

**DISTRICT 5170 YOUTH EXCHANGE
HOST & SPONSOR CLUB COMMITMENT
FOR 2018-2019 EXCHANGE YEAR**

The District Youth Exchange Committee must commit a year in advance to send our students abroad and to host inbound students. To make these commitments, we rely upon your firm commitments for the number of arriving students that your Rotary Club will host. Your commitments also determine how many U.S.A. students may be selected during the final **District Interviews in November 5, 2017**.

Each club that wishes to participate in Youth Exchange must complete this form to notify us that they wish to support a YOUTH EXCHANGE student for the 2018-2019 exchange year. Thank you in advance for your prompt response and support of this unique youth service opportunity!

I can honestly say that it was the most formative year of my life. The experience was a unique life-changing opportunity that I would never have had without the help and guidance of the Rotary program. As one of the only programs available to students of many socioeconomic backgrounds, the Rotary experience affects many spheres of life, both here and abroad.
