

# PACK AWAY HUNGER®

## 2026 District Conference Service Project

### ALL CLUB CHALLENGE

Pack Away Hunger partners with communities to fight hunger by packing highly nutritious Nutri-Plenty® meals made from rice, soy, vegetables, and essential micronutrients proven to combat chronic malnutrition in children. These meals are distributed locally through food pantries, schools, and community centers, and internationally through school and community nutrition programs in areas of greatest need. Although **these meals will be staying local!**

**Every Rotary club is invited to take part in a simple challenge -  
Contribute \$50 & Challenge your members to match that gift.**

When clubs across the district participate, we can easily reach **our goal of \$8,000 and pack 20,000 meals** to fight hunger in Rotary District 6630. A small commitment from every club. A life-changing impact for thousands.
