

Rotary District 6650 2011-12 Award Summaries

Bryce Kendall Award for Club Service

This award is named for Bryce Kendall who was our district governor in 1964. Club service focuses on projects that enhance social interaction among members or attracts new members to the family of Rotary.

Winner: Canton

Runner up: Plain

The Rotary club of Canton is recognized for its outstanding work in club service. After the Canton club was informed that the building where their office is located was closing, they were forced to search for a new home. New office space was indeed located, but the space was "rough" to put it mildly. At that point, the project went "Rotary", calling on Rotarians to contribute their time and talents to refurbish, remodel and furnish the space and signing up over 20 Rotarians on moving day in March. The new Canton office is a showplace but it also serves as the District 6650 office, enabling all club members to utilize and enjoy the space.
