

ZOOM TO LEARN!

The District 5170 Monthly Training Series

From PDG/District Trainer Tim Lundell: “As Rotary and our District 5170 adapt to this new training environment, we see the opportunity to provide training through remote learning. It has the convenience of no travel, no cost, and available both live during the scheduled session, and recorded for viewing later. As your District Trainer, I am using this opportunity to provide a monthly training class on topics that complement our very excellent established training in the areas of Membership, Foundation and more. Information about each class and date will be posted on the District website, in the District monthly Newsletter, and by direct email to the District membership.”

Registration will be required to obtain the Zoom link for participation.
