GUEST PRESENTER:

Omar Solomah
ClubRunner Support Team

Your club's digital presence is a gateway to your club's ability to grow and be relevant both today and into the future.

Your club will have a more significant impact in your community if you can provide **a face** for what you offer the community rather than just a toolbox for members.

Training presented by : ClubRunner Support Team

Learn how to create a beautiful and effective website and newsletter using **ClubRunner**.

In this focused training, you will learn how to use the tools from **ClubRunner** to select from RI approved themes, use RI logos, and design your website and newsletter in compliance with Rotary International's branding guidelines.

- Learn how to select from the RI approved themes for your ClubRunner website and newsletter.
- Learn how to effectively use the several templates from ClubRunner to layout your content on your website and newsletter.
- Learn more about the different widgets available to the website and newsletter.
- Learn how to use Custom Widgets on ClubRunner.
- Learn how to use the RI approved logos from the image library.

Who should attend?

Club Webmaster, President, President-elect, Secretary, Treasurer, AND any Rotarian that wants, or needs, to be on the committee team to keep your website updated now, and in the long-term!
