

# THE ROTARY LEADERSHIP INSTITUTE COURSE

The Rotary Leadership Institute {RLI} is a world wide interactive learning and development course that continues to gain support and provide valuable experiences that help build confidence, enhance understandings about Rotary, change attitudes and behaviours and empower Rotarians.

During our 4 part course, participants will meet and team with other Rotarians from a broad range of Rotary groups and be involved in a variety of facilitated discussions and relevant tasks. Importantly, they will explore and acquire an up to date view of Rotary and the roles and responsibilities of all Rotarians and be encouraged to consider the future beyond Rotary, to dream big, innovate and take on leadership positions in their clubs and beyond.

# The Rotary Foundation – Global Grants

Global grants offer clubs and districts opportunities to participate in strategically focused, high-impact activities. These grants fund largescale, international humanitarian projects, vocational training teams, and graduate and postgraduate scholarships that have sustainable, measurable outcomes in one or more of Rotary's areas of focus. Activities may be carried out individually or in combination — for example, one grant may support a vocational training team and a related humanitarian project.

- Global grant projects must have a **minimum total budget of \$30,000**.
  - TRF matches the Club's 50% and District Designated Fund 80%
  - These grants require a needs assessment
  - All global grants must be sponsored by two clubs or districts: a host sponsor in the country where the activity takes place and an international sponsor outside that country.
- Club contributes \$10,000      **DDF contributes \$7,500**      **TRF contributes \$10,000**
