A: All prospective students **MUST** complete the online Request for Application (RFA) form. Click here for the link to the 2020 [Request for Application](#).

Q: How will the students get access to the online RFA form?

A: Click here for the link to the 2020 [Request for Application](#). Your Club will also receive an email notice with the link to the online RFA form and you may forward to the school or directly to students wishing to apply. The District Committee will also send out notices to schools and Interact Clubs in the District. All students who submit an online RFA and application will require approval from the sponsoring Rotary Club.

Q: How do I recruit students for RYLA?

A: The best way to identify potential RYLA campers is contact your local school counselor. Explain the program to them and they will usually have recommendations for campers. Students of Rotary members are also encouraged to apply as well as other students the Club believes can benefit from the RYLA program.

Q: How will the student parents sign all required paperwork?

A: The District Committee will use the information from the online RFA form to produce a full student application (PDF) for the students. The District will email those full applications to the students for completion. The full application will contain the necessary waivers and releases that require parent signatures (5 forms).

Q: What if our club knows a student we would like to sponsor?

A: Great, have the student complete the online RFA form and the District committee will forward the completed application to your Club for approval.
