WESSEX Host Family Interview for: \_\_\_\_\_  
(Family Surname)

Was there a time during your teenage years when you were in a strange place or family? What were some of the things that made you feel comfortable?

How do you feel about following directions given by a parent/caregiver if you do things differently with your own children?

What are your thoughts/feelings about discipline methods for teens and how do you plan on communicating your expectations and household rules to a foreign student who may not initially be fluent in English?

What information would be important for you to know about your exchange student in order to ensure that they are a good match with your family and that you can be prepared to offer them a positive exchange experience?

Were you or anyone you know well ever part of an exchange program as a teen or host family? If so, describe the experience and how you think it might reflect on your role as a host family.

Interviewer's Name (Please Print): Must be a Certified Rotarian		Date
Interviewer's Signature	Position
