*Participate in this special forum and join with other young leaders in making a difference.*

**Rotary Now!** is an exceptional opportunity for you to join other young leaders from across Canada and the United States to discuss human rights, leadership and changing the world.

## *Engage with Other Young Leaders*

Are you a Rotaractor, Rotary alumni or young Rotarian? Or are you a young professional, not yet engaged with Rotary? As catalysts for change, young leaders around the world are seeking ways to take action. This Forum is an outstanding way to get started or to develop new ideas and collaborations to help accomplish even more.

During two days of energizing sessions, participants will share their thoughts on ways to make a difference – today and in the future. You'll exchange ideas on how to connect, grow professionally and take truly meaningful action.

## *Discover Human Rights Leadership*

At the Forum, you'll be immersed in interactive experiences, and gain inspiration and tools to make a difference in the lives of others. The conversations will focus on human rights and discovery to design a new era of global human rights leadership. The event will include inspiring encounters with human rights issues through speakers, workshops and the Canadian Museum for Human Rights.

## *Get Know-How to Launch New Initiatives*

In Rotary, we're learning more about the reasons you and other young leaders volunteer, how you want to be involved and make meaningful connections with other leaders, and possible ways Rotary might support you in these goals.

At the Forum, we will continue this conversation and look to you for sharing these ideas and helping to create a foundation for young professionals' initiatives in Rotary clubs in the United States and Canada. Dynamic speakers and highly-interactive activities will spark thoughtful dialog on what's working well and solutions to challenges, and the stories of your own experiences.

## Who Should Attend

### Grow Engagement of Young Leaders

Rotaractors, Rotary alumni and young Rotarians are leaders in their communities today. Many other outstanding young professionals are not yet engaged with Rotary. Sponsor one or more young leaders to participate in this Forum as a step toward launching young professionals' initiatives in your own district and grow young leader engagement in every aspect of Rotary.

During two days of energizing sessions, participants will share their thoughts on ways to make a difference -- today and in the future. They will exchange ideas on how to connect, grow professionally and take truly meaningful action.

The Forum will immerse participants in interactive experiences that offer both the inspiration and tools to make a difference in the lives of others. Discussions will focus on human rights learning and discovery to design a new era of Rotary global human rights leadership. The event will include inspiring encounters with human rights issues through speakers, workshops and a tour of the Canadian Museum for Human Rights.

### Get Know-How to Launch Young Leader Initiatives

Through research, social media and program testing, Rotary is learning more about the reasons young professionals volunteer, the ways they make meaningful connections with other leaders and how they view Rotary. The Forum will share these concepts, creating a foundation for young professionals' programs in districts, and provide the know-how and encouragement for Rotary clubs to effectively put the new approaches into place.

Dynamic speakers and highly-interactive discussions will uncover what's working well now, solutions to challenges and shared stories of motivation. Sessions will build on participants' experiences to encourage more young leaders to engage with Rotary.
