

Be a Leader ... Make a Difference Change the World.

A forum for young leaders

September 30 and October 1, 2016, Winnipeg, Manitoba

Held in conjunction with the Zones 24 & 32 Institute

Help young leaders engage with Rotary and change the world.

Host one or more young leaders to participate in this special forum in Winnipeg.

Rotary Now! is an exceptional opportunity for young leaders to join their colleagues in Winnipeg to discuss human rights and making a difference plus innovative strategies to engage young professionals in Rotary.

Grow Engagement of Young Leaders

Rotaractors, Rotary alumni and young Rotarians are leaders in their communities today. Many other outstanding young professionals are not yet engaged with Rotary. As catalysts for change, these young leaders are seeking ways to take action. Sponsor one or more young leaders to participate in this Forum as a step toward launching young professionals' initiatives in your own district and grow young leader engagement in every aspect of Rotary.

During two days of energizing sessions, participants will share their thoughts on ways to make a difference -- today and in the future. They will exchange ideas on how to connect, grow professionally and take truly meaningful action.

Support a New Generation of Human Rights Leadership

The Forum will immerse participants in interactive experiences that offer both the inspiration and tools to make a difference in the lives of others. Discussions will focus on human rights learning and discovery to design a new era of Rotary global human rights leadership. The event will include inspiring encounters with human rights issues through speakers, workshops and a tour of the Canadian Museum for Human Rights.

Get Know-How to Launch Young Leader Initiatives

Through research, social media and program testing, Rotary is learning more about the reasons young professionals volunteer, the ways they make meaningful connections with other leaders and how they view Rotary. The Forum will share these concepts, creating a foundation for young professionals' programs in districts, and provide the know-how and encouragement for Rotary clubs to effectively put the new approaches into place.

Dynamic speakers and highly-interactive discussions will uncover what's working well now, solutions to challenges and shared stories of motivation. Sessions will build on participants' experiences to encourage more young leaders to engage with Rotary.
