of this research undertaken by the newly formed Medicare Local. Commencing 11 April, the campaign aims to let people know about their choices for medical help out of doctor's regular surgery hours.

Sydney North Shore and Beaches Medicare Local is a brand new organisation with its roots firmly planted in the primary health care (out of hospital care) space. It has gone to great lengths to ensure Willoughby LGA's diverse community has access to this vital information by producing a summary of the resources available in Chinese (Mandarin and Cantonese), Korean, Japanese, Italian and Armenian. A full directory is also available for download in these languages from their After Hours website at www.afterhourshelp.com.au.
