

Rotary Club of Alfredton

EnviroClub

SILVER

- **Rotary Centennial Park:** We have had 2 working bees with members of our club mowing weeding and whipper snipping. The recognition of the Rotary tree and supporters, and some wings have been installed on the sign.
- **Bali:** Reticulated water to a further 80 homes has been installed and paid for with a generous donation to Alfredton Rotary Club.
- **Environmental Challenge Competition:** Year 2 of this project we have sent out 160 school packs to engage schools in the Ballarat area. We have \$5000 in sponsorship funding for this project this year, and there will be more prize divisions.
- **Zimbabwe:** Year 2. We have supplied computers medical aids, hospital equipment collected from the Ballarat Base Hospital and school supplies.
- **The Lucas Community Garden Group:** The Alfredton Rotary Club was invited to help revitalise and put in place some structure. We have been able to get this great community garden back on track.
