To Whom it May Concern,

Ref; Rotary representative on The Science Schools Foundation board.

I have great pleasure in providing this letter, which recommends Marilyn Mercer's re-appointment as the Rotary Representative on the Science Schools Foundation Board, for another three year term.

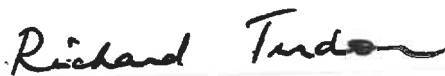

Over the past years, Marilyn has done an outstanding job representing Rotary, on the Board of the Foundation. She has been meticulous in ensuring Board members are kept abreast of developments and initiatives, through which Rotary supports the activities and objectives of the Foundation. She has also ensured that relevant news of the programs of the Foundation (under the banner of Science Schools Experience) has reached appropriate Rotary organisations. Not infrequently she has also advocated on behalf of the Science School Experience programs.

At the August Board meeting of the Science Schools Foundation which was held on Monday 21 August 2023, there was unanimous support expressed by the Board, for Marilyn to be re-appointed to the Science Schools Foundation Board, for another three year term. The gratitude of the Board for Marilyn's contribution was strongly expressed.

I am delighted to be able to convey the strong message of support Marilyn has received from her Board colleagues.

With my very best wishes for the continued fine work of Rotary, and my great appreciation for the support that Rotary provides to the Science Schools Foundation.

Yours sincerely

Richard Tudor OAM
