DtD starts with a 3 Day residential program at Longerenong Ag College. There will be lots of new friends to make, inspiring agriculture role models to meet, places to visit and lots of fun.

The second part is a presentation by each participant at their sponsoring Rotary Club - a great chance to meet community leaders.

THERE ARE WONDERFUL OPPORTUNITIES FOR FANTASTIC, HIGH PAYING AND SECURE CAREERS IN EVERY WALK OF LIFE IN RURAL VICTORIA. WITH IT COMES A LIFESTYLE THAT CITY FOLK CAN ONLY DREAM ABOUT.

Agricultural careers have a bright future. The fact is the world's growing population needs to be fed and clothed and, with the average age of farmers approaching 60 years, young people are worth their weight in gold. Employers are screaming out for them. Jobs are often going begging.

While the traditional patterns of family farm succession are giving way to corporate style farming and land prices seem prohibitive for new entrants, there are great opportunities for careers in agriculture across the broadest range of personal skills, as well as the many professions, trades and vocations needed in every community.

With the huge interest in where our food comes from, the time is ripe for organic and innovative food production start-ups.

Since its inception in 2010 Defying the Drift has helped young people discover pathways through further education and work experience to great careers in agriculture.

Don't wait for the future - make it happen!

Early bird closing date for applications is July 31 2024.
Final closing date is August 31 2024 unless all places are filled prior.
Places are allocated in order of application received, however the DtD Committee reserves the right to limit applicants per school if program is oversubscribed to allow students from a greater number of locations to attend.
