From DG Tim

It is Rotary's Membership and Retention month. It is a time for implementing and working to achieve our goals of growth, not for growths sake, but to ensure the continuity of the great work our clubs and members do in our communities here and worldwide.

Strong clubs attract new members and keep existing members, but what makes a club that others want to belong to? One method is to download the 'Club health check' – available from our website www.district9820.org. I encourage presidents, membership directors and Rotarians to see how their club performs. The results may surprise you – what a great discussion for club service night.

Don't forget what drew you to join Rotary – the friendships, the wish to have fun, the network of likeminded people and the realisation that as a group we can do so much more. All of us can make a difference, but the simplest thing we can do is ask someone to join us, that's right just ask. Have you asked someone lately?

National Public Relations Grant success!

Rotary international has just informed us that our multi-district application for a Public Image Grant has been

at the local level has been substantial as total district and in-kind contributions represent more than US\$18 million in Public Relations outreach.

Avenues of Service Forum Nossal High School Sep 08, 2013

Many of our members will have heard at District Assembly that this is the first time all 21 Australian districts have jointly agreed to submit a national Rotary PR program. This means that with District contributions of \$110,250 Rotary International will add \$352,800 to make a total contribution of \$463,050 USD. Zone PR Director Philip Archer believes that this will be substantially increased via donations from the media to multiply its national impact. Congratulations and well done Australia's Zone 8 Public Relations Coordinator, Philip Archer and thank you for your contribution District 9820 Public Relations Chair Marilyn Cunnington.

School Term 3 Ends Sep 20, 2013

The program will have a national TV and radio impact and give clubs much of the tools they need to promote Rotary and our brand. Have you heard the Bev Brock ad? Stay tuned! The "Conversations to Actions" campaign will be rolled out shortly across Australia's 21 districts.

Membership Matters

Membership matters more today than a few years ago when we thought that Rotary could go on forever as just another service organisation. Today Rotary proudly promotes itself as a leading service organisation and its members think and act as though Rotary is a business albeit a not for profit one.

People join Rotary to receive benefits in exchange for their precious time and their financial support. In the world of business a dissatisfied customer leaves and takes their business elsewhere. Rotary's objective is to provide a framework where members are satisfied. Primarily this is achieved through Rotary's support for major humanitarian programs at both local and international levels. Rotary also offers members an environment for networking, building friendships and promoting world understanding.

To achieve these objectives Rotary has developed a strategic plan which assists clubs to:

- Develop skilled and informed Rotarians Support innovative and flexible club programs;
- Create strategic partnerships
- Enhance brand recognition, understanding and trust.

In the current Rotary year (2013/14) the District and individual clubs will focus on these objectives to develop and retain their current membership and attract new members as they see Rotary as the service organisation of choice. Rotary is worthy of our time and energy!

October 24th is WORLD POLIO DAY

Dressed in "Red End Polio Now" T shirts,

Rotarians took to the streets including the Armidale Mall carrying red buckets raising \$2500 in loose change.

Will District 9820 clubs, clusters or clubs combine in Municipalities to promote our ongoing work to Eradicate Polio on or near Oct24 this year?

Imagine the impact if a dozen Rotarians roll up in their red t-shirts to present the local Mayor, High School Principal, or Police Chief with their special "END POLIO NOW" pin – and invite the local press and radio along?

Red "End Polio Now" t-shirts are a special order through RDU Merchandise and Promotions (white End Polio Now" t-shirts are available off the shelf).

RDU Merchandise and Promotions, the phone is 02 9674 6855 (Seven Hills NSW).

"END POLIO NOW" red pins – attached to the small message card – are available at \$1.50 each plus postage from RDU House, here the phone is 02 9633 4888 (Parramatta NSW).

The idea is that each Rotary Club will organize special presentations on World Polio Day.
