3Rs and dictionaries for East Mills 3rd graders

Chelsea Harvey

East Mills Elementary Third Grade Teacher

Hi from East Mills third grade. This year has been going great, and we have been learning a lot. We have been focusing on reading comprehension and fluency. We have also read many new wonderful stories like "Gary the Dreamer" by Gary Sato and "Wolf!" by Becky Bloom.

A new computer program called LEXIA has helped us all work in our individual struggling areas. We have been busy learning to write in cursive, as well. In math we have been focusing on memorizing basic math facts, subtraction across double zeroes, telling time, counting money, and

we have recently started measuring. Soon we will be multiplying!

Earlier this year we were lucky to receive dictionaries from the local Rotary Club. They also came and visited our classroom. It was a very cool experience. The students were very thankful for these kind gifts.

Lastly, we would like to say how proud we are of the girls volleyball team. They did an awesome job this year. The third graders really have looked up to everyone on the team. They had so much fun cheering you all on at state, and they can't wait to do it again next year! Go Wolverines!

East Mills third graders show off the dictionaries they received from the local Rotarians. (submitted photo)
