YEAH System Web Addresses

There are several components to the Rotary Youth Exchange Administration Hub (YEAH). All can be accessed by a web browser and a variety of devices (computer, tablet, phone, etc.). This table provides the different web URLs that are used by CCRYE.

Group	Web Address	Description
Youth Exchange Officers	http://yehub.net/CBY-portal	This link requires a password to access. Only volunteers who have completed an application (link below), background check and have 3 references on file will be provided access to the YEAH portal.
Volunteer Application	http://yehub.net/CBY-volapp	This is the link for individuals wishing to apply to serve as volunteers for the CCRYE program. This only has to be completed once so long as volunteers remain active and maintain a current background check.
Host Family Application	http://yehub.net/CBY-hfapp	This is the link for host families. This only has to be completed once. Returning host families will receive a link to access and update their existing record.
Outbound Student Application	http://yehub.net/CBY-obapp	This is the link for students wishing to be considered for placement in the long-term outbound exchange program. Students do not need to complete this application until they have a District 5440 Rotary Club that has agreed to sponsor them on exchange.
