

May Edition: Coronavirus Town Hall Webinar

On Monday, May 18th, from 4:00-5:30 p.m., District 5170 will host a third online Town Hall with our panel of medical experts to discuss the ongoing challenges our communities face as a result of the spread of COVID-19. **Please Note:** This webinar is scheduled one hour earlier than previous COVID-19 Town Halls, accommodating other District events.

[Registration is required at this link.](#) You may submit questions in advance [using this form.](#)

District 5170 Rotarian Moderator and Panelists:

Jack Higgins, MD, Town Hall Moderator

Director of International Service, RC of Los Altos.
President, Global Telehealth Network.
Vice President, RotaCare Bay Area free clinics. Vice President, Child Health and AIDS Prevention (formerly Los Altos Rotary AIDS Project).

Arthur S. Dover, MD, DTMH

The event will be broadcast online using the Zoom video conferencing tool. You do not need an account to participate, but depending on your device, there may be a need to download a plug-in to receive the broadcast. If so, the system will prompt you. This event will also be recorded, so if you are unable to connect, you will be able to see the recording when it is posted.

Disclaimer

The opinions expressed by our speakers do not reflect nor advocate any policies or procedures of Rotary International or any District or Club. The forum is not intended to present official medical advice for an individual person's or patient's particular circumstances or condition.

Much remains unknown about COVID-19, and opinions vary among experts. Researchers' understanding of coronavirus transmission, diagnosis and treatment is changing rapidly as the world gains experience with the disease. What might now appear to be a consensus of opinion regarding this virus and the pandemic that it's causing may be viewed quite differently as soon as a few days from now.

This webinar will not provide medical advice. It is intended for informational purposes only. It is not a substitute for professional medical advice, diagnosis or treatment. Always consult with your physician or professional healthcare provider for specific advice related to your situation, and do not delay seeking help because of information provided in this webinar. If you are concerned about your health, call your doctor or call the advice line for either your nearest hospital or your County Hospital. If you think you may have a medical emergency, immediately dial 911.
