

# Twin Cities Rotary EcoClub

**Build new relationships and make a difference for the environment**

**Fun and Fellowship**

**Networking**

**Service Together**

**Positive Impact**

**Leadership Skills**

**Make a Difference**

Through Rotary you can build new relationships, make a difference for the environment, and develop leadership skills. Join over 1.2 million Rotarians worldwide in connecting people, transforming communities, and solving problems.

This is an exciting opportunity to be a part of starting a new, non-traditional Rotary club with a focus on environmental sustainability. The EcoClub will establish its own unique culture and traditions, and set service, fellowship and networking priorities that meet the interests of its members.

Regular meetings will be the first and third Tuesday of the month from 6:30 - 7:45 pm. Meeting location varies, so check Facebook event page.

*“Protecting the environment and curbing climate change are essential to Rotary’s goal of sustainable service. The time is long past when environmental sustainability can be dismissed as not Rotary’s concern. It is, and must be, everyone’s concern.”*

Rotary International Past President Ian Riseley

## What our charter members are saying about the EcoClub...

*"Rotary is so well-connected that we have resources to participate in important actions on a community level with respect to the environment. WE choose who and what we get to make a positive impact on. I think we will really be a key factor in the environmental movement."*

Jordann Hartzheim  
M & M Mortgage

*"I joined Rotary EcoClub because I was looking for an opportunity to connect with compelling individuals, learn more about environmental sustainability, and to play an active role in enhancing the community around me."*

Ellen Krueger  
Target

*"My heart has been calling me to the environment and waking up to how I can be of better service to the earth. This club has a specific focus on just this, so it is providing an opportunity to be a conduit for this type of committed service. This club is also new which I love, for it is a chance to be part of forming a foundation for a club and expanding the way in which we come together and serve together with people dedicated to similar earth-based service."*

Jason Cardwell  
Matrix Communications

*"I joined the EcoClub to make a difference, meet cool people, and develop professionally."*

Austin Campbell  
Christopher & Banks

*"The Lorax said, 'We need more people to speak for the trees'."*

Kim Lawler  
The Trust for Public Land

*"In the Rotary year ended June 2018 Rotarians worldwide were challenged to plant 1.2 million trees, one for every Rotarian, and exceeded that goal by planting 4.7 million trees worldwide. The EcoClub joined the other 61 clubs in District 5950 in planting 28,000 trees in Minnesota, ten for every Rotarian in the District. By joining the EcoClub you have an opportunity to make a difference."*
