

ZOOM TO LEARN!

The District 5170 Monthly Training Series

When life gives you lemons, you make lemonade! And so it is that we take advantage of the tools we have had to learn to keep our Rotary mission moving forward while we keep our distance. As Rotary and our District 5170 adapt to the new environment, we see the opportunity to provide training through remote learning, which has the convenience of no travel, no cost, and available both live during the scheduled session, and recorded for viewing later. As the D-5170 District Trainer, I plan to use this opportunity to provide a monthly training class on topics that complement our very excellent established training in the areas of Membership and Foundation. Information about the classes and dates will be available at the District website, in the District monthly Newsletter, and be direct email to the District membership. **Registration will be required to obtain the Zoom link for participation.**

Our September Zoom Training Class will be:

“All About the Club Trainer”

Tuesday, Sept. 29th at 6:00 to 7:30 p.m.

During the free program we will answer the questions:

● What is a Club Trainer? ● Which Clubs Need One? ● Who Should Fill the Role of Club Trainer, and ● What are His/Her Responsibilities?

This is a class for all Rotarians, but especially important for Club Presidents, Presidents-Elect, Past Presidents, and Club Service Chairs.

Register today, either on the District Events website
<http://bit.ly/5170ClubTrainer>
or by emailing our District Administrator, Olivia, at
admin@rotarydistrict5170.org
