

DISTRICT 5170

TRF NEWS TODAY

NOVEMBER 2020

CURRENT NEWS OF DISTRICT 5170 AND THE ROTARY FOUNDATION

FROM THE DISTRICT TRF CHAIR

BY PDG ORRIN MAHONEY

Well, this month is Foundation Month for Rotary, and we are right in the middle of District 5170's Annual Fund Drive. The annual fund is critical to the District because it directly affects the future

District Designated Funds (DDF) contributions that are the heart of our Global Grants doing good around the world. In

order to promote the Foundation directly to the District membership, I have been presenting The Rotary Foundation as a club program. I have completed over 20 presentations and they have been well received. I focus on the connection between your contribution and the leverage achieved through the Global Grant process. If done correctly, you can actually get more money back for your project than the total donated.

While the total annual fund donation is critical, we also have an increased focus on Every Rotarian Every Year (EREY) this year. While a generous District overall, historically, up to 40% of our members have yet to donate to the Rotary Foundation Annual Fund. In order to qualify for EREY, each member needs only to donate at least \$25. This year, most members are saving that in lunch costs every week.

Last month I referenced a drawing to encourage donations to the Annual Fund. In the past, we have had a drawing encouraging individuals to give. But this year, we are challenging the

Club competition rather than individual with two drawings

Overall Annual Fund

- 1 point for every \$100 contribution to the Annual Fund
- Prize is \$5,000 in DDF. Worth \$10,000 if used in a Global Grant

EREY Drawing

- Each Club has an equal chance if they achieve EREY status.
- Prize is \$2500 in DDF. Worth \$5,000 if used in a Global Grant

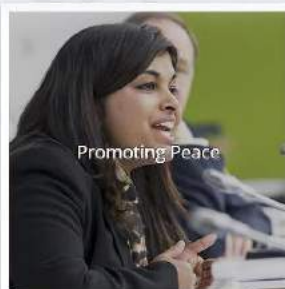

Contributions as of Feb 1, 2021

Drawing at the February Leadership Meeting

clubs, with a significant set of prizes. For the first drawing, each club will get chances in the drawing based on their total giving. The more each club donates, the better the chance of winning. The prize is significant as it is \$5,000 in DDF, worth \$10,000 when used in a Global Grant. In order to support smaller clubs and promote EREY, there is a second drawing where each EREY club has an equal chance at a prize of \$2,500 in DDF, worth \$5,000 when used in a Global Grant.

We know this is a tough year, as Covid has not only impacted many Rotarians' ability to give but the Covid impact on local fundraisers has caused members to support their local Club vs the Foundation. However, Covid also increases the needs around the world as well. In addition, some new rules have led to the possibilities of doing a Global Grant where the beneficiary is right here in District 5170. We have already completed two of these, with another in progress.

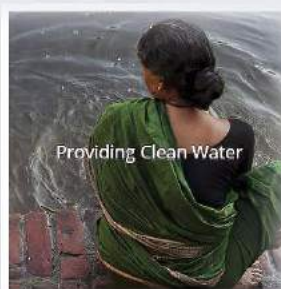

The bottom line is that we all need to do our best to help out others in this time of need.

DISTRICT 5170 SWEEP!

THE ROTARY FOUNDATION AWARDS 2019-2020

It's with great pride that your Regional Rotary Foundation Coordinators recognize the outstanding achievements of the top three 'Big West' Districts in both Zones 26 & 27 in the areas of Foundation giving.

Thanks to dedicated and passionate Rotarians within the Big West together with the strong and committed leadership in both our clubs and districts, our total combined giving was \$25,572,638.00! Through The Rotary Foundation, we Rotarians really do Make Dreams Real!

Please join us in congratulating the three top districts in each of the two 'Big West' Zones in the following measured categories!

ZONE 26

Total Contributions

#1	5170	Ramesh Hariharan	\$7,440.389
#2	5340	Marta Knight	\$1,105,783
#3	5240	Savi Bhim	\$ 942,073

Annual Fund

#1	5170	Ramesh Hariharan	\$ 832,073
#2	5240	Savi Bhim	\$ 514,426
#3	5340	Marta Knight	\$ 476,101

Annual Fund per Capita

#1	5170	Ramesh Hariharan	\$222.90
#2	5320	Marc Aarons	\$208.52
#3	5280	Melody St. John	\$206.14

Polio Plus Contributions

#1	5170	Ramesh Hariharan	\$ 780,936
#2	5340	Marta Knight	\$ 192,977
#3	5450	Curtis Harris	\$ 177,291

Endowment Fund

#1	5170	Ramesh Hariharan	\$5,699,278
#2	5230	Rod Coburn	\$ 549,745
#3	5340	Marta Knight	\$ 206,207

Around the Clubs

BREATHING FOR LIFE

By Carol Wikle,
Past President, Rotary Club of Castro Valley

Six years ago, on a medical mission trip for Cataract campaign in Nejo, Ethiopia, Obse Lubo stopped into Nejo Hospital to meet with doctors she knew there. On this visit, she experienced an event that would change her life.

While sitting with the doctors, a man was brought in who had been in a car accident. His injuries were life threatening and required immediate surgery. At the same time, a young mother brought her young son into the clinic. He was having an asthma attack, gasping for air.

The doctors would need oxygen for the car accident victim's surgery, an asset the young boy desperately needed as well. Unfortunately for the boy, there was only one canister of oxygen and the decision was made to use it in the surgery. The young boy died that day.

Obse grew up in Nejo, but was fortunate to have been sent to the U.S. to get her nursing degree. She knew the decision these doctors were forced to make was one that doctors at Stanford would never have to face.

Preparing for Installation of Oxygen Plant

Upon her return to the States, Obse shared the story with a patient of hers, Kathy Hamilton. She mentioned that this might be something that her husband Joe, a member of Rotary International and the Cupertino Rotary Club, might be interested in. After hearing Obse's story, Joe recommended that she present the idea to her home club, the Rotary Club of Castro Valley, as a project.

Before presenting the project to the club, Obse got in touch with the Nejo doctors to learn why there was a lack of oxygen. They explained it was a financial and logistical issue that required driving 10

Continues on Next Page

hours. Joe put Obse in touch with the President of Assist International, Bob Pagett, who is also a Rotarian. Assist Int'l had been involved in humanitarian projects with other Rotary clubs working in Africa. After discussing the issue, Bob and Obse determined that, with an on-site oxygen generator, they could solve the supply problem.

A conversation with a U.S. supplier gave our Breathing for Life Committee a projected budget of \$184,000. We began to fundraise. Obse visited numerous clubs, relating the story that she witnessed in the Nejo Hospital. She asked for support and continued to get it.

The Community Team at Nejo Hospital

In a meeting in June, 2016 with all invested parties, we learned that the project would require closer to \$223,000. We were shocked but not derailed. It called for looking outside of Rotary for funds.

In October 2016, Joe Hamilton, Obse Lubo, and Jim Stunkel travelled to Addis Ababa and on to Nejo even though there was a state of emergency in Ethiopia. Rotary International sent Cadre Dr. Mark Townsend to join. Meeting with the Finot Club, the

Regional Oromao Health Bureau, the Hospital CEO, and some of the community leaders, it was determined that the generator would be put to best use in service to five neighboring hospitals in addition to Nejo. This required yet another budget increase.

By January 2017, the amount raised from DDF accounted for \$50,835, which was matched dollar for dollar for a total of \$101,670. Outside cash donations accounted for \$179,044, which was matched at fifty cents on the dollar for a total of \$268,566. Combined, this \$370,236 exceeded the financial requirement of \$355,711. The work then began!

The site was prepared in January 2020, and the oxygen generator was shipped to Djibouti Port where it arrived in March 2020. In May 2020, the roof was completed on the building. Pictures were sent to RI, who approved and advanced the matching funds to Rotary Club of Castro Valley for final payment to Assist International.

Since the beginning of the coronavirus, additional donations have been made, bringing the total to

Filling Cylinders at the Nejo Oxygen Center

over \$425,000. The remaining funds will be allocated to the continuing education of operations staff at the hospital.

The business of selling oxygen to five other hospitals in the region creates a profit that can sustain replacement of parts and continuing operations. Training of operational personnel and the production of oxygen began in October 2020 and sales to other hospitals are now underway with tracking.

The project will be finalized in June 2022 for reporting requirements to RI and lives will continue to be saved!

Plant Start-up and Operator Training, Aug. 2020

Initial Installation and Building Construction, March 2020

Around the Clubs

Your fellow Rotarians would love to hear about any projects in which your club, group of clubs, or area, participated in or is working on, funded in whole or in part by The Rotary Foundation. If you might be interested in submitting an article for our “Around the Clubs” feature, please let me know. (Project-related photos are very welcome.)

PHIL'S UPDATE

By Phillip Dean

District Estate and Gift Planning Chair

Rotary Foundation Legacy Giving

Not everyone has disposable assets to fund an outright gift of cash or securities to demonstrate their regard for Rotary. To expand giving opportunities, Rotary offers a variety of ways to structure a gift that can provide additional benefits to the donor while making it possible to support important Rotary activities.

In addition to giving through their estates, donors may structure a life income gift, which provides tax benefits and the potential for payments for life. Additionally, The Rotary Foundation operates a donor advised fund that allows individuals and groups to manage U.S. charitable dollars more effectively now and into the future.

You can be an important part of the Foundation's next century of serving humanity by including a gift to Rotary's Endowment in your estate plan.

Your gift will be carefully stewarded to provide funding for the programs you know and love, year after year. The principal is never spent, and available earnings are used to make a lasting difference in people's lives. A gift from your estate to the Endowment will provide ongoing financial support, just as your annual contributions do today.

Join the many Rotarians and friends whose generosity provides perpetual support that enables The Foundation to do good in the world beyond their lifetimes.

Endowment Fund

What's the Endowment Fund?

In 1981 the Trustees of the Rotary Foundation decided to create an Endowment Fund specifically for investing certain contributions in perpetuity, with the earnings going to support the Foundation's future ability to do good.

What's the Bequest Society?

At their October 1999 meeting, The Rotary Foundation Trustees approved the adoption of a bequest recognition society, The Rotary Foundation Bequest Society. Becoming a member is a simple process. Membership occurs when an individual or a couple place The Rotary Foundation in their estate plan for a minimum of \$10,000 and notify The Foundation.

Continues on Next Page

The Bequest Society's growing membership includes Rotarians, family members, and others. This wonderful commitment ensures that future generations of Rotarians will have the resources they need to design and implement sustainable projects year after year.

In planning for legacy giving, please remember that The Rotary Foundation cannot provide legal or financial advice. We urge you to consult with your legal representative or financial advisor to determine the most appropriate way for you to give.

The Rotary Foundation would like to provide your financial advisor with best practices in the estate and financial planning arena utilizing The Rotary Foundation. To make this happen, please contact me at the address below. Your advisor, and you if you want, will be provided such RI documents as:

- a. Guide for Giving Professionals – an overview
- b. The Endowment Designation and Naming Opportunities
- c. Your Rotary Legacy Brochure and Form

Future articles in this series will provide more specific information about The Rotary Foundation legacy giving programs and opportunities.

The mission of The Rotary Foundation of Rotary International is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

Around the World in 60 Minutes

*RC Cupertino Highlights Global Grant Projects
at Global Elegance Fundraiser*

By Irmgard Lafrentz, Rotary Club of Cupertino

Going virtual this year due to COVID-19 did not dim the spotlight for Global Elegance (GE), a signature fundraising event for years hosted by RC Cupertino. The creative event team developed an award-worthy program, complete with short remarks from District

Governor Gregg Giusiana, stunning visuals and [videos](#), and informative data recapping our club's impressive activities around the world. Previously, GE was billed as a local elegant affair attended by approximately 100 Rotarians at \$175 per ticket. In these changed times, the format for GE was shifted to an International ZOOM event on September 12. It was open to guests and partners with free admittance with active requests for donations. The new format was extremely successful. This year's attendance increased by 40% and we raised \$25,000 for global projects.

Positive comments were heard from regular and newcomer attendees alike. "While I knew that Rotarians were great humanitarians, I had no idea of the global scope of the club's efforts," commented guest JoAnn Johnston of Menlo Park. "Watching Global Elegance really opened my eyes to all the great work the Cupertino club is doing. I am so impressed - bravo to the club for your great projects!"

Several projects were introduced at GE, among them Shin Shin Educational Foundation, China; Eye Laser, Laparoscopic and Dialysis Equipment for India, and a water project in Kenya. An especially heartwarming video was that of our [Ecuador grant project for Casa Maria Amor](#), a shelter for abused women and children. We heard from one of the beneficiaries of the project who gratefully shared that, through the international grant with Club Tomebamba, she and her children are now safe and self-sufficient.

The Cupertino club has a new project in motion, providing clean water for 5,000 people in two villages in Kenya. Take a moment to view this [great video](#), which explains the immense need for water in this region.

Not only is RC Cupertino an international partner in 20-30 countries (see graphic on next page), we are also contributing significant DDF funds to about 10 projects championed through other clubs within District 5170 and beyond. As we continue to join hands helping to make a difference, we are excited for what lies ahead in 2021.

Enjoy the [event video as](#) you travel around the world in 60 minutes!

Projects in 29 countries

A photograph of a young child washing their hands under a running water tap, illustrating the impact of Rotary's water and sanitation projects.

Rotary 

People of Action

Rotary is where neighbors, friends, and problem-solvers share ideas, join leaders, and take action to create lasting change.

A Thank You From Our 2019 District 5170 Global Grant Scholar . . .

Editor's note: In the April, 2019 issue of TRF News Today, we introduced Carson Smith, our district's 2019 Global Grant Scholar. We reported that Carson was a tribal citizen of the Choctaw Nation of Oklahoma, and a senior at Stanford University on the eve of beginning her studies for a master's degree at Oxford University. Carson recently checked in with our past and present Global Grant Chairs, DGE Richard Flanders, and Noe Lozano, with the note below. EJ

Hi Mr. Flanders and Dr. Lozano,

I hope each of you are doing well. I just wanted to let you know that I finished my Master's Degree last week. This has been an incredibly rewarding experience. I have learned so much about peace and conflict resolution studies, which I look forward to bringing back to my communities in the near future. I also feel that I have been able to contribute to this field through my own Master's thesis. Additionally, I was able to start an indigenous student group on campus-- something that has never existed at Oxford before and one of my favorite experiences while here.

All of this would have been impossible without Rotary. I cannot thank you enough for supporting me over the past year. This degree has been life changing. I especially appreciate the support that the two of you have provided me. Each of you helped me engage with Rotary during my time in California and prepared me for my time in the UK.

I've included a picture of my thesis defense outfit . . . I decided to sneakily wear my moccasins because the examination was on Zoom.

Warmly,
Carson

For more information on how to become or nominate a Rotary District 5170 Global Grant Scholar, just click [HERE](#)

The Major Donor's Journey Continues

By Pat McMenamin, Major Donor Chair, District 5170

The September 2020 issue of the District 5170 TRF Newsletter included perspectives about the journey of discovery a Rotarian obtains upon realizing that while we serve in countless ways, Rotarians have focused our efforts on seven key “Areas of Focus” to maximize our impact:

- Peace and conflict prevention/resolution
- Disease prevention and treatment
- Water and sanitation
- Maternal and child health
- Basic education and literacy
- Economic and community development
- Supporting the environment

The people who make Rotary so effective, through their generosity and passion for positive change, come from all over the world and all walks of life. Even so, they share a powerful common trait: they're compelled by a desire to share their good fortune with others, simply because they can make a positive impact for someone whose life has not been easy.

Giving works because Rotary works.
And Rotary works because of people like you.

The path to making a major gift is highly personal and individual. The Rotary Foundation offers an array of giving opportunities to accomplish your philanthropic goals while furthering the mission of the Foundation.

“In Rotary, we indeed measure our value not by what we have but by what we have given, by the good we have done in the world, and by our capacity to do even more.”

Please take the opportunity to learn more about becoming a Major Donor or Arch Klumph Society member of The Rotary Foundation of Rotary International.

For more information, please contact:

Rotary International Has Helped Eradicate Polio with Help of Members

By PDG, Michael Drake, Rotary Club of Tucson Sunset*

In 1985, Rotary International made the audacious pledge to eradicate polio worldwide. It would be only the second disease to be eradicated. (The World Health Organization declared smallpox eradicated in 1980.) In 1985, there were 360,000 cases a year in 125 countries of paralytic polio, primarily in children. Polio is spread by fecal-oral transmission. It attacks the nervous system and can result in paralysis of muscles, particularly in the lower limbs and diaphragm.

Rotary International has 1.2 million members in 34,000 clubs in over 200 countries and geographical areas. Rotary is assiduously non-religious and non-political. Therefore our membership is international and diverse. This allows our international humanitarian work to have a wider and bigger impact, including the eradication of polio.

In 1988, the Global Polio Eradication Initiative was formed when Rotary acquired partners World Health Organization, UNICEF, and the U.S. Center for Disease Control. In recent years, the Gates Foundation has been a generous supporter and partner. Using the Sabin oral vaccine, volunteer Rotarians, and health workers around the world began vaccinating children. To date, approximately 3.5 billion children have received the precious drops. Because of that, it's estimated 19 million children have been spared the scourge of polio.

Every year since the vaccination program began in 1985, the number of new cases worldwide has gone down. By 2017, there were only 22 cases, all in only two countries — Afghanistan and Pakistan. The number has gone up slightly in 2018 and 2019, and this last step is the most challenging. Most cases occur along the Pakistan-Afghanistan border, a very mountainous, inaccessible region.

Parents sometimes resist having their children vaccinated because of rumors it is a plot by the United States to make Muslim children infertile. And the Taliban opposes the program fearing the health workers are spies or will undermine their control. Indeed, in 2019, 11 health workers administering the vaccine were assassinated along the border by such militants. But we persist.

Rotary's army of volunteer members around the world organize immunization campaigns, transport the cold chain vaccine by car, boat, motor scooter, burro, and on foot. Along with its partners and local health officials, Rotary has created the largest public-private health initiative the world has ever seen. In addition to raising funds, many of us in Southern Arizona have traveled to India, Nigeria, and other countries to participate in National Immunization Days.

In late October, Rotarians worldwide observed World Polio Day. We have celebrated the progress we have made. But with clear-eyed determination, we also renew our commitment to fulfilling our pledge to the kids of the world.

***TRF News Today re-publishes this article with the kind permission of, and our thanks to, PDG Michael Drake from Rotary District 5500 (Southern Arizona).**

PHS

Paul Harris Society News

By Irv Stowers,
Paul Harris Society Coordinator

November 2020

What is the Paul Harris Society?

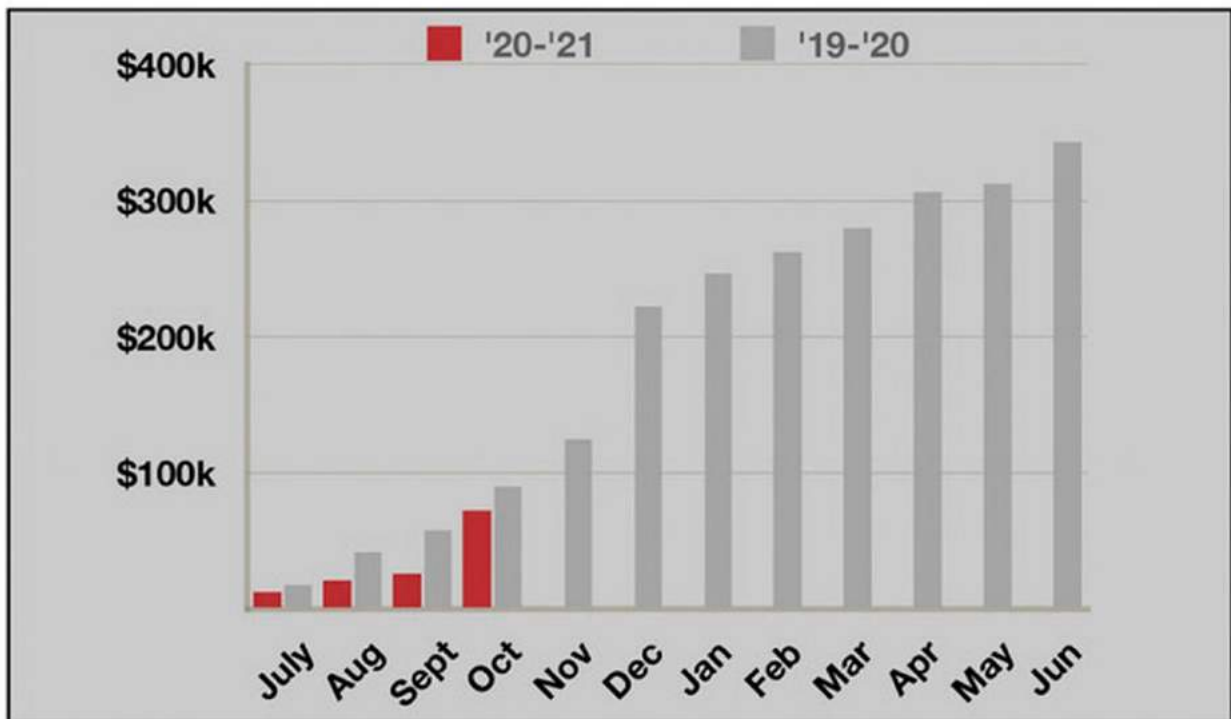

Rotary District 5170 established the Paul Harris Society to acknowledge significant contributors to The Rotary Foundation (TRF) of Rotary International. Those individuals who contribute \$1,000 or more annually to TRF become members of the Paul Harris Society (PHS) and receive a Certificate and are invited to attend a special reception as part of the District 5170 Annual Meeting.

Annual Cumulative Contributions

Our goal for FY'20-'21 is to surpass last years contributions of \$343,000 by 5% and reach \$360,000 by the end of June 2021. As shown in the graph below (the red bars) District 5170 Rotarians have, by the end of October, already contributed \$72,000 which is 20% below last years contributions (the gray bars) at this time.

In spite of COVID and the general business recession, we encourage all past PHS members to again make their annual contribution and to consider contributing early this year to ensure that we reach our financial goal. The District is also conducting a competition between clubs and the club with the largest TRF contribution will receive a cash prize. This competition will close in February, so early contributions will benefit your club.

General Hal Hyde, Rotary Club of Watsonville

A Remembrance

By PDG Russ Hobbs, Rotary Club of Santa Cruz

General Hal Hyde, Rotary Club of Watsonville, was a legend in the Santa Cruz/Watsonville Area. He passed away on October 12, 2020 at the age of 97.

Hal was a member of “The Greatest Generation” (those who grew up during the Depression and fought in WWII). Hal fought with General Patton and the Third Army in the Battle of the Bulge, participated in campaigns crossing the Rhine and Danube Rivers, and helped recover Nazi loot hidden in mines. He was awarded the Combat Infantry Badge and the Bronze Star Medal, and helped liberate Nazi death camps before he returned home to the community he loved to help found Cabrillo College and establish UC Santa Cruz.

While he was proud of his military service, he was most proud of his fifth-generation ties to Santa Cruz county. He was born in Watsonville, Graduated from UC Berkeley, and received his Masters of Business Administration from Harvard University, where he met his wife of 51 years, Perky. Together they raised four children.

Hal was the last living founding member of Cabrillo College which opened in 1959. Cabrillo College President Matt Wetstein (Capitola/Aptos Rotarian) said, “He was a builder of incredible institutions that have state, national and even international significance. He gave his all in support of our country and our community’s students. All of us at Cabrillo are proud to honor his legacy of giving back to the community”. Hal also served on the steering committee that selected the site for UC Santa Cruz. He went on to serve UC Santa Cruz as the University’s first vice-chancellor of business and finance for 15 years.

Rotary was important in Hal’s life. He joined the Watsonville Rotary Club in 1947, and was a Major Donor to The Rotary Foundation. Hal traveled the world, logged Rotary make-ups in 37 different countries, and participated in Polio Plus eradication efforts worldwide. Hal believed that the next Rotary focus after the completion of the Polio Project, would be clean water and hygiene in developing countries. At the time of his death, he was working with contacts he had at UCSC to put together a global effort, with Rotary participation, for clean water.

Kristin Fabos, President of the Watsonville Rotary Club said that Hal was their most senior member, and last December the club launched the annual Hal Hyde Day. President Fabos said that “Hal led an exemplary life, and was a gift to his family and our Club, as well as to Cabrillo College, to UCSC and the entire Santa Cruz County community.

An often overused phrase is that someone was “a legend,” but those of us who knew and respected Hal can truthfully say—he was a legend and he will be missed.

Time to Ask

by Paul Iannaccone

Rotary District 5170 Annual Giving Chair

Rotary Foundation Month reminds us of the incredible impact we have throughout the world. 1.2 million neighbors, friends, leaders, and problem-solvers uniting to take action to create lasting change.

To make that change, we happily give of our time, our talents, and our fortune.

You and I are blessed to have far more than we need to survive, a fact of life largely taken for granted. We also know that giving to the Rotary Foundation is one of the best investments any of us can make.

Last month I shared that a successful Annual Fund campaign starts with a plan and before that I wrote about "Making the Ask."

So this month is a simple reminder.

Foundation month is the time when many of us focus on the Annual Fund campaign and while planning is great, the number one reason someone gives is "somebody asked."

So, this month *I'm asking each of you to invite your fellow Club Rotarians to make a gift to the Annual Fund.* It's an investment that will change lives, starting with their own.

Global Grant Project Opportunity for Clubs

The International Committee of the **Rotary Club of Saratoga (host club)** is seeking clubs or individuals to participate in two local South Bay Global Grant projects, with the Rotary Club of Bangalore (West) as the International partner. Thank you to the Rotarians who visited us at the Avenue of Service.

Global Grant Project 1:

Alleviating Health Care and Food Insecurity in Covid-19 Impacted Communities in Santa Clara County

The pandemic has hit the homeless community in Santa Clara County severely especially in ongoing health assessment, safer living conditions and food security. There were nearly 11,000 people living in a homeless condition in Santa Clara County before Covid-19 and those numbers have since increased by approximately 20% with projections that those numbers could rise another 20-40% further. Pandemic related job loss has resulted in an explosive rise in food insecurity in San Jose and Santa Clara County. Food distribution programs, including Healing Grove Health Center and Martha's Kitchen, are seeing a 200% to 300% increase in food requests during the pandemic. This truck is critical to achieve the mission of keeping low income families in our community healthy and safe.

This project envisions the purchase of a medium duty box- truck. This truck will be used for delivering onsite health care (in the pandemic phase), medical screening, living supplies, cold/hot food (over the near and longer term).

Health care delivery will be performed by Healing Grove Health Center for:

- Medical Fairs each serving hundreds of people.
- COVID testing and vaccination events
- Transport of healthy food for diabetic patients, etc.

Food delivery to soup kitchens, churches, and field locations will be done by Martha's Kitchen:

- Deliver ~100,000 meals & 200,000 lbs groceries/month
- Transport of donated / rescued food from provider sites
- Transport of non-perishable food and supplies

Purchase of a medium duty refrigerated box- truck – Cost ~\$98,000

(thanks to D5170 clubs for DDF / Cash – Cupertino, Los Gatos, Los Gatos-Morning, and Silicon Andhra)

Contributions Needed to complete the funding: ~\$8000, before TRF match

Global Grant Project 2:

Learning Needs for Children with Special Needs in the San Jose's Franklin-McKinley Schools, San Jose

This project will specifically benefit students with identified learning disabilities including autism, attention deficit hyperactivity disorder, and gross and fine motor skill needs. The project scope includes:

- **Individual Sensory Kits**, checked out for home use by the students, during CoVID-19
- **Kits for 15 Occupational Therapists**, covering FIVE school districts
- **Sensorimotor Room** at McKinley Elementary for ~60 students, to help cope, adjust and focus

The **Project cost: \$32,000**

Contributions Needed to complete the funding: ~\$6000, before TRF match

Please contact us if you have any questions.

Maria Guldner (Chair), mariaguldner@comcast.net
