

Help Rotary Make a Difference

**Project: Acquisition of 2 vehicles for
Western Desert Dialysis (Purple House) in Central Australia
Target Funds: \$45,000**

Remote indigenous people are 15 to 30 times more likely to suffer from kidney disease. Dialysis is generally required 3 times a week for about 5 hours a session.

Western Desert Dialysis – The Purple House – provides dialysis patients from remote communities a kidney dialysis service and health education on their community. Its areas of support are cross state/territory borders with units in Western Australia and the Northern Territory.

It is just about to take on supporting 3 new dialysis centres at Papunya, Docker River and Mt Liebig and urgently needs a vehicle to enable the nurse to access these units.
