2019
YEAR**

TRF NEWS TODAY

JANUARY, 2019

CURRENT NEWS OF DISTRICT 5170 AND THE ROTARY FOUNDATION

FROM THE DISTRICT TRF CHAIR...

By PDG Russ Hobbs

What is the Magic of Rotary, and why has it thrived for over 100 years? When I look back to its 113 years of existence, and think about the future of Rotary, I think that the "magic" of Rotary is that it is "inclusionary." Rotary is open to all Community Leaders regardless of their gender, race, color, creed, politics, or religion. Rotary is where there is room at the table for all. Rotary is where a Catholic & Protestant, Muslim & Jew, and yes even a Republican & Democrat can sit down and break bread--that is the magic of Rotary. When we sit down to a meal, sing a song, & recite the pledge of allegiance, we also break stereotypes, and see that we have much more in common than differences. We can respect the other person's point of view, even if it's not our own. We can agree to disagree without being disagreeable for the common good, and to advance world peace and understanding through Humanitarian Service. When we roll up our sleeves and work together there is nothing we can't do.

Paul Harris got it right in his March 1912 article in The Rotarian, when he compared Rotary to an orchestra "in which each one of us has his own little insignificant part to play . . . The success of your instrument and mine depends not upon the amount of noise they make, but upon how perfectly they harmonize with the instruments about us."

We need all the instruments in the orchestra to make beautiful music, so let's make that our New Year's Resolution. Let's make beautiful music together in 2019.

In this issue . . .

Guatemala Mission

PINCC and Rotary working together to Fight Cervical Cancer

Richard Godfrey, MD

From September 17-21, 2018, Rotary Clubs in Rotary District 5170's Area 3 - Niles, Fremont Warm Springs Sunrise, Mission San Jose, Fremont, Newark, F.U.N. Sunset, plus Rotaract of Greater Fremont - supported PINCC (Prevention International of Cervical Cancer) in its efforts to prevent cervical cancer globally. During that period, PINCC held its first training program at District Hospitals Melchor de Mencos and San Benito, located in the tourist friendly Peten, Guatemala. I joined a team of 9 healthcare workers, including three Gynecologists and we saw 540 patients over 4 days. Members of Rotary Flores/Peten played a huge role in contacting and registering patients and supporting every part of the mission, including meals. The Rotary Club of Belize helped with the medical support of gynecologist Dr. Marcel Coyi. I have worked intermittently in Guatemala for eighteen years as a General Surgeon and was greatly impressed by the enthusiasm and energy of the Rotarian effort.

District 5170 Area 3, under the leadership of Niles Rotary, had a primary role in the Guatemala mission in raising money to help support the connections for the health care provision. Four Niles Rotarians volunteered in the screening by interviewing patients and preparing a visitor center with new paint and furniture. By helping the two hospitals involved with equipment and building capacity there was a ready acceptance of the larger goal of working to prevent cervical cancer. This allowed us to reach out to the local and more rural population and to bring in public health workers for their training with VIA (Visual Inspection with Acetic Acid).

VIA requires only a strong headlamp, acetic acid solution, and a speculum in order to identify the HPV virus and the occasional malignant changes the virus causes. We saw an approximate 6% positive rate for the virus with most diagnoses in the CIN1 category (cervical intraepithelial neoplasia), a pre-malignant development. This condition was treated with thermocoagulation on inspection, rendering it non-invasive. One malignant diagnosis was made and the patient will be referred to the Government hospital in Guatemala City. All data was analyzed and added to PINCC's database.

PINCC has been in action for over ten years and now is guided by Executive Director Dr. Melissa Miskell, who does as many as four or five missions a year, reaching out to East Africa, Cambodia, India, South America, and now Guatemala. The modus operandi of PINCC is to schedule 3 visits at intervals of 6 months and verify that receiving health care teams have the skill and capacity to carry on. Diagnostic and treatment equipment is left with the teams that are competent to continue screening and treating and verification of professional care is a key element of PINCC's training – "train the trainers".

The next visit should take place in April of 2019 and should provide sufficient numbers of VIA positive patients to also train the Guatemalan doctors to do thermocoagulation of appropriate lesions. Because Cervical cancer is the most common malignancy of women in Central America, it is anticipated that screening will continue to identify early and more advanced conditions and save lives. Volunteers are encouraged to explore the PINCC website and join in the work. www.PINCC.ngo

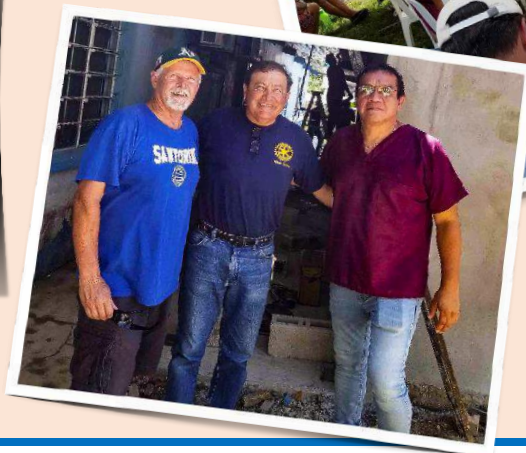

Of interest, PINCC has been active in Kenya for several years. I will be in Kenya on Sunday working in General Surgery for a few weeks in the Western region. My role in PINCC includes trying to introduce early detection of breast cancer, the more common cancer among women, which can be diagnosed with a fairly simple FNA.

The well-balanced relationship of Rotary and PINCC continues to gain strength and promise for future work. For questions or comments, I can be reached at richgodfrey77@gmail.com.

Rotarians are "People of Action"

The eradication of polio is one of Rotary's longest standing and most significant efforts. Along with our partners the Bill and Melinda Gates Foundation, World Health Organization, U.S. Center for Disease Control and Prevention and UNICEF, we have helped immunize more than 2.5 billion children against polio in 122 countries. We have reduced polio cases by 99.9 percent worldwide and we won't stop until we end the disease for good.

Now in our final push to eradicate polio in the world we must be **"People of Action"**. We need to have social, political and global **action** to make polio the second human disease in history to be wiped from earth. Polio eradication requires high immunization coverage everywhere, worldwide, to block transmission of this extremely contagious virus. Unfortunately, children are still missing out on vaccination for various reasons including lack of infrastructure, remote locations, population movement, conflict and insecurity and resistance to vaccination.

Failure to eradicate polio from Afghanistan and Pakistan "the last two remaining strongholds" could result in a resurgence of the disease. Without 100 percent eradication we could see as many as 200,000 new cases worldwide every year within 10 years.

"Flash Campaign"

"People of Action" are needed now. District 5170 is conducting a "Flash Campaign" (60 days) which will start on March 1 and run until April 30. Each Rotarian in our district is being asked to **take action** and contribute a one-time \$50.00 donation to The Rotary Foundation, in support of the End Polio Now campaign. Your \$50.00 donation will be matched 2 to 1 by the Bill and Melinda Gates Foundation thus bringing your contribution to \$150.

Your **HELP** is needed today...The **Children of the World** are counting on you!

TRIPLE CROWN REPORT

To be recognized as one of the District's new Triple Crown Donors, one must accomplish three objectives:

- Be a **Major Donor** – When your cash donations to the Foundation total at least \$10,000. There are 233 Major Donors in the District, Levels 1 to 4.
- Be a member of the **Bequest Society** – When you commit a total of \$10,000 or more to the Permanent Fund of the Foundation via your Estate Plan. There are 43 Bequest Society Members in the District, Levels 1 to 7.
- Be a **Grand Donor** - When your cash donations to the Foundation during the current Rotary year reach \$1,000. There were 318 Grand Donors in the District in 2017-2018.

At the 2018 District Conference, 19 District Rotarians were recognized as Triple Crown Donors.

Who are likely to become Triple Crown Donors this year? There are many District Rotarians who have accomplished two of the three objectives. We are hoping that they will complete the third objective and become Triple Crown Donors during this Rotary Year.

Please note that a person is recognized as a Triple Crown Donor only for the year in which they meet all three criteria. That means that there are no Triple Crown Donors at the beginning of July. The recognition has to be earned each year. Today there are 6.

How to obtain more information about the Triple Crown Donor Program:

Look on the District Website under "TRF" and "Triple Crown Donor."

A Message from Our Annual Giving Chair

Paul Yeadon, District Annual Giving Chair

As we are now well into the new calendar year, I'll take a moment to celebrate the tremendous effort that has taken place across the District in the first six months of our Annual Giving campaign.

Woo Hoo!!!

District Governor Tim Lundell has announced the financial results, year to date, and they are outstanding. Congratulations on being part of one of the most generous Rotary Districts in the world!

These results are only possible through the diligent efforts of each Club's TRF Committee. I have learned that there are a wide range of methods that each Club uses to achieve success in their Rotary Foundation fundraising campaigns. I have also learned that what works for one Club may, or may not, work for another. Each Club has a unique culture and way of doing what they do, which should be encouraged and celebrated.

As there are many ways of running a successful TRF campaign; we need to create some opportunities for Clubs to collaborate with each other. In theory we can do that on-line but getting everyone in a room for a couple of hours is still a great way to share ideas. We offered two workshops last fall, with mixed results. We are hoping to get a better turnout next year. Better turnout means more ideas, more sharing, and more value added for everyone. To that end, I will be getting a head start on organizing and promoting TRF specific workshops across the District next year.

At the recent Mid-Year Meeting, here in Los Gatos, we held a drawing of 2 prizes for Rotarians giving to TRF with an entry deadline of December 31, 2018. First prize is a full registration for two at this year's District Conference in Alameda, including hotel and all meals. Second prize is a mixed case (12 bottles) of fine wines. The virtual raffle "tickets" were distributed using a formula of one ticket for every \$25 given. The drawing used a random number generator to determine the winners. Any Rotarians on a monthly or quarterly Rotary Direct plan were given credit for a full year of giving. All data came directly from the Rotary International database and we allowed an extra week into January to capture any last minute giving. I am proud to announce the winners are:

First Prize: Jon Gresley, Rotary Club of Oakland

Second Prize: David Clark, Rotary Club of Los Altos Sunset

Congratulations to our winners and to all who are making a difference in the world through their kind generosity to one of the greatest charities in the world.

A note from District Governor Tim Lundell . . .

Dear TRF Team:

I have just received the Zone 26 report for TRF contributions through the first half of Rotary year 2018-19, and I'm very proud to announce that District 5170 is **FIRST** in Total Giving (**#12 in the World!**), **FIRST** in per capita Annual Fund giving, and **SECOND** in PolioPlus giving! I am extremely proud of the work all of you have done this year so far, and I hope these results, reflecting your efforts, will make our team even more determined to stay in these positions at the end of the year!

Gratefully,

Tim

Trivia Question #2: In which year did Rotary adopt the standardized wheel logo with with 24 teeth and six spokes: (a) 1911, (b) 1914, (c) 1922, (d) 1932, (e) 1942?

(Answer on the last page of this newsletter)

Ending polio forever

Rotary has been working to eradicate polio for over 30 years, and our goal of ridding the earth of this disease is in sight. We started in 1979 with vaccinations for 6 million children in the Philippines. Today, Afghanistan, Nigeria, and Pakistan are the only countries where polio remains endemic.

Help us in the final push.

ROTARY GLOBAL GRANT SCHOLARSHIP APPLY TODAY!

Scholarship description

The \$30,000 scholarship is awarded in 2019-2020 school year for graduate-level coursework or research outside of the United States. The mission of the Rotary Foundation, a not-for-profit organization, is the advancement of world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty. For application details, please check the Rotary District 5170 website <https://rotarydistrict5170.org/>.

If you have any questions regarding the scholarship, please feel free to contact Richard Flanders, Rotary Club of Pleasanton North, District 5170 Grants Subcommittee Chair, at sundevil1987@gmail.com.

ROTARY GLOBAL GRANT SCHOLARSHIP

Dear Scholar Applicant,

Thank you for your interest in the Rotary International District 5170 Rotary Global Scholarship Program.

The mission of The Rotary Foundation is the advancement of world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

As part of that mission, The Rotary Foundation, a not-for-profit organization, through Rotary International's Member Rotary Clubs, has maintained one of the largest and lucrative scholarship programs of its kind since 1947. The candidates must comply with the rules of The Rotary Foundation as to eligibility.

We are looking for scholars who are focusing their careers in one of Rotary Foundation's Six Areas of Focus: 1) Peace and Conflict Resolution, 2) Disease Prevention and Treatment, 3) Water and Sanitation, 4) Maternal and Child Health, 5) Basic Education and Literacy, and 6) Economic and Community Development. The scholars' interest in and course of study is directed toward fulfilling the mission of The Rotary Foundation and lends itself to the Rotary International credo, which is "Service Above Self," and fostering international understanding and relations among people of different nations.

Before applying for your scholarship, please consider the following guidelines and requirements:

1. The scholarship is awarded in 2019-2020 school year. The scholar should have been accepted by the study institution outside of the United States at the time of the interview. Appropriate adjustments of deadline would be made for scholars whose admission deadline is different from the norm.
2. We require that you utilize the funds and make both an interim and a final report of your use of the funds and your scholarship activities.
3. Your scholarship will be funded in two installments – 50% at the time your scholarship is approved and 50% at the end of the first term.
4. You must provide an interim report, including copies of receipts for your expenses to date, by January 31, 2020 or after the first half of your school year. You may complete and provide it sooner, if appropriate. Your second scholarship installment will be funded upon the timely receipt of this interim report. If you do not report in a timely fashion, the second installment of your scholarship may be cancelled.
5. You must also provide a final report, including copies of receipts for your expenses no later than June 30, 2020. Again, you may do so earlier, if you wish.
6. Failure to complete an acceptable interim or final report by the dates specified in #3 and #4 above could result in us requesting that you return part or all of the grant funds to District 5170. We will provide the appropriate forms to make the reporting task easier.
7. We prefer that your course of study involve some type of humanitarian emphasis, i.e., the Six Areas of Focus of Rotary Foundation. If the scholarship funds are to be used to conduct a humanitarian project in connection with your course of study, please describe the project in your application and include the costs of conducting the project in your proposed budget.

Continues on next page

8. Rotary Foundation Global Grants are not to be used for personal travel, other than travel to or from the institution of study (if outside the US) or the humanitarian project. Travel and related expenses will be closely scrutinized by the scholarship committee to determine that they are necessary.
9. Grant funds may not be used in any way to support active military efforts in any humanitarian project.

10. Key Dates:

February 3, 2019	Deadline to submit applications to your local Rotary Clubs.
March 3, 2019	Clubs' sponsored applications sent to Committee for review.
March 30, 2019	Selected candidates to be interviewed at place to be determined (preferably in person).
May 1, 2019	Deadline to submit Global Grant application with Rotary Foundation.
August 1, 2019	Required orientation for successful scholars*
January 31, 2020	Interim Report due.
June 30, 2020	Final report due.

*Location of the interview is to be determined and announced.

11. In addition to the above, you must make a personal visit to at least five Rotary Clubs in your country of study outside the United States during the term of your scholarship, as well as five clubs within District 5170. The District 5170 visits can take place any time after your scholar year.
12. Scholarship applications submitted after February 3, 2019, will not be considered for funding.
13. As a condition of accepting your scholarship funds, you will be asked to sign an agreement which entails the requirements set forth herein and details your responsibilities to Rotary International and Rotary District 5170.

If you have any questions or concerns, please contact Richard Flanders, Rotary Club of Pleasanton North, District 5170 Grants Subcommittee Chair, at sundevil1987@gmail.com – Telephone: (510) 912-9889.

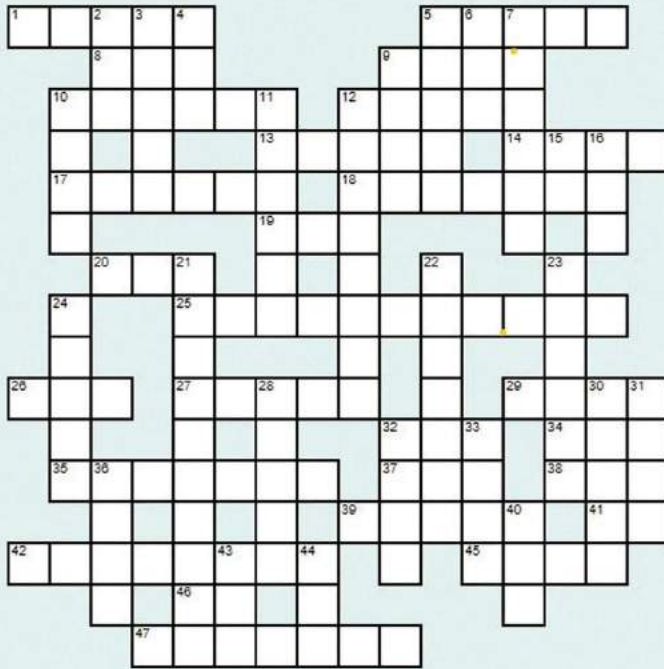

WE TRANSFORM COMMUNITIES

We take action locally and globally

Each day, our members pour their passion, integrity, and intelligence into completing projects that have a lasting impact. We persevere until we deliver real, lasting solutions.

RI Presidential Themes

Note to solvers: Its OK to do a little Rotary research to solve this puzzle, but kudos to anyone who can do so without the research!
