Foundation News End Polio

Below are the Polio statistics as at 19th March 2014.

Wild Poliovirus (WPV) cases

Total cases	Year-to-date 2014	Year-to-date 2013	Total in 2013
Globally	37	11	406
- in endemic countries	33	11	160
- in non-endemic countries	4	0	246

The endemic countries; Pakistan, Afghanistan and Nigeria have all experienced increases in the number of cases reported.

It is of interest to note that there are 4 cases in non-endemic countries- Equatorial Guinea 3; & Cameroon 1

This shows just how easy it is for the Polio virus to travel, demonstrating the need for our children and grandchildren to be immunized against this terrible disease.

Polio eradication remains a top priority for Rotary and this will continue to cost money.

Our district giving for Polio Plus is down on the same time as last year and clubs are encouraged to consider giving to Polio Plus in addition to the amount pledged to the Annual Programmes Fund.

PDG Ray Martin

District 9820 Rotary Foundation Chairman.

Youth Exchange Update

It has been a rather busy month on the Youth Exchange front with applications for inbound students arriving from all over the world, Ride to Conference and District Conference. March has also seen members of the Youth Exchange Committee visiting clubs right across the District and this will continue into April and May.

Many of you would have noticed the very small number of students we had at the District Conference. I had a number of Rotarians speak to me over the course of the weekend asking why we only had six students carrying their flags during the opening and many were shocked when told that there were only six students hosted within our district this year.

Things are certainly looking up however and I'm very happy to advise that we will host 13 students this coming year. A huge improvement and I would like to take this opportunity to thank those of you who have continued to support the program over the years, and those of you coming onboard this coming year either for the first time or after taking a break.

We are also calling for expressions of interest from Rotarians interested in joining the District Youth Exchange Committee in the role of an 'Inbound Coordinator'. Please contact Dan Kraan (chairman_yep@district9820.org) or Paul Howells (deputychairman_yep@district9820.org) for further information on the role.

Model United Nations Assembly (MUNA)

2nd – 4th May 2014

Information has been sent to all Clubs. It is time to contact your local Secondary Schools and discuss their participation in this year's MUNA, this year we will again send the winning team to Canberra in August 2014 to represent our District at National MUNA.

When discussing MUNA with teachers you might like to point out that in addition to the personal growth opportunity for the selected participants their classmates can also benefit by becoming involved in helping the delegation to research and prepare their material. The delegates, of course, also learn about the broad range of views on issues of international significance held by countries represented by other delegations to MUNA. The topics for debate are all based on resolutions that have been before the UN General Assembly. We have advised the schools about MUNA invited to participate and to expect contact from their local Rotary Club.

I would be grateful if you could ensure that your registration and payment for each delegation is submitted ASAP (but definitely before the closing date- 21st March 2014) along with your club's preferred contact.

We will be giving the delegates the opportunity to nominate the country they wish to represent. As this will be done on a "first come first option" basis, the earlier we receive the paperwork the better the chances of your delegation getting allocated their preferred country.

You can download forms and documents from District 9820 Website. Go to www.district9820.org and click on left link "Model United Nations (MUNA). For Rotarians, student participants, parents, teachers and anyone interested in MUNA, "Like" our facebook page @ www.facebook.com/D9820MUNA and stay up-to date.
