Support & Training	

## Welcome

Thank you for your interest in previewing our next generation of website themes. Due to the nature of a beta release, there may be some issues.

## **Known Issues**

The following are issues that are known, and we're working to resolve.

- 1. New Content Templates cannot be used with the older themes. If you decide to use them while testing/playing, and decide to go back, make sure to also switch your layout back.
- 2. With the new Footer editor, tables cannot be created / used in them.

#### About the new themes

ClubRunner's new themes are based on **Bootstrap**, an industry-standard framework for building mobile and responsive websites. For more information about Bootstrap, please visit <u>http://getbootstrap.com/</u>

Please note that ClubRunner's new themes are still in development and have not yet been officially released.

## How to switch to a new theme

Currently there are two themes available in our new framework. They are "Rotary Brand" and "Midcentury".

#### Rotary Brand (with the Gold colour scheme):

Midcentury (with the Navy colour scheme):

1. While logged into ClubRunner and Inside of the Members area, Click on the Website tab, and then Website Designer

2. Next click on the Themes Ribbon Icon

3. On the themes page, locate our new Themes and then click the preview image, or the color swatch

n)

4. If you like what you see in the preview, you can next click on the Orange Publish button to set the theme to be used on the website.

Temporary Defect: In the preview, the background grid appears instead of white. This is only in Preview mode. You can publish as usual and the background colour will be accurate (white). This will be resolved on the next schedule update on October 1, 2015.

### Pick a new content layout

While using the one of the New Bootstrap themes, you can use new our new content layouts. There are 4 new layouts available.

**Please note**: the new content layouts **do not** work with the non-Bootstrap themes. Please make sure you switch back to one of the original content layouts before going back to an older theme. This will be resolved in the near future.

The four new layouts are as follows:

- Full Width Top Band above Right Sidebar
- Full Width Top Band above Three Columns
- Full Width Top Band above Left Sidebar
- Full Width Top Band + Rest Bands

## **Brand Logo**

With the new Next Generation themes, we have a brand logo available by default. In order to update or modify the image, you may use our brand image manager. Please use the following guide to update your brand logo.

1. While logged into ClubRunner and Inside of the Members area, Click on the Website tab, and then Website Content

2. On the top left hand side of the page, you should see the Settings Ribbon Icon click on it.

3. From here, Under Graphics you'll need to click on the Upload Menu Home Icon Link

	Graphics
Uple	and Club Logo
	logo will display in various sections of your website and builletin, such as the Meeting mation Widget
Uple	aad Menu Home Icon
	t Gen Thernes Only: This logo will display as the first item in your navigation menu and to your home page.
Uple	and Favicon
Disp	lay icon used in the browser address bar and bookmarks.
Uple	ad Apple Touch Icon
	lay icon used by Apple devices for bookmarks or when your website is added to a e screen.

4. Under Change Logo, click on Load From Image Library

Update Menu Logo	
Information Click on Publish Menu to make changes	take effect on your website.
Existing Menu Logo:	No Logo Load from Image Library

- 5. At this point you have two options:
  - a. Pick an image from the images available
  - b. Click on the upload Icon to add a new image
- 6. Double click the image you want to use

7. It will then show as the selected image: Update Menu Logo

Information	Click on Publish Menu to make changes	take effect on your website
Logo Settings		
	Existing Menu Logo	A COMPANY
		S DAS
	2.10	- Contract
	Change Logo:	Load from Image Library

Your new brand image will show up shortly on the navigation bar

## **Carousel Widget**

Contrast Long From Disease Long Contrast Margana (Contrast Contrast Wargana (Contrast)	Banner (Full Width)
Carouser 🔶	
Meeting Information	Тор
Di Creculves & Dilectors 🔶	

We now have the Carousel Widget available for use. The carousel widget will pull its image from a photo album. To get started you will want to go and create a new Photo Album in the Photo Album Library. For more information on how to create Photo Albums, please see this <u>KB article</u>. When adding photo's to be used in the carousel it is important to use photos with a consistent height and width. We do recommend using images that are at least 1920 pixels wide in order to make sure they look good on all screen sizes and all areas. Lastly, we also recommend going into the widget properties and setting the Title not to be displayed, and not having a border.

We have some images available to be used in the photo galleries available on our knowledge base here: Carousel Images

## **New images in Image Library**

To get you started with adding banners and carousel slides, we have added Rotary images (from the Rotary Brand Center) that are cropped and sized appropriately.

You can find them under the Rotary main folder of your image library.

#### **Carousel Images:**

#### Full Width Banners:

Please note, these banners will only appear full width inside a content template that has a full width area. Otherwise they will appear as images normally do.

1. While logged into ClubRunner and Inside of the Members area, Click on the Website tab, and then Website Designer

2. Click on the Content Section's Edit Content Button

3. Next, click on the Custom Widgets (Page Specific), then drag the widget into one of the full width sections

**ClubRunner**<sup>\*\*</sup>

#### 4. Give your widget a name

Title: Banner

- Format Options
- 5. Next click on the Image Button, and then Browser Server in the Image Properties popup box

	REFERENCE				

- 7. Locate the image you wish to use, and double click on it to select it.
- 8. Lastly Click on save.

From here you can either publish your changes, or preview them. As a note, if you see additional padding, or margins around your Banner, you may wish to adjust the widget properties by hovering over the Banner widget on the page designer and clicking on the Cog/Wheel icon. Make sure you uncheck "Show Border" and setting the padding to 0

Show Border	8

Format		Fon		- 14	1	Size	 в	I	<u>u</u> s		×e	×	I,	2	. 1	E	4	=	۵.	<u>A</u> ·	Ĩ.	÷.	-it	,,	14	q.	1	<u>ا</u>	soarce	
materi Rotary		- C - C - C - C - C - C - C - C - C - C					1.1.1.1.1				-							lsed	with	pen	nise	ion.								

We've now made some changes to the footer editor; it is more automated and requires less manual input. If you haven't yet tried it out, please go into your Website Designer and click on the Footer Section. From here edit the Active Footer on your website and simply saving can improve how the footer looks on your website. It will automate the height and padding requirements.

Note: At this time tables cannot be used in the footers.

## FAQ

#### 1) When will the carousel widget be available?

It is now available! You can find it in the Essentials Widget tab.

#### 2) Can I have a carousel widget in other pages or areas?

Yes. However, bear in mind that the carousel will only be full-width when it is placed inside the Top Band of the Home Page. You can tell which area is full width by noting the different background colour in the content layout selection:

If it is not in a full-width area, it will still work fine, but it will appear just like other widgets.

Website Denigner Website Content	
Website Designer 3.0	er Gebeck (Rep Printer) Containing
🗥 🗊 👬 🔅 💷 Castan w	se Content Template x
These Designer	Full Width Top Band + Rest Bands Content Temptide

Chrone Watered Rage Specific 3	Fuil Width Top Band above Left Sidebar (#15+#)
Vidget.	Full Width Top Band above Three Columns
Convention	Namov Left, Wide Right above Full Width
S Canadar of	Cancel

Appearance of carousel inside a normal area (not full-width):

#### 3) How do the new themes handle mobile devices?

Unlike the older themes we prioritize the "main" content area; this is the wider column in any of the themes. The main content area is show after the "band" and content area. An Example from our demo website, the normal page:

# **Support & Training**

Visit our **Support Center** at http: <u>www.ClubRunnerSupport.com</u> to access all resources available, including submitting a support ticket, searching the Knowledge Base, downloading helpful "how-to" documents and viewing on-demand demos. The following is a list of all the various resource guides available to you.

Knowledgebase	<u>Downloads</u>
This is where you will find access to hundreds of articles answering frequently asked questions on how to do virtually everything on ClubRunner.	This area contains useful documents referenced within this guide, including the Member Cheatsheet, access rights matrix, presentation agenda, and more.
On-Demand Videos	Webinar Training
For frequently asked questions on how to do certain things on ClubRunner, we have recorded video tutorials available for you to view.	We hold several webinars every week on the various modules of ClubRunner. These are open to any member of your club, and we recommend that you send your board members to attend.
Submit a Ticket	<u>Community</u>
For technical support, use our Support Center to submit a ticket, or send an email to <b>support@clubrunner.ca</b> . Our turnaround time for email tickets is 2 business days.	Start a conversation with other ClubRunner customers on best practices, tips and tricks, feature enhancements and more. The discussion forum is a great place to learn how other customers are utilizing ClubRunner to manage their club website.
