Brief comment on relevant experience (100-150 words)	<p>I have been a strong supporter of Rotaract since our local cluster-sponsored club was chartered in 2011. As a former teacher in a secondary school I also have had a focus on learning and its role in empowering young people.</p> <p>Rotaractors are often described as the future of Rotary, they are also the exceptionally valuable 'present' of Rotary. They have the capacity to become the 'future' of Rotary, which we all hope will happen. It is far more likely if we ensure they understand we value their present role in Rotary.</p> <p>The options for sponsoring Rotaract clubs are either individual Rotary clubs or clusters of Rotary clubs. Cluster sponsorship provides a greater range of Rotarians with their professional backgrounds which increases mentoring opportunities for Rotaractors. This may also increase the number of Rotaract clubs which will be to our long-term benefit.</p>
