix. Jenny established the business in 2009 after she and her husband failed to find a knowledgeable and affordable company to install solar power on their home. They decided to organise the solar themselves and realised there was a gap in the market for value-for-money solar, by a company that put their clients first.

Since starting the business, Jenny has grown Suntrix from the kitchen table to a national multi-million dollar company, helping residential, commercial and government clients save money on their electricity bills and reduce their carbon footprint through solar PV, battery storage and solar/energy monitoring solutions.

Jenny was awarded the South Australian and overall Australian Telstra Business Woman Entrepreneur of the Year in 2016 and the Ernst and Young Entrepreneur of the Year in 2014.
